003 – BACKGROUND

The San Antonio Metropolitan Health District (Metro Health) is the public health district for the City of San Antonio and unincorporated areas of Bexar County. Serving as a city-county health district, Metro Health is operated by the City of San Antonio (COSA). Through various funding streams, Metro Health manages evidence-based programs that offer preventive health services, community education, environmental health services, emergency preparedness, disease control, supplemental nutrition services, oral health, immunizations and clinical services to prevent communicable diseases. Metro Health became a nationally accredited health department in November 2019 and is eligible for continued accreditation in 2024.

Metro Health's Access to Care section was formed in 2021 as a part of the department's five-year strategic plan, SA Forward. The goal of Access to Care is to increase access to affordable, quality health care as an important factor in improving physical, social and mental health. The initiatives in this priority area address systemic barriers to patient-centered health care. A key initiative in this strategic area is the development of a Community Health Worker Hub to support community health workers, build capacity among organizations that employ them and deploy them in the community to address communities effected by barriers to care.

The capacity building strategies of the Community Health Worker Hub include the funding of “mini grants” to strengthen community health worker efforts of local organizations. Alongside this effort, the initiative deployed community health workers to support formerly incarcerated individuals experiencing barriers to care through the Unlocked Initiative. Each of these distinct strategies require the support of a skilled external evaluator to assist in creating mechanisms for data collection, maintaining records and reporting findings and providing technical evaluation support. Continued growth and success in these strategies requires the same level of support to maintain quality, data informed implementation.

004 - SCOPE OF SERVICE

Metro Health's Access to Care Section seeks the professional services of a contractor to provide evaluation services for the Community Health Worker Hub local organizations receiving “mini grant” funding for expansion/creation of innovative community health worker projects. Additionally, the selected contractor will provide evaluation services in support of the Unlocked Initiative, an initiative serving formerly incarcerated individuals. The contractor will provide evaluation services related to Unlocked Initiative's system for tracking encounters, self-reported health status and services rendered.

1. “Mini Grant” Funding Evaluation Services will include:
 - a) Developing a tool to identify key strategies of each mini grantee (up to five grantees).
 - b) Developing a tool to map connections between grantees to foster collaboration among the cohort.
 - c) Attending mini grant cohort meetings.
 - d) Developing quarterly report templates to develop measures for process evaluation.
 - e) Collecting quarterly reports from grantees, analyzing and compiling data for quarterly reports to Metro health.
 - f) Offering grantees technical assistance with data collection and reporting in cooperation with Metro Health and any additional contractors administering the grants and providing capacity building support.
 - g) Conducting program implementation interviews with grantees.
 - h) Providing a final summative evaluation report on the Access to Care's Community Health Worker Hub cohort reach and impact.

2. Unlocked Initiative Evaluation Services will include:

- a) Participating in planning meetings to outline program needs and necessary data to be collected for process evaluation to enhance program implementation upon contract initiation.
- b) Maintaining the existing data capture forms stored in an agreed upon database.
- c) Maintaining the data monitoring dashboard.
- d) Providing quarterly updates to database forms and dashboard.
- e) Submitting a summative evaluation report on the Unlocked Initiative to Metro Health.

CITY shall have the option to suspend Respondent's performance should there be a lapse in coverage at any time during this Agreement. Failure to provide and to maintain the required insurance shall constitute a material breach of this Agreement.

In addition to any other remedies CITY may have upon Respondent's failure to provide and maintain any insurance or policy endorsements to the extent and within the time required, CITY may order Respondent to stop work and/or withhold any payment(s) which become due to Respondent under this Agreement until Respondent demonstrates compliance with requirements.

Nothing contained in this Agreement shall be construed as limiting the extent to which Respondent may be held responsible for payments of damages to persons or property resulting from Respondent's or its subcontractors' performance of the work covered under this Agreement.

Respondent's insurance shall be deemed primary and non-contributory with respect to any insurance or self - insurance carried by City for liability arising out of operations under this Agreement.

"Business entity" includes an entity through which business is conducted with a governmental entity or state agency, regardless of whether the entity is a for-profit or nonprofit entity. The term does not include a governmental entity or state agency. (NOTE: The City of San Antonio should never be listed as the "Business entity".)

"Controlling interest" means: (1) an ownership interest or participating interest in a business entity by virtue of units, percentage, shares, stock, or otherwise that exceeds 10 percent; (2) membership on the board of directors or other governing body of a business entity of which the board or other governing body is composed of not more than 10 members; or (3) service as an officer of a business entity that has four or fewer officers, or service as one of the four officers most highly compensated by a business entity that has more than four officers. Subsection (3) of this section does not apply to an officer of a publicly held business entity or its wholly owned subsidiaries.

"Interested party" means: (1) a person who has a controlling interest in a business entity with whom a governmental entity or state agency contracts; or (2) an intermediary.

"Intermediary," for purposes of this rule, means, a person who actively participates in the facilitation of the contract or negotiating the contract, including a broker, adviser, attorney, or representative of or agent for the business entity who:

- (1) receives compensation from the business entity for the person's participation;
- (2) communicates directly with the governmental entity or state agency on behalf of the business entity regarding the contract; and
- (3) is not an employee of the business entity or of an entity with a controlling interest in the business entity.

Publicly traded business entities, including their wholly owned subsidiaries, are exempt from this requirement and are not required to submit Form 1295.
