LETTER OF INVITATION FOR PROPOSAL

NOTICE AND INVITATION

DATE: MAY 14, 2025

ATTENTION: PROSPECTIVE PROPOSER

SUBJECT: REQUEST FOR PROPOSAL No. PS130703

SOLICITATION TITLE: ZERO EMISSION BUS CHARGING INFRASTRUCTURE PROJECT FOR DIVISION 18 AND DIVISION 7

The Los Angeles County Metropolitan Transportation Authority ("**LACMTA**" or "**Metro**") has established a contracting opportunity to provide the following: Zero Emission Bus Charging Infrastructure Project for Division 18 and Division 7 (the "**Project**") under a Progressive Design-Build Operate and Maintain ("**PDBOM**") contract, as further described in this Request for Proposal. The Project is detailed in Exhibit 3 (*Project Requirements*) of the Contract.

Prospective Proposers are requested to submit to LACMTA a Proposal to deliver the Project, including all Work required for the performance of a Contract resulting from this Request for Proposal on a Progressive Design-Build Operate and Maintain basis.

Proposals in response to this solicitation must be submitted in sealed envelopes by mail or hand delivered to the address below and received by LACMTA no later than 2:00 p.m. on July 16, 2025. The only acceptable evidence to establish the time of receipt is the date/time stamp imprinted upon the Proposal package by the date/time recorder at the 9th floor procurement reception desk:

Los Angeles County Metropolitan Transportation Authority (LACMTA)
One Gateway Plaza
Los Angeles, CA 90012-2952
9th Floor Procurement Reception Desk
RFP No. PS130703

The 9th floor procurement reception desk is open Monday through Friday (except holidays) between the hours of 9:00 a.m. and 3:00 p.m.

The following must be included in the Proposal, as described in more detail in Section 3.2 (*Content, format, and organization*):

Volume	Content	Original (Printed)	Electronic Copies (USB)	Redacted Electronic Copy (if provided under Section 1.16(b))
Volume 1	Administrative Submittals	1	1	1
Volume 2	Phase 1 Proposal	1	1	1
Volume 3	Price Proposal	1	1	1

PROJECT DESCRIPTION AND PROJECT SCOPE

The Project will provide electric bus charging infrastructure at two bus operation and maintenance facilities to support LACMTA's commitment to deliver a 100% zero emission bus fleet.

- **Division 18:** located in Carson on the corner of South Figueroa Street and Griffith Street, consists of a transportation and maintenance building to the North, several ancillary structures and equipment to the East, and bus parking for 252 buses.
- **Division 7:** located in West Hollywood on the corner of Santa Monica Boulevard and San Vicente Boulevard. Consists of transportation, maintenance, ancillary buildings to the North, and bus parking for 237 buses.

The Contractor will identify, analyze, and propose bus charging concepts, and implement the selected electric bus charging infrastructure, to convert the bus parking areas at Division 18 and Division 7 to electric bus charging depots that consist of overnight depot charging along with additional high-capacity chargers.

Once constructed, the Contractor will provide operations and maintenance services for the charging infrastructure and charge management system for a base period of six years to ensure reliable operations and manage charging to meet daily service rollout and reduce utility costs for LACMTA.

As further described in the Letter of Invitation Supplement (Progressive Design-Build Operate and Maintain) and the Contract, the Work under the Contract is intended to be delivered in three phases: Phase 1 when design development and other preconstruction services will be performed, Phase 2 when final design development and construction work will be performed, and Phase 3 when operations and maintenance services will be performed.

ROLE OF FTA

The Project is financed in whole or in part with federal funds. All of the statutes, rules, and regulations promulgated by the federal government will apply to the Project.

ENVIRONMENTAL APPROVALS

Under the California Environmental Quality Act (CEQA), the LA Metro Division 18 Bus Depot Electrification Project is expected to receive statutory exemption status by December of 2025. The LA Metro Division 7 Bus Depot Electrification Project is expected to receive statutory exemption status under CEQA by December of 2025.

Under the National Environmental Policy Act (NEPA), a determination of categorical exclusion for the LA Metro Division 18 Bus Depot Electrification Project was received January 31, 2024. A determination of categorical exclusion for the LA Metro Division 7 Bus Depot Electrification Project under NEPA was received April 21, 2025.

The issuance of this RFP, receipt of Proposals in response to this RFP, and performance by either party of its obligations under the Contract shall not in any manner limit the Environmental Review Process, nor do such actions predetermine the outcome of the Environmental Review Process.

LACMTA (in conjunction with any joint lead agencies) retains exclusive control and decision-making authority over the Environmental Review Process.

Nothing in this RFP or the Contract shall commit LACMTA to any outcome under consideration as part of the Environmental Review Process. LACMTA will not proceed, nor permit the Contractor to proceed, with any activities that would prejudice completion of the Environmental Review Process in accordance with applicable law.

AVAILABILITY OF RFP DOCUMENTS

The RFP documents (including all Amendments) and notices and other documents related to such documents and the Project are available for download through LACMTA's Vendor Portal. Proposers are solely responsible for monitoring LACMTA's Vendor Portal, for receiving and reviewing all documents provided through LACMTA's Vendor Portal and for dissemination of all documents to the rest of the Proposer's team members.

BASIS OF AWARD

The Contract award will be made to the successful Proposer under Section 4.8 (*Determination of the successful Proposer*). LACMTA reserves its rights, including those identified in Section 2 (*General Instructions to Proposers*), IP-13 (*LACMTA Rights*), and to be the sole judge of the merits of the respective Proposals received.

CONTRACT

The form of Contract is included as part of this RFP.

PAYMENTS

The successful Proposer for this RFP that executes the Contract as the Contractor will be paid the Phase 1 Contract Price in accordance with the Contract. During Phase 1, LACMTA and the Contractor will negotiate the Phase 2 Contract Price (and the Early Works Package Contract Price for any Early Works Packages) and the Phase 3 Contract Price in accordance with the Contract. If a Phase 2 Supplement is agreed, the Contractor will be paid the Phase 2 Contract Price in accordance with the Contract. Prior to agreement of a Phase 2 Supplement, the Contractor and LACMTA may negotiate and agree to a Modification(s) to authorize Early Works Package(s), and if agreed, the Contractor will be paid the Early Works Package Contract Price under such Modification(s) in accordance with the Contract. If a Phase 3 Supplement is agreed, the Contractor will be paid the Phase 3 Contract Price in accordance with the Contract.

INDEMNITY

The Contract awarded pursuant to this RFP will contain indemnity provisions included in Article 27 (*Indemnity from the Contractor*) of the Contract, which will require the Contractor to indemnify LACMTA as set out in the Contract.

LIQUIDATED DAMAGES FOR DELAY

Liquidated damages for Delay may be assessed and recovered by LACMTA in accordance with Section 17.5 (*Liquidated damages for Delay*) of the Contract. The amount of the liquidated damages for Delay and matters for which they may be assessed under the Contract are set out in Section 17.5 (*Liquidated damages for Delay*) of the Contract.

DBE REQUIREMENTS

The Project will be funded in whole or in part with United States Department of Transportation ("USDOT") funds and will comply with LACMTA's Disadvantaged Business Enterprise Program requirements. LACMTA will not discriminate on the basis of race, color, national origin, or sex in the award and performance of any federally funded contract or in the administration of its DBE Program.

As set forth in the LETTER OF INVITATION SUPPLEMENT (FEDERAL) – PDBOM in Section 1 of this RFP, LACMTA has established DBE contract goals for this Project in the following percentages: twenty percent (20%) of the Phase 1 Contract Price; and, provided that LACMTA and the Contractor agree to proceed with any Phase 2 Work, nineteen percent (19%) of the Phase 2 Contract Price, and, provided that LACMTA and the Contractor agree to proceed with any Phase 3 Work, the percentage of the Phase 3 Contract Price notified by LACMTA in accordance with the Contract. It is LACMTA's policy to provide equal opportunity for DBE firms to compete on its federally-assisted contracts. Pursuant to the DBE Program, if the Proposer identifies subcontracting opportunities in the procurement process or during the performance of the Contract, LACMTA expects the Proposer to afford equal opportunities to available DBE firms.

For a List of Certified Firms please see Part B (*List of Certified Firms*) of Appendix K (*DBE Forms and Attachments*).

LETTER OF INVITATION SUPPLEMENT (FEDERAL) – PROGRESSIVE DESIGN-BUILD OPERATE AND MAINTAIN

Proposers are hereby notified that:

The Project will be funded with United States Department of Transportation funds and will comply with LACMTA's Disadvantaged Business Enterprise ("**DBE**") Program requirements. LACMTA will not discriminate on the basis of race, color, national origin, or sex in the award and performance of any federally funded contract or in the administration of its DBE Program.

A. LACMTA has established (or, in the case of the Phase 3 Work, anticipates establishing) the following Disadvantaged Business Enterprise contract goals ("**DBE contract goal**") for this Project:

- twenty percent (20%) of the Phase 1 Contract Price;
- provided that LACMTA and the Contractor agree to proceed with any Phase 2 Work, nineteen percent (19%) of the Phase 2 Contract Price; and
- LACMTA will establish the DBE contract goal(s) for the Phase 3 Work in accordance with the provisions of the Contract.

DBE contract goals apply to all DBE groups: African Americans, Asian Pacific Americans, Native Americans, Hispanic Americans, Subcontinent Asian Americans and non-Minority Women.

B. **For the Phase 1 Work:**

For a Proposal to be responsive at the time of award:

1. **Phase 1 Work:** The Proposer must meet or exceed the DBE contract goal for Phase 1 Work at the time of Proposal submission. The Proposer must list its DBE commitment percentage for the Phase 1 Work on the DBE Affidavit (DBE Form 2) and submit such DBE Affidavit with its Proposal. The Proposer shall list all DBE and non-DBE firms that will perform any portion of the Phase 1 Work on the Proposed Subcontractors & Suppliers form (DBE Form 1) to be submitted with its Proposal. The Proposer must include on DBE Form 1 the names and addresses, scopes of work to be performed, and dollar amount(s) committed for each DBE and non-DBE firm. If a Proposer's DBE commitment for the Phase 1 Work is less than the stated DBE contract goal, the Proposer must submit at time of Proposal submission its Good Faith Efforts (GFE) documentation, evidencing that it made adequate GFE to achieve the stated DBE contract goal.
2. **Contracting Outreach and Mentoring Plan:** A Contracting Outreach and Mentoring Plan ("**COMP**") is required for the Phase 1 Work. A Proposer must submit as part of its Proposal its COMP for the Phase 1 Work evidencing how it will achieve its listed DBE contract goals through the utilization of DBE firms for the Project. A Proposer shall include in its COMP creative strategies and innovative non-traditional approaches to include DBE firms in all phases of subcontracting, inclusive of a mentor protégé development approach. The COMP will be reviewed and approved by LACMTA prior to implementation by the Contractor under the

Contract and will be updated to include the Phase 2 Work (including Early Works Packages that are valued at \$25 million or more) and Phase 3 Work (as applicable) under the terms of the Contract. The Contractor must mentor a total of two DBE firm(s) in connection with the Phase 1 Work.

3. The DBE INSTRUCTIONS TO PROPOSERS (FEDERAL) provides guidelines on how DBE participation will be counted toward the DBE contract goals and guidelines for the DBE requirements. The DBE INSTRUCTIONS TO PROPOSERS (FEDERAL) also include the DBE forms that must be completed and submitted for all listed and known subcontractors with Proposals.
4. DBE firms for the Phase 1 Work must be certified under the California Unified Certification Program (CUCP) by the Proposal Due Date. A List of Certified DBE Firms is attached as Part B (*List of Certified Firms*) of Appendix K (*DBE Forms and Attachments*) for your convenience and may be used to assist with outreach efforts. An additional resource is the online CUCP database inclusive of certified DBEs from all certifying agencies participating in the CUCP. Access the CUCP database from the Department of Transportation, Civil Rights, Business Enterprise Program website at: <https://caltrans.dbesystem.com/>.
 - a. Click Search Directory of CUCP DBE Certified Firms
 - b. Click Search for Certified Firms
 - c. Click on Search for Certified Firms
 - d. Searches can be performed by one or more criteria
 - e. To search by NAICS Codes, click the Click to Lookup Commodity Codes
 - f. Follow instructions on the screen
5. **Outreach event for the Phase 1 Work:** A Proposer shall host at least one outreach event for the Phase 1 Work with the DBE and small business communities and stakeholders. The Proposer shall submit with its Proposal an assessment of the event(s) in its COMP and describe the plan to follow-up with DBE firms and the small business community after Contract award. **The outreach event shall be held at least 45 days prior to the Proposal Due Date.** Proposers are required to notify the Diversity & Economic Opportunity Department assigned Contract Compliance Officer of their DBE outreach event(s). LACMTA may attend as an observer but is not obligated to attend. Proposers are responsible for their own outreach to the DBE and small business community. LACMTA is willing to assist Proposers on their outreach efforts by posting event(s) advertisements to LACMTA outreach calendar of events.

C. For the Phase 2 Work (including Early Works Packages):

Under the Contract:

1. **Phase 2 Work:** LACMTA has established a DBE contract goal for the Phase 2 Work for the purposes of this RFP. The Contractor will be required to commit to meet or exceed the DBE contract goal for the Phase 2 Work at the time of submission of its Phase 2 Proposal. At that time, the Contractor will be required to list its DBE commitment percentage on the DBE Affidavit (DBE Form 2) for the Phase 2 Work and submit such DBE Affidavit as part of its Phase 2 Proposal. The Contractor will be required to submit a list of all DBE and non-DBE firms for the Phase 2 Work in its Phase 2 Proposal, in accordance with the Contractor's listed commitment, as set out in the Contract. See Section 13.5 (DBE participation) of the Contract and the Diversity & Economic Opportunity Department Contract Compliance Manual (FTA: FED/ALT).
2. **Early Works Packages:** DBE participation is required for both Phase 2 Work performed under any Modifications for any Early Works Packages and under a Phase 2 Supplement for the Phase 2 Work. As part of any Early Works Package Proposal, the Contractor will be required to submit a DBE Affidavit (DBE Form 2) and list all DBE and non-DBE firms for the Early Works Package proposed to be performed under that Early Works Package Proposal.
3. **Contracting Outreach and Mentoring Plan:** If LACMTA and the Contractor agree to proceed with any portion of the Phase 2 Work, the Contractor will be required to mentor four DBE firm(s) in connection with the Phase 2 Work. The COMP is required to identify protégé DBE firms and to include the Phase 2 Work (including Early Works Packages that are valued at \$25 million or more) within its scope.

See Section 13.5(i) (Contracting Outreach and Mentoring Program (COMP)) of the Contract and the Diversity & Economic Opportunity Department Contract Compliance Manual (FTA: FED/ALT) for post award COMP requirements for Phase 2 Work.

For a Proposal to be responsive at the time of award:

4. **DBE Open-Ended Performance Plan:**

The Proposer must submit documentation establishing how the DBE contract goal for the Phase 2 Work will be met by developing and submitting a summary of the DBE Open-Ended Performance Plan ("**DBE OEPP**"). To be considered responsive, the summary DBE OEPP shall include:

- a. a stated commitment by the Proposer to meet or exceed the DBE contract goal for the Phase 2 Work (if and to the extent such Work is authorized by LACMTA in accordance with Article 2 (Term and Phased Work) and the other terms of the Contract);
- b. the Proposer's approach to working with LACMTA to identify DBE opportunities and ensure engagement of and outreach to, DBE firms regarding contracting opportunities for the Phase 2 Work;

- c. the anticipated types of subcontracting work or services that the Proposer intends to solicit DBE firms to perform with respect to the Phase 2 Work. This section of the summary should be consistent with the anticipated approach to the scopes of Phase 2 Work to be subcontracted and the scopes of Phase 2 Work to be self-performed described in the summary Subcontractor Bidding and Selection Plan submitted as part of the Phase 1 Proposal; and
- d. include an estimated timeframe in which actual DBE subcontracts for the Phase 2 Work would be executed (if and to the extent such Work is authorized by LACMTA in accordance with Article 2 (Term and Phased Work) and the other terms of the Contract). This should be consistent with the summary Schedule for the Phase 2 Work submitted as part of the Phase 1 Proposal.

Once the Contract is awarded, the Contractor shall prepare and submit for LACMTA review and approval a detailed DBE OEPP that is based on the DBE OEPP summary submitted by the Proposer with its Proposal. In accordance with the Contract, the DBE OEPP will continue to be revised and updated as project details and subcontracting opportunities evolve and LACMTA will provide ongoing monitoring and oversight to evaluate whether the Contractor is using good faith efforts to comply with the DBE OEPP and schedule. Additional DBE OEPP requirements are listed in the DBE INSTRUCTIONS TO PROPOSERS (FEDERAL) and the Contract Compliance Manual (FTA: FED/ALT).

D. For the Phase 3 Work:

LACMTA anticipates establishing a DBE goal(s) and setting other DBE requirements for the Phase 3 Work in accordance with the provisions of the Contract.

E. Generally applicable terms

1. **Goals in solicitation v. commitments in Proposal:** The level of DBE participation for the Phase 1 Work that the Proposer commits to in its Proposal becomes the successful Proposer's DBE contract commitment upon execution of the Contract. The DBE commitment for the Phase 1 Work will be listed in Section 13.5 (DBE participation) of the Contract and will be enforced by LACMTA. The level of DBE participation for the Phase 2 Work that the Contractor commits to in its Phase 2 Proposal (or an Early Works Package Proposal, as applicable) becomes the Contractor's DBE contract commitment upon execution of the Phase 2 Supplement (or a Modification for an Early Works Package, as applicable). The DBE commitment for the Phase 2 Work will be listed in the Phase 2 Supplement (or in the case of a commitment under an Early Works Package Proposal, in the applicable Modification for that Early Works Package) and will be enforced by LACMTA. The level of DBE participation for the Phase 3 Work that the Contractor commits to in its Phase 3 Proposal (or any Modification agreeing to the terms for the Phase 3 Work) becomes the Contractor's DBE contract commitment upon

execution of the Phase 3 Supplement (or Modification agreeing to the terms for the Phase 3 Work). The DBE commitment for the Phase 3 Work will be listed in the Phase 3 Supplement (or Modification agreeing to the terms for the Phase 3 Work) and will be enforced by LACMTA. LACMTA will monitor DBE commitments through the Contract term, as described in the Contract.

2. **LACMTA assurance:** LACMTA shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any federal-assisted contract or in the administration of its DBE program or the requirements of 49 C.F.R. Part 26 as amended.

LETTER OF INVITATION SUPPLEMENT (PROGRESSIVE DESIGN-BUILD OPERATE AND MAINTAIN)

1.1 Introduction

- (a) This RFP provides instructions to be followed by Proposers during the RFP Process and for preparation of Proposals in response to this RFP. Proposers and their respective Proposals must comply with these RFP requirements and Applicable Law. By submitting a Proposal, the Proposer agrees to the terms, conditions, and requirements contained in this RFP and Applicable Law.
- (b) Following Notice of Intent to Award, LACMTA intends, but is not bound, to enter into a Contract with the successful Proposer as the Contractor. This RFP includes the form of Contract.

1.2 Delivery of the Project

- (a) Following execution of the Contract in accordance with Section 4.9 (*Executing the Contract*), the Contractor will perform the Work in accordance with the Contract in three phases, as described more fully below and in the Contract:
 - (i) **Phase 1: Preconstruction services.** The Phase 1 Work will include: the development of three bus charging concepts that meet the design and operational performance requirements; the progression of the design of the selected concept; the development of a scope of work for the operations and maintenance of charging infrastructure; the development by the Contractor and LACMTA of the design for the Project up to the level required for each element of the Project under the Project Requirements; evaluate construction phasing alternatives; site investigations; the provision of recommendations regarding risk allocation, cost, and schedule; and preparation and submittal to LACMTA of a Phase 2 Proposal for the Phase 2 Work. This process is more fully described in Appendix I (*Contract Development*) and the Contract. As more fully described in the Contract, the Phase 1 Work will also include: participation in partnering workshops; design and estimate coordination meetings and formal milestone review meetings; recommendations for Early Works Packages; subcontracting plan development; coordination with Third Parties; interface coordination; and provision of community outreach support.
 - (ii) **Phase 2: Design and construction services.** LACMTA will issue a Notice to Proceed for Phase 2 if it accepts the Contractor's Phase 2 Proposal for the entire Phase 2 Work and determines that it is in the interest of LACMTA and the general public for LACMTA to continue to work with the Contractor. The Contract includes information regarding LACMTA's and the Contractor's rights and obligations in the event that LACMTA does not accept the Contractor's Phase 2 Proposal or issue a Notice to Proceed for Phase 2. If LACMTA accepts the Contractor's Phase 2 Proposal and issues a Notice to

Proceed for Phase 2, the Contract will be amended to incorporate the accepted Phase 2 Proposal and the Contractor will be required to perform the Phase 2 Work consistent with the requirements of the Contract, including: completion of any Design Work not included in the Phase 1 Work; design services during construction, including the review of submittals and shop drawings, responses to RFIs, preparation of as-builts and site observation by the design team; site preparation work; the procurement of materials and equipment; interface coordination; continued coordination with Third Parties; provision of community outreach support; the construction of all elements of the Project; and the provision of warranty services.

- (iii) **Phase 3: Operations and maintenance services.** LACMTA will issue a Notice to Proceed for Phase 3 if it accepts the Contractor's Phase 3 Proposal (or any other Modification that includes the Phase 3 Work) and determines that it is in the interest of LACMTA and the general public for LACMTA to continue to work with the Contractor. Phase 3 is currently anticipated to be for a six year base period. The Contract includes information regarding LACMTA's and the Contractor's rights and obligations in the event that LACMTA does not accept the Contractor's Phase 3 Proposal or issue a Notice to Proceed for Phase 3. If LACMTA accepts the Phase 3 Proposal (or any other Modification that includes the Phase 3 Work) and issues a Notice to Proceed for Phase 3, the Contract will be amended to incorporate the Phase 3 Proposal (or any other Modification that includes the Phase 3 Work) and the Contractor will be required to perform the Phase 3 Work consistent with the requirements of the Contract.

- (b) As more fully described in Appendix I (*Contract Development*) and the Contract, the Contractor will be required to commence performance of any Identified Early Works Package(s) during Phase 1 in advance of the full Notice to Proceed for Phase 2. LACMTA may authorize the performance of additional Early Works Packages during Phase 1 by issuing interim Notices to Proceed for Early Works Packages in advance of the full Notice to Proceed for Phase 2.

1.3 **Funding**

As of the date of this RFP and without limitation to LACMTA's right to amend or add funding sources, funding for this Project is expected to be provided through a combination of funds, including potential federal, state, and local funding sources.

1.4 **Request for Proposals**

(a) **Introduction**

- (i) LACMTA is seeking Proposals through this RFP for a Contractor to undertake the Project, as more particularly described in this RFP. Evaluation criteria and submittal requirements for Proposals are set out under this RFP,

including in Section 4 (*Evaluation criteria and evaluation process*) of this RFP.

- (ii) A Proposer will only be capable of being chosen as the successful Proposer if the Proposer is pre-qualified pursuant to Chapter 4-05 of Title 4 of the LACMTA Administrative Code. Requirements related to completion of Contractor Pre-Qualification Applications are set out in Section 2 (*General Instructions to Proposers*), IP-01 (*Pre-Qualification Requirements*) and Appendix J (*Pre-Qualification Application*).
- (iii) LACMTA is issuing this RFP in accordance with the provisions of Section 130242 of the California Public Utilities Code, as amended (the "**Statute**") and other applicable provisions of law. The Statute provides for a competitive procurement process that employs objective selection criteria, in addition to price.

(b) **Responsibility and liability**

Each Proposer is solely responsible and liable for:

- (i) all investigations and analyses related to its preparation of its Proposal for the Project, as more fully described in Section 1.11 (*Reference Documents and diligence*);
- (ii) preparation of its Proposal, including the costs of such preparation, in accordance with Section 3.6 (*Proposers' costs not reimbursable*); and
- (iii) complying with all requirements of this RFP.

(c) **RFP documents**

- (i) This RFP consists of the documents described below and any other documents that may be issued by Amendment (in each case, as such documents may be revised, amended, supplemented, or otherwise modified):
 - (A) Section 1: Letter of Invitation;
 - (B) Section 2: General Instructions to Proposers;
 - (C) Section 3: Proposal submittal requirements;
 - (D) Section 4: Evaluation criteria and evaluation process;
 - (E) Section 5: RFP Appendices; and
 - (F) Section 6: Form of Contract (including the Project Requirements and all other Exhibits).

- (ii) Except as otherwise expressly set out in this RFP, if there are any conflicts or inconsistencies among the terms and conditions of any of the documents comprising this RFP, the following will apply:
 - (A) with respect to matters of interpretation related to the RFP Process, the order of precedence will be as follows:
 - (aa) Sections 1 (*Letter of Invitation*), 3 (*Proposal submittal requirements*), 4 (*Evaluation criteria and evaluation process*), and 5 (*RFP Appendices*) will prevail over Section 2 (*General Instructions to Proposers*);
 - (bb) Sections 1 (*Letter of Invitation*), 3 (*Proposal submittal requirements*), and 4 (*Evaluation criteria and evaluation process*) will prevail over Section 5 (*RFP Appendices*); and
 - (cc) Sections 1 (*Letter of Invitation*) to Section 5 (*RFP Appendices*) will prevail over the Contract; and
 - (B) with respect to matters of interpretation related to the Project or the Contract, the Contract will prevail over the documents in any other part of this RFP.

1.5 Definitions

Definitions of capitalized terms used and not otherwise defined in Appendix A (*Definitions and Interpretation*) of this RFP are set out in the Contract. In the event of a conflict between the definitions contained in this RFP and the definitions contained in the Contract, unless the context provides otherwise, the Contract definitions will control with respect to matters of interpretation related to the Project or the Contract and the RFP definitions will control with respect to matters of interpretation related to the RFP Process.

1.6 Compliance with this RFP

Proposers must comply, and ensure that each Key Subcontractor complies, with this RFP throughout the RFP Process. Failure by a Proposer or a Key Subcontractor to comply with any of this RFP may result in:

- (a) disqualification of the Proposer, Key Subcontractor, or both from the RFP Process; and
- (b) a draw by LACMTA on the Proposer's Proposal Security, but only under the circumstances described in Section 3.5(b) (*Forfeiture of Proposal Security*).

1.7 Communications protocols

(a) **Proposer's Contact Person**

Each Proposer is solely responsible for notifying the Contract Administrator by email of the name, phone number, address and e-mail address of the Proposer's Contact Person as soon as possible after issuance of this RFP and for ensuring that the name and contact information for the Proposer's Contact Person is accurate and updated at all times during the RFP Process.

(b) **Improper communications and contact**

- (i) The rules set out in this Section 1.7(b) will apply to Proposers during the period beginning from the issuance of this RFP and ending at the conclusion of the RFP Process in order to promote a fair, competitive, and unbiased procurement process.
- (ii) For purposes of this Section 1.7(b):
 - (A) references to a Proposer include its Key Subcontractors and their respective representatives; and
 - (B) communications include face-to-face, telephone, facsimile, email, social media, hard copy written communications, or any other oral or written communications that LACMTA, in its sole discretion, concludes were intended to circumvent the restrictions set forth in this Section 1.7(b).
- (iii) Any substantiated allegation that a Proposer, or any employee, member, agent, consultant, advisor, representative, promoter, or advocate of the Proposer has engaged in prohibited communications or attempted to unduly influence the selection process in breach of this RFP, Applicable Law or other published LACMTA policy, code of conduct, or guideline may be cause for LACMTA to:
 - (A) disqualify the Proposer;
 - (B) cause the Proposer to forfeit its Proposal Security pursuant to Section 3.5(b) (*Forfeiture of Proposal Security*);
 - (C) disqualify the Proposer's employee, member, agent, consultant, advisor, representative, promoter, or advocate, from participating with the Proposer; and
 - (D) sue the Proposer for damages,in each case, in the sole discretion of LACMTA.

- (iv) LACMTA will not be responsible for any oral exchange or any other information or exchange that occurs outside of the official process specified in this Section 1.7.
- (v) Proposers must not have any direct or indirect communications regarding the Project or this RFP with:
 - (A) subject to Section 1.10 (*Limitations on participation on more than one Proposer team*), another Proposer;
 - (B) LACMTA; and
 - (C) any board members, representatives, employees, advisors, contractors, or consultants of the foregoing involved with the procurement of the Project (including those referenced in Section 1.8 (*Organizational conflicts of interest*)),

except for:

- (aa) with respect to Section 1.7(b)(v)(A), contacts made prior to Proposal submission that relate solely to bona fide inquiries regarding the formation of potential Proposer teams; and
 - (bb) communications expressly permitted by this RFP or as approved in writing in advance by LACMTA, in its sole discretion.
- (vi) Except as expressly permitted by this RFP or as approved in writing in advance by LACMTA, in its sole discretion, Proposers and their representatives, employees, advisors, contractors, or consultants must not communicate with the following stakeholders ("**Stakeholders**") regarding the Project or this RFP, including representatives, employees, members, advisors, contractors or consultants of such Stakeholders (provided that, with respect to consultants and advisors, such restrictions only apply to the extent any such consultant or advisor provides or has provided services related to the Project or this RFP):
 - (A) any political subdivision of the State or local government body or locality within the State that, in each case, may have an interest in the Project, including the City of Carson and the City of West Hollywood;
 - (B) the U.S. government, including USDOT and FTA;
 - (C) Utility owners providing services to the Worksite and/or with conflicting facilities requiring Utility Adjustments; and
 - (D) relevant environmental, regulatory, and permitting agencies.

- (vii) LACMTA will provide necessary intermediary coordination during the RFP Process between Proposers, on the one hand, and the Stakeholders, on the other hand. Information requests concerning Stakeholders should be sent to the Contract Administrator, who, in LACMTA's sole discretion, may arrange for general or separate meetings between one or more Stakeholders and the Proposers, or facilitate delivery of responses to questions by a Stakeholder. Any meetings will be available to all Proposers and will not include any confidential matters.
- (viii) Proposers must not engage in lobbying activities with respect to this RFP, the RFP Process and the Project or attempt to unduly influence the selection process. To that end, each Proposer must submit a Non Collusion Declaration in the form attached as Form 043 (*Non Collusion Declaration*) in Appendix C (*Administrative Submittal Instructions*). The Proposer, its Key Subcontractors, and any other team members must not undertake any of the prohibited activities identified in the Non Collusion Declaration.

(c) **Confidentiality and non-disclosure**

LACMTA may identify materials and information, including design specifications or construction documents that relate to transportation systems, transit stations, vehicles, communications, security systems, vulnerability assessments and contingency plans to be provided to Proposers as part of the RFP, the Contract or as part of a Reference Document, which LACMTA may designate as Critical Infrastructure Information (CII), Security Sensitive Information (SSI), or confidential information exempt from disclosure to the public or other unauthorized persons as provided under 6 C.F.R. Part 29, 49 C.F.R. Part 15, or California Government Code Section 7921.500 et seq. If LACMTA intends to make such information available to Proposers, LACMTA will require Proposers to execute Appendix H (*Form of Confidentiality and Non-Disclosure Agreement*) in order to access such information. LACMTA will provide further instructions as part of the RFP Process as required. LACMTA may also require Proposers to comply with additional protocols and procedures to ensure safeguarding of such information.

(d) **News releases**

Proposers must not issue news releases, internet postings, advertisements, or any other public communications pertaining to the Project without LACMTA's prior written approval, and then only in coordination with the Contract Administrator.

1.8 **Organizational conflicts of interest**

- (a) Organizational conflict of interest restrictions apply to this RFP Process. Organizational conflicts of interest are fact dependent and may arise in various situations or circumstances, including when:
 - (i) a contractor or subcontractor's previous work product, whether completed on behalf of LACMTA or another public or private entity, has been relied

upon or significantly influenced the specifications or statement of work for the upcoming project or contract;

- (ii) a contractor or subcontractor's previous work product, whether completed on behalf of LACMTA or another public or private entity, offered an opportunity for the contractor or subcontractor to make or influence findings with the intent of proposing on or participating in subsequent projects based on those findings;
 - (iii) a contractor or subcontractor is called upon to evaluate their own previous work product, whether it was completed on behalf of LACMTA or another public or private entity; or
 - (iv) prior responsibilities in service of LACMTA or another public or private entity yields access to confidential information that puts the contractor or subcontractor at a significant competitive advantage over any other potential proposer, and the confidential information is not otherwise available to, and cannot be made available to, other potential proposers.
- (b) As noted above, organizational conflicts of interest are fact dependent, and the party with the greatest access to the relevant facts as to whether a Proposer has an organizational conflict of interest will always be the Proposer itself. LACMTA is the ultimate arbiter of whether a Proposer has an organizational conflict of interest. LACMTA has determined that it is not appropriate for LACMTA to:
- (i) evaluate a particular Proposer's circumstances before receiving all the facts that would be included in a proposal;
 - (ii) give legal advice; or
 - (iii) make a business decision for a Proposer concerning participation in a procurement.
- (c) Proposers are prohibited from:
- (i) directly or indirectly obtaining any advice or engaging in discussions relating to the Project or the RFP Process from or with; or
 - (ii) including on its Proposer team,

any person or entity with an organizational conflict of interest.

Proposers are responsible for identifying any potential or actual organizational conflict of interests before obtaining any advice or engaging in any discussions relating to the Project or the RFP Process and when determining who to include within the Proposer team.

- (d) By submitting a Proposal, each Proposer agrees that if any perceived, potential, or actual organizational conflict of interest is discovered after the Proposer has

submitted its Proposal, the Proposer will make an immediate and full written disclosure to LACMTA that includes:

- (i) the names and contact information of the persons or entities to which the perceived, potential, or actual organizational conflict of interest relates;
 - (ii) a description of the perceived, potential, or actual organizational conflict of interest; and
 - (iii) a description of the action that the Proposer has taken, or proposes to take, to avoid or mitigate such perceived, potential, or actual organizational conflict of interest.
- (e) The process for responding to any LACMTA organizational conflict of interest finding shall be governed by LACMTA's organizational conflict of interest policies and procedures.

1.9 **Changes in Proposer's organization**

- (a) Subject to Section 1.9(b), a Proposer may add, delete, or substitute their team members and reorganize their team members during the RFP Process, unless the change would result in an organizational conflict of interest (as defined in Section 1.8 (*Organizational conflicts of interest*)).
- (b) A Proposer must not do any of the following after submission of its Proposal (or in the case where Proposers have been pre-qualified under a request for qualification, after submission of its statement of qualification) and prior to execution of the Contract:
 - (i) delete, substitute, or change the composition of the Proposer or any Key Subcontractor or change the role or scope of work of the Proposer or a Key Subcontractor, in each case as identified in its Proposal; or
 - (ii) otherwise reorganize its team to the extent that such reorganization would render the information provided in its Proposal inaccurate or incomplete,(each an "**Organizational Change**").
- (c) If a Proposer wishes to change any of the Key Personnel identified in its Proposal prior to execution of the Contract, the Proposer must submit to the Contract Administrator a written request for LACMTA's approval of the change as soon as possible. LACMTA will only consider requests that are based on circumstances beyond the Proposer's control. The Proposer must provide LACMTA with such information as LACMTA may require with respect to any proposed change, including the reasons for the change, the identity and qualifications (including a resume) of any new individual that is proposed to fulfill a Key Personnel position and evidence demonstrating that the changed Proposer team is of similar or higher standard. LACMTA is under no obligation to approve such requests and may

approve or disapprove such request in its sole discretion. Following execution of the Contract, any proposed changes to Key Personnel will be governed by the Contract.

1.10 Limitations on participation on more than one Proposer team

- (a) To ensure a fair and competitive procurement process, the Proposer (including any Proposer Members (if applicable)) is prohibited from participating, in any capacity, on another Proposer team during the RFP Process.
- (b) Other than the restriction under Section 1.10(a), LACMTA does not have any policy prohibiting sub-consultants or subcontractors from participating on more than one Proposer team.

1.11 Reference Documents and diligence

(a) LACMTA's provision of Reference Documents

LACMTA may provide Reference Documents for the purpose of providing information relating to the RFP Process or the Project to Proposers. A list of initial Reference Documents provided with this RFP is listed in Appendix G (*Reference Documents*). Reference Documents shall be made available at the following link: <https://www.dropbox.com/t/0mdkDeGnK9SpAuNU>.

(b) No representation and no liability

Except as otherwise expressly stated in the Contract:

- (i) LACMTA makes no representations or warranties with respect to the reliability, relevance, accuracy, completeness or fitness for any purpose of any of the Reference Documents and shall not be responsible or liable to any Proposer for any Loss or cause of action whatsoever suffered by a Proposer by reason of any use of information contained in or any action or forbearance in reliance on, a Reference Document.
- (ii) If a Proposer intends to use information contained in any Reference Document, it shall use the information at its own risk. A Proposer is solely responsible for determining which information is sufficiently reliable, relevant, accurate, complete and fit for Proposer to use for Proposer's intended purpose.
- (iii) LACMTA will not have any liability to any Proposer with respect to any failure to make available to the Proposer any materials, documents, drawings, plans or other information relating to the Project or the Work. The Reference Documents are subject to revision at any time but LACMTA is under no obligation to notify a Proposer of any such revisions.

For purposes of this Section 1.11(b), references to a Proposer include its Key Subcontractors and their respective representatives.

(c) **Due diligence**

By submission of a Proposal, the Proposer will, subject to this RFP and the Contract, be deemed to have satisfied itself as to:

- (i) the nature and extent of the risks to be assumed by the Contractor under the Contract; and
- (ii) the accuracy and adequacy of any information obtained from LACMTA or otherwise.

(d) **No reliance**

The Proposer acknowledges and confirms that it will not submit a Proposal on the basis of, and is not entitled to rely upon, any statement or representation (whether negligent, innocent, or otherwise) or warranty or other provision (whether oral, written, express, or implied) made or agreed to by LACMTA, any other LACMTA-Related Entity or any of their respective agents or employees, except the express written terms of this RFP or those repeated in the Contract, and the only remedy or remedies available with respect to any misrepresentation or untrue statement made to it will be any remedy available under the express terms of this RFP or the Contract (as applicable).

(e) **Remedies and liability**

Nothing in this Section 1.11 will:

- (i) prejudice the express rights and remedies and obligations and liabilities of the Contractor under the Contract; or
- (ii) exclude any liability that LACMTA or any of its agents or employees would otherwise have to the Proposer for any statements made fraudulently or in bad faith, or which constitute willful misconduct.

1.12 Performance and payment bonds

The Contract will require the Contractor to furnish performance and payment bonds for the Project satisfying the requirements of Applicable Law, meeting the requirements for performance and payment bonds typically provided for or otherwise appropriate for projects of a similar size and scope, and providing performance and payment bonds adequate to protect the interests of LACMTA in connection with all relevant aspects of the Contractor's Work.

Without limiting the foregoing, the Contractor will be required to obtain and deliver to LACMTA payment and performance bonds in compliance with Section 13.2 (*Performance and Payment Bonds*) of the Contract, including:

- (a) with respect to the Phase 1 Work, in an amount equal to 100 percent of the Phase 1 Contract Price;
- (b) with respect to any Early Works Package, in an amount equal to 100 percent of the Early Works Package Contract Price for that Early Works Package;
- (c) with respect to the Phase 2 Work, in an amount equal to 100 percent of the Phase 2 Contract Price; and
- (d) with respect to the Phase 3 Work, in amounts to be confirmed by LACMTA when required.

Additional information is provided in the Contract.

1.13 Qualification and licensing requirements

- (a) A contractor or subcontractor (as defined by California Labor Code section 1722.1) will not be qualified to bid on or be listed in a Proposal, subject to the requirements of California Public Contract Code section 4104, or engage in the performance of any public work contract, unless the contractor or subcontractor is currently registered and qualified to perform public work pursuant to California Labor Code section 1725.5.
- (b) At the time of its Proposal submission and at LACMTA's request following Proposal submission, including upon or prior to Notice of Intent to Award, the Proposer must provide to LACMTA evidence reasonably acceptable to LACMTA:
 - (i) of compliance with the requirements under Applicable Law described in Section 1.13(a);
 - (ii) that the Proposer or each member, as applicable, is qualified to do business in California; and
 - (iii) that the Proposer, or each member, as applicable, has a valid California State Contractor's License Classification A.
- (c) Proposers must not list a contractor or subcontractor (as defined by California Labor Code section 1777.1(g)) in the Proposal if that contractor or subcontractor is ineligible to bid or work on, or be awarded, a public works project pursuant to California Labor Code section 1777.1.

1.14 Project Labor Agreement

Prior to the Contractor's submission of the Phase 2 Proposal (or an Early Works Package Proposal where the Early Works Package Contract Price for any Construction Work to be performed under that Early Works Package is \$2.5 million or greater), LACMTA will determine whether the Construction Work for the Project will be subject to LACMTA's Project Labor Agreement (PLA) and/or Local Hire Initiative, and will Notify the Contractor of its determination and of the form of PLA and/or Local Hire Initiative that will apply. If

directed by LACMTA under the Contract, all Construction Work for the Project will be subject to LACMTA's Project Labor Agreement, as delivered to the Contractor by LACMTA under the Contract. If the Project Labor Agreement is applicable, the Contractor will be required to comply with the Project Labor Agreement; however, the Project Labor Agreement must not be construed as superseding California Labor Code requirements, nor any Applicable Law. The Proposer should be aware that there may be changes in Applicable Law after the effective date of the Project Labor Agreement. Further, the Contractor will be required to comply with a Construction Careers Policy and requirements for any relevant collective bargaining agreement. The Contractor is responsible for understanding Applicable Law affecting labor.

1.15 Questions and responses regarding this RFP

(a) Submission to LACMTA

- (i) Proposers may submit written comments, questions, or requests for clarification relating to this RFP (collectively, "**RFP Comments**") to LACMTA. Proposers are encouraged to submit RFP Comments as and when they are ready for submission, subject to Section 1.15(a)(ii)(F) and no later than ten Business Days prior to the Proposal Due Date or any earlier deadline for submission set out in the RFP Schedule.
- (ii) RFP Comments must be submitted to the Contract Administrator by email no later than the deadline for RFP Comments set out in Section 1.15(a)(i) utilizing the format set out in Appendix F (*RFP Comments Format*) and in accordance with the following:
 - (A) Proposers must submit RFP Comments in English and in Microsoft® Word, by insertion of the table format in email or in another equivalent editable form;
 - (B) the email submitted to the Contract Administrator shall have the subject line "PS130703 – RFP Comments – [Proposer Name]";
 - (C) subject to Section 1.15(b)(ii) (*Responses from LACMTA*), each RFP Comment should be written so it does not identify the Proposer in the body of the RFP Comment;
 - (D) LACMTA strongly encourages Proposers to consider relevance, brevity, and clarity when submitting RFP Comments. As such:
 - (aa) each RFP Comment should ideally address a single issue. If it is appropriate to address multiple issues, Proposers should consider dividing the RFP Comment into sub-comments with appropriate numbering/lettering (e.g., 1(a), 1(b), etc.), with each sub-comment set out in a separate row; and

- (bb) each RFP Comment should clearly indicate why it has been made;
- (E) each RFP Comment should:
 - (aa) be sequentially numbered, as set out in the form set out in Appendix F (*RFP Comments Format*);
 - (bb) identify the relevant document, section and page number or, if it is a general question, indicate so; and
 - (cc) indicate whether the RFP Comment is a Category 1, 2, 3, or 4 question as follows:

"**Category 1**" means a potential "**go/no-go**" issue that, if not resolved in a manner acceptable to the Proposer, will likely preclude the Proposer from submitting a Proposal;

"**Category 2**" means a major issue that, if not resolved in a manner acceptable to the Proposer, will significantly affect value for money or, taken together with the entirety of other issues, may preclude the Proposer from submitting a Proposal;

"**Category 3**" means an issue that may affect value for money, or another material issue, but is not at the level of a Category 1 and Category 2 issue;

"**Category 4**" means an issue that is minor in nature, such as a RFP Comment concerning a conflict between documents or within a document;
- (F) to the extent practical, substantively related RFP Comments should be submitted simultaneously; and
- (G) Proposers may include a proposed mark-up of the relevant part or parts of this RFP as part of and in support of, an RFP Comment, with the form set out in Appendix F (*RFP Comments Format*).

(b) **Responses from LACMTA**

- (i) LACMTA will endeavor to provide responses to RFP Comments submitted in accordance with Section 1.15(a) (*Submission to LACMTA*) within a reasonable period following receipt of the RFP Comments. LACMTA is not obligated to provide responses to any RFP Comments.
- (ii) Subject to Section 1.16 (*Public disclosure; Requests for disclosure of exempt information*), LACMTA will not share during the RFP Process and may provide nonbinding written responses individually to, those RFP Comments identified by a Proposer as containing confidential or proprietary

information. If a Proposer believes an RFP Comment contains confidential or proprietary information (including that the RFP Comment itself is confidential) that it desires not be made public, it may mark such RFP Comment as "confidential". LACMTA reserves the right to disagree with the Proposer's belief regarding the confidentiality or proprietary nature of the information, and to make said information public in the interest of maintaining a fair process or complying with Applicable Law. Under such circumstances, LACMTA will inform the Proposer in advance of any public release of a response to the RFP Comment and may allow the Proposer, within a time period set by LACMTA, to withdraw the RFP Comment, rephrase the RFP Comment, or have the RFP Comment answered non-confidentially. If a Proposer fails to respond to LACMTA within the time frame identified by LACMTA, such failure will be deemed to be consent from the Proposer allowing LACMTA to answer the RFP Comment non-confidentially.

- (iii) In responding to RFP Comments, LACMTA may rephrase them as it deems appropriate and may consolidate similar RFP Comments. LACMTA may also issue clarifications independent of any RFP Comments submitted by Proposers.
- (iv) LACMTA intends to publish RFP Comments and LACMTA's responses to such RFP Comments on LACMTA's Vendor Portal.
- (v) No oral or written response provided by LACMTA in connection with this RFP will be binding on LACMTA, nor will it change, modify, be relevant in interpreting, or waive the requirements of this RFP, except to the extent such response is included in an Amendment issued in accordance with Section 2 (*General Instructions to Proposers*), IP-06 (*Amendments*).

1.16 Public disclosure; Requests for disclosure of exempt information

(a) LACMTA use

Once submitted, Proposals, RFP Comments, and any other information or materials provided by Proposers shall be considered the property of LACMTA and may be returned at LACMTA's sole discretion. LACMTA has the right to use any or all ideas not protected by Intellectual Property rights that are presented in any Proposal, regardless of whether or not the relevant Proposer is selected or the relevant ideas become part of the Contract. Despite any Proposer copyright designations contained in a Proposal, LACMTA will have the right to make copies and distribute a Proposal internally and to comply with the provisions of the California Public Records Act, and any other public record or other disclosure requirements under the provisions of any State or United States statute or regulation, or rule or order of any court of competent jurisdiction.

(b) **Confidentiality and California Public Records Act compliance**

- (i) Once submitted, Proposals, RFP Comments, and any other information or materials provided by Proposers are generally considered public records under, and are subject to disclosure pursuant to, California Government Code Section 7920.000 et seq. ("**California Public Records Act**" or "**CPRA**"). Records may only be withheld pursuant to a qualifying exemption as specified in the California Public Records Act. As required by CPRA Section 7921.005, LACMTA at its discretion shall make the ultimate decision as to whether or not any Records qualify for an exemption from release pursuant to the California Public Records Act.
- (ii) Public Contract Code Section 22164 provides that information that is not otherwise a public record pursuant to the California Public Records Act shall not be open to public inspection. If a Proposer considers that any portion of its Proposal or any other information or materials that it submits contains information that is CPRA Exempt Material, the Proposer must:
 - (A) mark each document containing such information or materials "CPRA Exempt" in the header of each affected page (or, for partially affected pages, within the page in such a manner that makes clear where such information begins and ends);
 - (B) complete Attachment A (*CPRA Exempt Material Index*) to the Form of Proposal Letter in Appendix C (*Administrative Submittal Instructions*) ("**CPRA Exempt Material Index**");
 - (C) submit a separate electronic copy of its Proposal labeled "Zero Emission Bus Charging Infrastructure Project for Division 18 and Division 7: [Proposer Name] [Copy of Non-Confidential Portion of Proposal]" that excludes any records listed in the CPRA Exempt Material Index; or
 - (D) to the extent practical and for ease of disclosure, prepare and compile its Proposal such that any information marked as "CPRA Exempt" does not appear on the same page as non-confidential information.
- (iii) Blanket designations that do not identify the specific information or materials the Proposer believes is CPRA Exempt Material will not be acceptable, and may be cause for LACMTA to treat the entire Proposal or other submitted information as public information that does not include CPRA Exempt Material.
- (iv) No designation by a Proposer of information or materials as "CPRA Exempt" will be:
 - (A) binding on LACMTA; or

- (B) determinative of any issue relating to the application of, or treatment of such information or materials under, the California Public Records Act or any other Applicable Law.
- (v) LACMTA will not be obligated to advise Proposers as to the nature or content of documents that may qualify for a legal exemption from disclosure under the California Public Records Act.
- (vi) If LACMTA receives a California Public Records Act request with respect to all or a part of any information that a Proposer has identified as CPRA Exempt Material:
 - (A) At its sole discretion, LACMTA may determine that it will disclose all or a portion of the requested records to the requestor. Before disclosing records in response to such request, LACMTA will use reasonable efforts to inform the Proposer of its intention to provide such records. In the event the Proposer wishes to prevent disclosure of the requested records, the Proposer's sole recourse will be to independently pursue legal action to obtain a court order enjoining the disclosure of the requested records, in which event, LACMTA will at its sole discretion decide what legal action, if any, LACMTA will pursue in the context of the Contractor's legal action.
 - (B) LACMTA may determine that it will withhold all or a part of the requested records. The Proposer acknowledges that in such an event, the requestor could elect to pursue legal action against LACMTA to obtain a court order determining the requested records are not exempt from disclosure under the California Public Records Act, in which event, LACMTA will at its sole discretion decide what legal action, if any, LACMTA will pursue regarding the requestor's legal action.

1.17 Bid rigging

The U.S. Department of Transportation (USDOT) provides a toll-free hotline to report bid rigging activities. Use the hotline to report bid rigging, bidder collusion, and other fraudulent activities. The hotline number is (800) 424-9071. The service is available 24 hours 7 Days a week and is confidential and anonymous. The hotline is part of USDOT's effort to identify and investigate construction contract fraud and abuse and is operated under the direction of the USDOT Inspector General. Information may also be provided by emailing hotline@oig.dot.gov.

2. GENERAL INSTRUCTIONS TO PROPOSERS

IP-01 PRE-QUALIFICATION REQUIREMENTS

- (A) Pre-Qualification applies to primes, first tier subcontractors, and direct suppliers to LACMTA. Pre-Qualification is required for all firms not exempted from the process if their bid or proposal will exceed \$500,000 for non-Construction contracts. Pre-Qualification is required of all firms not exempted from the process regardless of amount for public works construction contracts. Failure to do so may cause your Proposal to be rejected as non-responsive.
- (B) Contractor Pre-Qualification Applications must be emailed to the Pre-Qualification Office at Pre-Qual@metro.net no later than the Proposal Due Date. DO NOT insert copies of pre-qualification documents in your Proposal. All first-tier subcontractors must be pre-qualified prior to performing any Work. The Contractor is responsible for ensuring a timely submittal of all Contractor Pre-Qualification Applications.
- (C) For contact information, please refer to Section 1 (*Letter of Invitation; Communication with LACMTA*). For detailed instructions, refer to the Contractor Pre-Qualification Application which can be downloaded from LACMTA's Pre-Qualification [website](#), or provided by the Pre-Qualification Office.

IP-02 CONTRACTOR REGISTRATION LAW (RESERVED)

IP-03 EXAMINATION OF RFP DOCUMENTS

- (A) All Proposals shall be submitted in strict accordance with the RFP documents.
- (B) Subject to Section 1.15 (*Questions and responses regarding this RFP*), copies of the solicitation and any and all LACMTA responses to written questions, requests for interpretation, and requests for clarification will be available as provided in this RFP. The Proposer is solely responsible for the examination of solicitation documents, reviewing all amendments, and comprehending all conditions that may impact the Proposal and the performance of the services should the Proposer be selected. Failure of the Proposer to examine and inform itself is at its sole risk.

IP-04 INTERPRETATION OF RFP DOCUMENTS

- (A) Requests for interpretation or clarification of the solicitation documents shall be submitted in writing. All written requests shall be submitted to the Contract Administrator. Any written responses to requests for interpretation or clarification provided by LACMTA under Section 1.15(b) (*Responses from LACMTA*) will be provided to all prospective Proposers.
- (B) To ensure that responses are provided to all prospective Proposers, inquiries shall be received at least ten Business Days prior to the Proposal Due Date or any earlier deadline for submission set out in the RFP Schedule. Where such interpretation or clarification requires a change in the solicitation documents, LACMTA will issue an amendment.

- (C) LACMTA shall not be bound by, and the Proposers shall not rely on for any purpose, any oral interpretation or oral clarification of the solicitation documents.

IP-05 COMMUNICATION WITH LACMTA OTHER THAN THE CONTRACT ADMINISTRATOR

Any written correspondence with the following support groups should include a copy to the attention of the Contract Administrator.

- (A) Pre-Qualification addressed in Section 2, IP-01 (*Pre-Qualification Requirements*), which should be directed to the Pre-Qualification Office as indicated in Section 1 (*Letter of Invitation; Communication with LACMTA*);
- (B) Diversity and Economic Opportunity, which should be directed to the Diversity & Economic Opportunity Department (DEOD) as indicated in Section 1 (*Letter of Invitation; Communication with LACMTA*); and
- (C) Ethics, which should be directed to the Ethics Department, as indicated in Section 1 (*Letter of Invitation; Communication with LACMTA*).

IP-06 AMENDMENTS

- (A) LACMTA reserves the right to revise the solicitation documents prior to the Proposal Due Date. Such revisions, if any, will be made by amendment to this RFP.
- (B) Proposers shall acknowledge receipt of all amendments to the solicitation documents in the Proposal Letter. Failure to acknowledge receipt of all amendments and to include all the requirements of the amendments in the Proposal may render the Proposal unacceptable and cause it to be rejected.
- (C) Prior to submitting the Proposal to LACMTA for consideration, each Proposer is responsible for checking LACMTA's Vendor Portal to ensure that it has received all applicable amendments.

IP-07 PREPARATION OF SUBMITTAL

- (A) Without limiting Section 3 (*Proposal submittal requirements*), the Proposal shall be formatted in accordance with the requirements specified in the solicitation documents. Proposers shall complete and submit all required forms in accordance with the directions specified in this RFP and on the forms provided herein. All required explanatory narratives and the supplementary data are to be included with the Proposal forms as indicated.
- (B) Proposals shall contain concise written materials that enable the reviewer to clearly understand the Proposer's capabilities.
- (C) Proposals shall specifically describe the Proposer's role and relationship to its proposed subcontractors and suppliers, and describe the work allocation and organizational controls interfaces with said proposed subcontractors and suppliers.

- (D) Pencil or erasable ink shall not be accepted. Initial all modifications made to the Proposer's entries and identify the Proposer's name on the top right of each page, or subcontractor's name when applicable. Liquid or dry correction materials shall not be used.
- (E) Failure to comply with the requirements outlined in these solicitation documents may render a Proposal incomplete and may cause rejection of the Proposal. This RFP does not commit LACMTA to enter into a contract nor does it obligate LACMTA to pay for any costs incurred in the preparation and submission of Proposals.

IP-08 MODIFICATIONS AND ALTERNATIVE PROPOSALS

- (A) Proposers are cautioned to limit exceptions, conditions, qualifications and limitations to the provisions of this RFP as they may be determined by LACMTA to cause the Proposal to be deemed non-responsive. Without limiting Section 4.2 (*Responsiveness review*), LACMTA may determine in its sole discretion whether a Proposal is responsive and reserves the right but assumes no obligation to waive deficiencies, informalities and irregularities to the maximum extent permitted by law.
- (B) The extent to which alternate proposals are permitted for this RFP is set out in Section 3.1 (*General submittal requirements*) of this RFP. If alternate proposals are permitted under Section 3.1 (*General submittal requirements*), Proposers submitting conforming proposals may submit alternate proposals to this RFP as complete separate offers, if the alternate proposals offer technical improvements or modifications that are to the overall benefit of LACMTA. LACMTA reserves the right to accept or reject any alternate proposal. Oral or telephonic proposals and/or modifications shall not be considered.

IP-09 SIGNING OF PROPOSAL AND AUTHORIZATION TO NEGOTIATE

- (A) An authorized representative with the full legal authority to commit the Proposer (the "**Proposer's Representative**") shall execute the Proposal Letter and all required Proposal forms and other solicitation documents.
- (B) If the Proposer is a joint venture or partnership, it shall submit with its Proposal a duly notarized Venturer or Partner-executed Irrevocable Power of Attorney that designates the Proposer's Representative and a copy of the properly executed Joint Venture or Partnership Agreement. The Proposer's Representative shall be empowered to execute the Proposal on behalf of the Proposer and to act for and bind the Proposer in all matters relating to the Proposal. The Irrevocable Power of Attorney and the Joint Venture or Partnership Agreement shall specifically state that each venturer or partner shall be jointly and severally liable for any and all of the duties and obligations of the Proposer that are assumed under any contract arising from the Proposal. The Proposer's Representative shall execute the Proposal on behalf of the joint venture or partnership in its legal name.
- (C) Proposers shall submit sufficient documentation to (1) establish the legal authority of the identified Proposer's Representative(s) to act on behalf of the Proposer, and (2) define the scope of the Proposer's Representative's authority.

IP-10 SUBMISSION OF PROPOSAL

- (A) LACMTA will accept Proposals submitted by the Proposer at the address and place shown in Section 1 (*Letter of Invitation; Notice and Invitation*), up to the date and time shown therein.
- (B) It is the Proposer's sole responsibility to see that its Proposal is received as required. LACMTA may leave unopened any Proposal received after the date and time for receipt of Proposals. Any such unopened Proposal may be returned to the Proposer.

IP-11 PROPOSAL EVALUATION PROCESS

- (A) LACMTA will review and evaluate the Proposals in accordance with the evaluation criteria under Section 4 (*Evaluation criteria and evaluation process*) and the requirements of the solicitation documents. Following the evaluation period, the Notice of Intent to Award will be sent to all proposers and posted on LACMTA's website.
- (B) Without limiting Sections 4.2 (*Responsiveness review*) and 4.3 (*Responsibility review*), during the Proposal evaluation period, staff shall determine if Proposals are responsive and Proposers are responsible. Responsiveness is defined to mean the Proposal must comply in all material respects with the RFP, as determined by LACMTA. Responsibility is defined as the apparent ability of the Proposer to meet and successfully complete the requirements of the Contract. Responsibility determination includes, but is not limited to, consideration of a Proposer's trustworthiness, the quality of past performance, financial ability, and fitness and capacity to provide the proposed services in a satisfactory manner. Proposers may be required by LACMTA to present further evidence that they have successfully performed similar services of comparable magnitude or provide other proof satisfactory to LACMTA that they are competent to successfully perform the services.
- (C) A debriefing is available to Proposers after award. Proposers must request the debriefing in writing within five Days of receipt of the Notice of Intent to Award. Any request for a debriefing should be addressed to the Contract Administrator.

IP-12 WITHDRAWAL OF SUBMITTAL (Reserved)

IP-13 LACMTA RIGHTS

LACMTA may investigate the qualifications and responsibility of any Proposer under consideration, inclusive of, but not limited to, the information provided in the Contractor Pre-Qualification Application, Proposal, or any other information available to LACMTA. LACMTA may require confirmation of information furnished by a Proposer, and require additional evidence of qualifications and responsibility to perform the services described in this RFP.

LACMTA reserves the right to take any of the actions below:

- (A) Reject any or all of the Proposals, at its discretion;
- (B) Remedy errors in the RFP;

- (C) Cancel the entire RFP;
- (D) Issue subsequent RFP;
- (E) Amend the RFP before and after receipt of Proposals;
- (F) Exercise its sole discretion to determine matters of responsiveness and issues that may be cured or addressed through evaluation of the criteria and sub-criteria identified in the RFP, and request further or additional information from any or all Proposers;
- (G) Appoint evaluation committees to review Proposals;
- (H) Seek the assistance of outside technical experts to review Proposals;
- (I) Request clarification from any or all Proposers of any information contained in Proposals;
- (J) Conduct discussions with any or all of the Proposers;
- (K) Approve or disapprove the use of particular subcontractors and suppliers;
- (L) Establish a list of Proposers within a competitive range for purposes of oral presentations, discussions, or negotiations;
- (M) Solicit best and final offers (BAFO) from all or some of the Proposers;
- (N) Negotiate with any, all or none of the Proposers;
- (O) Award a contract to one or more Proposers;
- (P) Accept other than the lowest priced Proposal;
- (Q) Disqualify the Proposal(s) upon evidence of an organizational conflict of interest, false or misleading certifications or representations in its Proposal, or collusion with intent to defraud or other illegal practices on the part of the Proposer(s);
- (R) Waive any informalities or irregularities in any Proposal, to the extent permitted by law;
- (S) Award a contract without interviews, discussions or negotiations;
- (T) Require, as a condition to the award of any contract, security from Proposers for the full and faithful performance and completion of the contract in a form determined by LACMTA in its sole discretion, including without limitation payment bonds, performance bonds, letters of credit and guarantees from shareholders of the Proposer or otherwise;
- (U) Require, in its sole discretion, Proposers to provide current cost and pricing data;
- (V) Examine any books, records, accounts and other documents of any Proposer as it relates to the Proposal; and
- (W) Accept, reject, or negotiate the terms of any alternate Proposal.

IP-14 CALIFORNIA PUBLIC RECORDS ACT

- (A) Responses to this RFP are subject to the provisions of the California Public Records Act (California Government Code Section 7920.000 et seq.).
- (B) Any documents, including financial records, provided by the Proposer/Contractor to LACMTA marked "CPRA Exempt" shall be handled in accordance with Article 4 (*California Public Records Act*) of Exhibit 4 (Regulatory Requirements) of the Contract.

IP-15 DISQUALIFICATION OF PROPOSERS

- (A) The provisions of Title 4, Procurement, and Title 5, Ethics, of the LACMTA Administrative Code apply to this solicitation, including Section 5-20-130, which prohibits organizational conflicts of interest in procurement. LACMTA has chosen to adopt federal rules regarding Organizational Conflict of Interest for this solicitation. See latest version of FTA Circular 4220.1.G. Any person, firm, corporation, joint venture or partnership, or subcontractor determined to have an organizational conflict of interest is subject to disqualification. Award of this Contract may result in the successful Proposer's ineligibility to participate in certain future contracts due to organizational conflict of interest.
- (B) After the RFP is issued, any person, firm, corporation, joint venture or partnership, or other interested party that has discussions regarding this RFP with anyone at LACMTA other than the Contract Administrator, may be considered to have gained an unfair competitive advantage, except for communications with LACMTA permitted under Section 1 (*Letter of Invitation; Communication with LACMTA*) and Section 1.7 (*Communications protocols*). Proposers shall comply with the LACMTA Lobby Ordinance and LACMTA Contractor's Code of Conduct. Non-compliance with these regulations could lead to disqualification.

IP-16 FILING OF PROTESTS

- (A) All protests must be filed and resolved in accordance with LACMTA's Protest Procedures.
- (B) Appeals from the denial of Pre-Qualification must be filed and resolved in accordance with LACMTA's procedures for Appeal of Pre-Qualification Denial under Section 4-05-140 of Metro's Administrative Code (available for download at LACMTA's Pre-Qualification website).

IP-17 EVALUATION CRITERIA

This solicitation incorporates the evaluation criteria document(s). Please see Section 4 (*Evaluation criteria and evaluation process*) of this RFP for the full text of the evaluation criteria document(s).

IP-18 BIDDERS LIST FORM

- (A) In accordance with 49 C.F.R. 26.11(c), LACMTA is required to maintain a bidders list, consisting of all firms proposing on prime contracts and bidding or quoting subcontracts, who seek an award or participation on LACMTA contracts funded in whole or in part with

federal funds. DBE Form 5 (Bidders List Form) of Part A (*DBE Forms*) of Appendix K (*DBE Forms and Attachments*) is a compilation of bidders, proposers, quoters, subcontractors, manufacturers, and suppliers of materials who have submitted bids or other offers to the Proposer's team during the advertising period of a specific contract.

- (B) If the LOI identifies this RFP as federally funded, all businesses are required to complete and submit a Bidders List Form when submitting a bid, proposal, or quote directly to LACMTA.
- (C) Proposers must ensure that all quoting subcontractors, suppliers and manufacturers included in Proposer's response to LACMTA complete and submit a Bidders List Form.
- (D) Bidders List Forms are due at time of Proposal Due Date as provided in the LETTER OF INVITATION. Failure to submit the Bidders List Form(s) may deem the Proposer nonresponsive.
- (E) LACMTA will use the Bidders List Form to identify the universe of DBE and non-DBE contractors and subcontractors who seek to work on LACMTA contracts for use in establishing LACMTA overall goals.

DBE INSTRUCTIONS TO PROPOSERS (FEDERAL)

SECTION 100 - DBE PROGRAM

100 FEDERAL OBLIGATION:

This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, *Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*.

101 LACMTA POLICY STATEMENT: It is LACMTA's policy to provide equal opportunity for Disadvantaged Business Enterprises (DBE), as defined in 49 C.F.R. Part 26, to receive and participate on USDOT-assisted contracts. It is also our policy to:

- A. Ensure nondiscrimination in the award and administration of USDOT-assisted contracts;
- B. Create a level playing field on which DBEs can compete fairly for USDOT-assisted contracts;
- C. Ensure that LACMTA's DBE program is narrowly tailored in accordance with applicable law;
- D. Ensure that only firms that meet 49 C.F.R. Part 26 eligibility standards are permitted to participate as DBEs;
- E. Help remove barriers to the participation of DBEs in USDOT-assisted contracts; and
- F. Assist the development of firms that can compete successfully in the marketplace outside the DBE program.

102 INTERPRETATION:

Any conflict, error, omission or ambiguity which may arise between these instructions and the federal regulations or the above-mentioned DBE Program obligation, shall be resolved first in favor of the federal regulations and second the DBE Program. Failure of a Proposer, its Subcontractors, consultants, Suppliers or other entities to carry out these requirements may be grounds for LACMTA to implement administrative penalties or other remedies imposed by LACMTA.

103 SUSPENSION OR DEBARMENT:

Suspension or debarment proceedings may be initiated by LACMTA against any firm that:

- A. Attempts to participate in a USDOT-assisted program as a DBE and does not meet the eligibility criteria stated in the certification standards for DBE programs; or on the basis of false, fraudulent or deceitful statements; or under circumstances indicating a serious lack of business integrity or honesty.

- B. Attempts to use false, fraudulent or deceitful statements, or representations in order to meet its DBE administrative requirements or uses another firm that does not meet the DBE eligibility criteria stated in the certification standards.

In accordance with 49 C.F.R. 26.107, USDOT may take action itself through its Fraud and Civil Remedies Program or refer the matter to the Department of Justice for prosecution under appropriate criminal statutes.

LACMTA may refer any false, fraudulent, or dishonest conduct to the attention of the Department of Transportation in connection with the DBE program, so that USDOT can take the steps (e.g., referral to the Department of Justice for criminal prosecution, and/or referral to the USDOT Inspector General, action under suspension and debarment or Program Fraud and Civil Penalties rules).

104 LACMTA OVERALL DBE GOAL:

LACMTA has established a triennial overall DBE goal for DBE participation. To ascertain whether the overall DBE goal is being achieved, LACMTA will monitor Contractor's DBE commitments and will track the payments to all firms (DBE and Non-DBE).

105 DBE MEASURES:

DBE Measures for FTA funded contracts include setting DBE contract goals for the participation of DBE groups found in LACMTA's Disparity Study to have significant statistical disparity in LACMTA contracting. The DBE groups are African Americans, Asian Pacific Americans, Native Americans, Hispanic Americans, Subcontinent Asian Americans, and Women (including Caucasian Women).

SECTION 200 - DBE PARTICIPATION

Sections 201, 202, 203, and 205 apply to the Phase 1 Work.

200 DBE CONTRACT GOAL:

DBE contract goals are established based on the analysis of the scope of work, and the availability of DBE firms that are ready, willing, and able to perform. If established, the DBE contract goal(s) is listed in the "Letter of Invitation Supplement" contained in this RFP.

If a DBE contract goal(s) is not established, Proposers are encouraged to utilize DBE firms when opportunities are available during the performance of the Contract. The successful Proposer will be required to report DBE participation throughout the period of performance. DBE participation obtained when a DBE contract goal is not established is counted as RN participation.

201 RESPONSIVENESS TO CONTRACT GOAL:

If a DBE contract goal is established for the Phase 1 Work, obtaining the DBE contract goal is a matter of responsiveness. Proposers are required to document sufficient DBE

participation to meet the DBE contract goals or, alternatively, document adequate good faith efforts (GFE). Proposers shall provide the following:

- A. Names and addresses of DBE firms that will participate in the Phase 1 Work;
- B. Description of the work each DBE will perform. To count toward meeting the DBE contract goal, each DBE firm must be certified in a NAICS code applicable to the scope of work the firm would perform on the Contract;
- C. Dollar commitments of each DBE firm participating;
- D. Written documentation of the Proposer's commitment to use a DBE Subcontractor whose participation it submits to meet the DBE contract goal;
- E. Written confirmation of the Contractor's commitment to each listed DBE, including the scope(s) of work and dollar commitment; and
- F. If the DBE contract goal is not met, evidence of good faith efforts must be submitted by the Proposal Due Date. Documentation of good faith efforts shall include copies of all DBE and non-DBE Subcontractor quotes submitted to the Proposer, when a non-DBE Subcontractor is selected over a DBE Subcontractor for scopes of work identified (refer to Section 400 (*Requirements*)). In addition, the Proposers shall submit the Bidder/Proposer Notarized Certification of Good Faith Efforts (*DBE Attachment H*) of Appendix K (*DBE Forms and Attachments*) with their GFE documentation.

202 CONTRACTOR ASSURANCE:

The Proposers shall make the following assurance and shall, after Contract award, include this assurance verbatim in each Subcontract and/or purchase agreement awarded to both DBE and non-DBE Subcontractors, Suppliers, truckers, and brokers:

Contractors, subrecipients, or subcontractors shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. Part 26 in the award and administration of DOT-assisted contracts.

Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as LACMTA deems appropriate, which may include, but is not limited to:

- 1. Withholding monthly Progress Payments;
- 2. Assessing sanctions;
- 3. Liquidated Damages; and/or
- 4. Disqualifying the Contractor from future participation as non-responsible.

203 DBE FORMS:

Proposer shall submit DBE Forms 1 through 7 for the Phase 1 Work with its Proposal:

DBE Form 1 Proposed Subcontractors & Suppliers (Phase 1)

DBE Form 2 DBE Affidavit (Phase 1)

DBE Form 3 Business Data Sheet (Phase 1)

DBE Form 4 DBE Affirmation (Phase 1)

DBE Form 5 Bidders List Form (Phase 1)

DBE Form 6 DBE Regular Dealer/Distributor Affirmation Form (Phase 1)

DBE Form 7 Protégé Pre-Assessment Form (Phase 1)

Proposer shall provide, as part of its Proposal in response to this RFP, a complete listing of DBE and non-DBE Subcontractors that will perform any portion of the Phase 1 Work, together with a description of their scope of work and dollar value of their participation.

204 DBE INFORMATION:

Proposers are informed of the following:

- A. DBE firms must be certified by the California Unified Certification Program (CUCP) in accordance with Section 500 (*DBE Certification Requirements*).
- B. DBE firms must be certified in the North American Industry Classification System (NAICS) code(s) representing the scope(s) of work listed for DBE credit.
- C. DBE firms listed to meet the DBE contract goal for the Phase 1 Work must be actively DBE certified by the CUCP at the time of the Proposal Due Date and be certified in the NAICS code(s) for the services they are listed to provide.
- D. A DBE firm may participate as a prime contractor, subcontractor, joint venture partner with a prime or Subcontractor, vendor of material or supplies, or as a trucking company. Proposers are encouraged to consider achieving the DBE contract goal by purchasing materials and commodities from DBE firms.
- E. A DBE joint venture partner must be responsible for performing a clearly defined scope of work. DBE joint venture partners must actually perform, manage, and supervise the work with its own forces; and share in the capital contribution, control, management, risks, and profits of the joint venture commensurate with its ownership interest.
- F. DBE firms must perform a commercially useful function, by being responsible for the execution of a distinct element of the work and must carry out its responsibility

by actually performing, managing, and supervising at least thirty percent (30%) of its listed work with its own workforce, in accordance with Section 300 (*Commercial Useful Function and Counting DBE Participation*).

205 REPLACEMENT OF A DBE FIRM:

Prior to Contract award, if a Proposer lists a DBE firm that was denied pre-qualification, the Proposer shall replace the DBE firm with another DBE firm. The Proposer shall notify the Diversity & Economic Opportunity Department of this occurrence and shall obtain prior written approval for replacement of the DBE firm.

To the extent that LACMTA permits a pre-award deletion or replacement of DBE firm(s) put forward by a Proposer as part of discussions or any best and final offer, the Proposer shall give notice in writing to the applicable firm, with a copy to LACMTA, of its intent to request to delete or replace. The Proposer must give the DBE firm five Days to respond to its notice advising LACMTA and the Proposer of the reasons, if any, why it objects to the proposed deletion or replacement and why LACMTA should not approve the Proposer's action. Proposer shall seek to replace the DBE firm with another DBE firm.

Proposer shall document good faith efforts to replace the DBE firm by following the good faith efforts steps outlined in Section 400 (*Good Faith Efforts*).

A Proposer's inability to find a replacement DBE firm at the original price is not alone sufficient to support a finding that good faith efforts have been made to replace the original DBE firm. The fact that the Proposer has the ability and/or desire to perform the Work with its own forces does not relieve the Proposer of the obligation to make good faith efforts to find a replacement DBE, and it is not a sound basis for rejecting a prospective replacement DBE firm's reasonable quote.

The Proposer shall obtain written approval from DEOD prior to adding, replacing, or terminating a DBE firm.

SECTION 300 - COMMERCIAL USEFUL FUNCTION AND COUNTING DBE PARTICIPATION

300 COMMERCIAL USEFUL FUNCTION:

To receive DBE participation credit towards the DBE commitments, DBE firm(s) must perform a commercially useful function (CUF). A DBE firm must perform at least thirty percent (30%) of its listed work with its own workforce or must not subcontract a greater portion of the work than would be expected on the basis of normal industry practices for that type of work. A DBE firm performs a CUF when it is responsible for a clearly defined and distinct scope of work. DBE firms must be responsible for the execution of the work and carrying out its responsibilities by actually performing, managing, and supervising the work involved and normal industry practices.

LACMTA will count DBE participation, for firms performing a CUF, in accordance with 49 C.F.R. 26.55. When a DBE firm participates in a contract, LACMTA will count only the value of the work actually performed by the DBE firm toward the DBE commitment.

1. DBE as the Prime Contractor: One-hundred percent (100%) DBE credit for that portion of the work performed by the DBE firm's own forces, including the cost of materials and supplies, for a construction contract, obtained by the DBE firm for the work under this Contract, including supplies purchased or equipment leased by the DBE firm (except supplies and equipment the DBE firm purchases or leases from the Contractor or its affiliates). When a DBE firm subcontracts part of the work under its contract to another firm, the value of the subcontracted work may be counted toward the DBE commitment only if the DBE firm's subcontractor is itself a DBE firm. Work that a DBE firm subcontracts to a non-DBE firm does not count toward the DBE commitment.
2. DBE as a Joint Venture Contractor: One-hundred percent (100%) credit for that portion of the total dollar value of this Contract equal to the distinct, clearly defined portion of the work performed by the DBE firm's own forces.
3. DBE as a Subcontractor: One-hundred percent (100%) credit for the work of the subcontract performed by the DBE firm's own forces, including the cost of materials and supplies, excluding the purchase of materials and supplies or the lease of equipment by the DBE firm from the prime Contractor or its Affiliates. Work that a DBE Subcontractor in turn subcontracts to a non-DBE firm does not count toward the DBE commitment.
4. Counting Expenditures with DBEs for Materials or Supplies:
 - a. If the materials or supplies are obtained from a DBE manufacturer, count one-hundred percent (100%) of the cost of the materials or supplies toward the DBE commitment.
 - i. A manufacturer is a firm that owns (or leases) and operates a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications. Manufacturing includes blending or modifying raw materials or assembling components to create the product to meet contract specifications. When a DBE makes minor modifications to the materials, supplies, articles, or equipment, the DBE is not a manufacturer. Minor modifications are additional changes to a manufactured product that are small in scope and add minimal value to the final product.
 - b. If the materials or supplies are purchased from a DBE regular dealer, count sixty percent (60%) of the cost of the materials or supplies (including transportation costs) toward the DBE commitment.
 - i. A regular dealer is a firm that owns (or leases) and operates, a store, warehouse, or other establishment in which the materials, supplies, articles, or equipment of the general character described by the specifications and required under the contract are bought, kept in

sufficient quantities, and regularly sold or leased to the public in the usual course of business. Items kept and regularly sold by a DBE firm are of the "general character" when they share the same material characteristics and application as the items specified by the contract.

1. To be a regular dealer, the DBE firm must be an established business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A DBE supplier performs a CUF as a regular dealer and receives credit for sixty percent (60%) of the cost of materials or supplies (including transportation costs) when all, or at least fifty-one percent (51%) of, the items under a purchase order or Subcontract are provided from the DBE firm's inventory, and when necessary, any minor quantities delivered from and by other sources are of the general character as those provided from the DBE firm's inventory.
 2. A DBE firm may be a regular dealer in such bulk items as petroleum products, steel, concrete or concrete products, gravel, stone, or asphalt without owning and operating a place of business if the DBE firm both owns and operates distribution equipment used to deliver the products. Any supplementing of regular dealers' own distribution equipment must be by a long-term operating lease and not on an ad hoc or contract-by-contract basis.
 3. A DBE supplier of items that are not typically stocked due to their unique characteristics (e.g., limited shelf life or items ordered to specification) will be considered in the same manner as a regular dealer of bulk items in the Section above. If the DBE supplier of these items does not own or lease distribution equipment, as described above, it is not a regular dealer.
 4. Packagers, brokers, manufacturers' representatives, or other persons who arrange, facilitate, or expedite transactions are not regular dealers within the meaning of this Section.
- c. If the materials or supplies are purchased from a DBE distributor that neither maintains sufficient inventory nor uses its own distribution equipment for the products in question, count forty percent (40%) of the cost of materials or supplies (including transportation costs).
- i. A DBE distributor is an established business that engages in the regular sale or lease of the items specified by the contract. A DBE distributor assumes responsibility for the items it purchases once they leave the point of origin (e.g., a manufacturer's facility), making it liable for any loss or damage not covered by the carrier's insurance. A DBE

distributor performs a CUF when it demonstrates ownership of the items in question and assumes all risk for loss or damage during transportation, evidenced by the terms of the purchase order or a bill of lading (BOL) from a third party, indicating Free on Board (FOB) at the point of origin or similar terms that transfer responsibility of the items in question to the DBE distributor. If these conditions are met, DBE distributors may receive forty percent (40%) for drop-shipped items. Terms that transfer liability to the distributor at the delivery destination (e.g., FOB destination), or deliveries made or arranged by the manufacturer or another seller do not satisfy this requirement.

- d. With respect to materials or supplies purchased from a DBE that is neither a manufacturer, a regular dealer, nor a distributor, count the entire amount of fees or commissions charged that are deemed to be reasonable, including transportation charges for the delivery of materials or supplies. Do not count any portion of the cost of the materials and supplies themselves.
 - e. LACMTA will determine the amount of credit awarded to a DBE firm for the provision of materials and supplies (e.g., whether a firm is acting as a regular dealer, distributor, or a transaction facilitator) on a contract-by-contract basis.
 - f. Firms listed as a Regular Dealer (Material Supplier) or Broker in the Contractor's Proposal must complete and submit a DBE Regular Dealer/Distributor Affirmation Form (DBE Form 6) with the Proposal.
5. DBE as a Trucker: LACMTA will use the following factors when counting DBE participation for a DBE trucking company:
- a. The DBE firm must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting the DBE commitment.
 - b. The DBE firm must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
 - c. The DBE firm receives credit for the total value of the transportation services it provides on the contract using trucks it owns, insures, and operates using drivers it employs.
 - d. The DBE firm may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE firm. The DBE firm who leases trucks from another DBE firm receives credit for the total value of the transportation services the lessee DBE firm provides on the contract.
 - e. The DBE firm may also lease trucks from a non-DBE firm, including from an owner-operator. The DBE firm that leases trucks equipped with drivers from

a non-DBE firm is entitled to credit for the total value of transportation services provided by non-DBE firm leased trucks equipped with drivers not to exceed the value of transportation services on the contract provided by DBE firm-owned trucks or leased trucks with DBE employee drivers. Additional participation by non-DBE owned trucks equipped with drivers receives credit only for the fee or commission it receives as a result of the lease arrangement.

- f. The DBE firm may lease trucks without drivers from a non-DBE truck leasing company. If the DBE firm leases trucks from a non-DBE truck leasing company and uses its own employees as drivers, it is entitled to credit for the total value of these hauling services.
- g. For the purposes of determining whether a DBE trucking firm is performing a commercially useful function, a lease must indicate that the DBE firm has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE firm, so long as the lease gives the DBE firm absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE firm.

SECTION 400 - GOOD FAITH EFFORTS

Sections 400 to 404 apply to the Phase 1 Work. Section 405 applies to the Phase 2 Work.

400 REQUIREMENTS:

Proposers are reasonably expected to take active and aggressive measures sufficient to meet the DBE contract goal for Phase 1, even if not fully successful. LACMTA will consider whether the quality, quantity, volume, and intensity of the efforts were sufficient to meet the DBE contract goal. Mere pro forma efforts are not good faith efforts and are not sufficient to meet the DBE contract goal requirements. Only those efforts made prior to the Proposal Due Date shall be considered for GFE evaluation. The "Bidder/Proposer Notarized Certification of Good Faith Efforts" (DBE Attachment H) must be submitted at the Proposal Due Date if the Proposer did not meet the DBE contract goal for Phase 1.

GFE measures undertaken by a third party shall be at the Proposer's own risk and shall not relieve a Proposer of the responsibility for meeting the GFE requirements. The Proposer shall also identify all third parties utilized to prepare GFE responses for each GFE indicator.

401 RESPONSIVENESS:

To determine if a Proposer who failed to meet the DBE contract goal for Phase 1 is responsive, LACMTA will determine if the effort taken to obtain DBE participation satisfies GFE requirements. Further, LACMTA will ensure that all good faith efforts information supplied by Proposer(s) is complete, accurate, and adequately documented prior to award of the Contract.

- A. Any of the following conditions constitute failure to meet the DBE contract goal for the Phase 1 Work and will require submittal of good faith efforts documentation:
 - 1. The DBE commitment reflected in the DBE Forms is less than the DBE contract goal established for the Phase 1 Work.
 - 2. DBE firms listed toward meeting the DBE contract goal for the Phase 1 Work that are not certified by the Proposal Due Date in the NAICS codes for the work they are listed to perform.
- B. If the Proposer has not met the DBE contract goal for the Phase 1 Work, documentation of its GFE must be submitted with the Proposal.
- C. LACMTA will evaluate each GFE step under Section 403 (*Good Faith Efforts steps*) on a pass/fail basis. Proposers:
 - 1. Will receive either full or zero (0) points for each GFE step.
 - 2. Must receive a score of ninety to one-hundred (90–100) points to pass the GFE requirements.
 - 3. Achieving a passing score of ninety (90) or more points are considered responsive to the GFE requirements.
 - 4. Achieving a failing score of less than ninety (90) points are considered to have failed the GFE requirements.
- D. LACMTA shall notify Proposers in writing whether GFE requirements were met or not met. The notification will explain the basis and include the reasons for the determination. If a Proposer fails GFE, the Proposer will be provided the opportunity for administrative reconsideration of LACMTA's GFE determination.

402 RECONSIDERATION:

Proposers shall receive written notification from LACMTA detailing the results of their GFE evaluation. If the Proposer failed to achieve adequate good faith efforts to meet the established DBE contract goal for the Phase 1 Work, it shall have the right to request a reconsideration hearing. Hearing procedures include:

- A. Right to Reconsideration Hearing: If a Proposer receives notice that it failed GFE requirements, they may request a reconsideration hearing. Hearing requests shall be made in writing, via U.S. Mail or delivery service to LACMTA, Attn: Paul Solis, GFE Reconsideration Officer, One Gateway Plaza, Los Angeles, CA 90012-2952. Requests may also be submitted by email to the Reconsideration Officer ("**RO**") at SolisPA@metro.net or via phone at 213.922.2944, provided, however, that requests must be received by the RO within two Business Days after the date the Proposer receives the GFE determination notice. The Proposer shall be presumed

to have received the notification five days after the date of the DEOD notice letter. The RO shall provide DEOD with a copy of the hearing request.

- B. Scheduling of Reconsideration Hearing: Upon receipt of a request for a reconsideration hearing, the RO or his/her designee will contact the Proposer and DEOD to schedule the hearing. Reconsideration hearings will be held no later than five Business Days after receipt of the Proposer's request, unless the RO agrees to extend this time period based on good cause. Extensions are disfavored.
- C. Decision: The RO will provide a written decision to the Proposer and DEOD within five Business Days of the hearing, or as soon as possible thereafter. The decision will explain the basis for finding that the Proposer did or did not meet the DBE contract goal for the Phase 1 Work or make adequate good faith efforts to do so. Pursuant to 49 C.F.R. 26.53, the decision is final and not administratively appealable to any other person within LACMTA, the USDOT or any other authority.

403 GOOD FAITH EFFORTS STEPS:

The achievement of good faith efforts (GFE) will be based on evaluation of the following criteria in accordance with 49 C.F.R. 26.53, and this RFP.

- (1) Advertisement
- (2) Notification to small business organizations/community group
- (3) Select portion of the Work to be subcontracted
- (4) Request for Proposal, specification information
- (5) Solicitation follow-up
- (6) Assistance in obtaining bonds & insurance
- (7) Attendance at Pre-Proposal Conference
- (8) List of Subcontractors submitting proposals
- (9) Commitment of other Proposers

A. ADVERTISEMENT (10 POINTS)

(Refer to "DBE Attachment A – Sample Advertisement" and complete "DBE Attachment B – Newspaper Advertisement Log")

Effort:

Advertisements soliciting sub-proposals from DBE firm(s) shall appear no fewer than 21 days prior to the initial Proposal Due Date. If the bid/proposal schedule established by LACMTA is less than 21 days, advertisements for a shorter reasonable period of time are

acceptable. If an amendment extends the Proposal Due Date, GFE consideration shall only be given to Proposers who extend or revise advertised dates for the benefit of increased DBE firm opportunities.

Advertisements will refer only to proposals for LACMTA projects and will specify the categories of work for DBE subcontracting opportunities. The advertisements shall be placed in a minimum of three paid weekly publications.

Advertisements shall consist of the following:

1. Proposer shall advertise in general newspaper publications or media that are reasonably expected to reach DBE firms that are likely to propose on this Contract.
2. Proposer shall advertise in two varied minority and/or women trade association newspapers or other minority and/or women trade focus publications or media that will reach all DBE firms.
3. The advertisement shall include, at a minimum, the name of the newspaper, company contact person, type of publication, circulation dates of advertisement, project name and number, date of DBE firm proposal or quote due to the Proposer, Proposer's Proposal Due Date to LACMTA, detailed description of subcontracting work solicited, and time and location where proposal plans, specifications and other documents may be reviewed.
4. The advertisement must further identify LACMTA as owner and indicate that the solicitation is in response to LACMTA's DBE requirements and that the Proposer will extend opportunities to DBEs and conduct itself in good faith with DBE firms seeking subcontract opportunities for the Contract.
5. Proposers shall advertise to DBE firms only.
6. If Proposal Due Date was amended, explain positive and/or negative impact(s) to DBE solicitations.

Evidence:

Include a list of advertisements placed, including a copy of the advertisements and/or tear sheets, advertisement commitment form and/or transaction receipt, and copy of advertisement specs submitted to the selected media source. LACMTA will closely analyze the tear sheets and the advertisement commitment form to verify dates and adherence to GFE requirements.

Proposers are reasonably expected to take active and aggressive measures sufficient to meet the DBE contract goal for the Phase 1 Work and advertise to DBE firms reasonably expected to perform the identified subcontractable work items.

B. NOTIFICATION TO SMALL BUSINESS ORGANIZATIONS AND COMMUNITY GROUPS (10 POINTS)

Effort:

Outreach notification must be made to outreach to a minimum of five small business and disadvantaged business organizations, and Southern California Small Business Development Centers. For assistance, reference the listing of member organizations included in LACMTA's Transit Business Advisory Council (TBAC) website: Transportation Business Advisory Council (metro.net).

Notification to organizations shall include, at a minimum, the items that are required for advertisement (under GFE step one of Section 403 (*Good Faith Efforts steps*)).

Proposer shall obtain a listing of additional DBE firms from the small business organizations and/or the Southern California Small Business Development Centers. Follow-up shall be conducted consistent with the "Guidelines for Contacts for Various Work Categories" included in GFE Indicator #4, no less than ten days after mailing the initial solicitation letters.

Evidence:

Copies of letters, e-mails, faxes, fax confirmation sheets, telephone logs, etc. used to contact organizations. The documentation must include names of organizations/groups, dates, names of contacts, telephone numbers, and DBE contract goal.

Proposer must include documented evidence of correspondence received from the small business organizations and/or the Southern California Small Business Development Centers. Documented evidence of a minimum of five organizations/groups must be included in GFE submittal.

Follow-up activity must be documented in telephone logs or other written documentation which provide, at a minimum, the following information:

1. Type of contact (e.g., telephone call, visit, email, letter).
2. Name and position of person who made contact on behalf of the Proposer.
3. Name and address and/or email of firm contacted.
4. Name and position of person contacted, telephone number, and date of contact.
5. Indicate response from the firm contacted with regard to its interest in submitting a sub-proposal.
6. Email return receipts to document successful delivery to DBE firms, and in the case of returned email correspondence, documentation from the mail server that the email was undeliverable.

7. Follow-up, if any, to the assistance offered in the initial solicitation letter with regard to breakdown of work into economically feasible units, bonding, insurance, lines of credit, and plans and specifications.
8. Proposer shall provide written justification for decisions to self-perform work using its own workforce.

C. SELECT PORTION OF THE WORK TO BE SUBCONTRACTED (15 POINTS)

(Complete "DBE Attachment C – Selected Work Categories")

Effort:

The Proposer shall identify work categories it intends to self-perform with its own workforce and all work/services that it intends to subcontract. This includes, breaking out scopes of work into economically feasible units to facilitate DBE participation, even when the prime Contractor might otherwise prefer to perform these work items with its own workforce.

To increase the likelihood of meeting DBE contract goal requirements, Proposers shall as part of their planning process to actively and aggressively seek DBE participation, review NAICS codes provided by LACMTA to ensure that they support the selected portion(s) of work identified by the Proposers as subcontractable.

Evidence:

Documents showing all the work that the Proposer intends to perform with its own workforce and all the work that the Proposer has identified for subcontracting/supply should be evidenced on the Selected Work Categories Form (DBE Attachment C). Proposers shall provide documentation of efforts to utilize DBE firms that can reasonably be expected to perform the identified subcontractable work items. Include additional comments when selected work categories are not sufficient to meet the DBE contract goal and provide supporting documentation.

D. REQUEST FOR PROPOSAL, SPECIFICATION INFORMATION (15 POINTS)

(Complete "DBE Attachment D – Sample Letter of Solicitation" and use "DBE Attachment G – Written Solicitation Submittal Form")

Effort:

Using Sample Letter of Solicitation (DBE Attachment D), written requests for bid or proposal to DBE firms included in the LACMTA DBE certified list. Attach copies of solicitation letters to the "Written Solicitation Submittal Form" (DBE Attachment G). See "Guidelines for Contacts for Various Work Categories" following Paragraph four under the heading Evidence in this section. Solicitation letters shall be mailed, emailed or sent no fewer than 21 days prior to the Proposal Due Date. If, due to the RFP schedule

established by LACMTA, 21 days are not available, a mailing providing a shorter reasonable period of notice is acceptable.

Evidence:

Proposer shall provide interested DBE firms with adequate information about the plans, specifications, and requirements in a timely manner to assist them in responding to the solicitation. Proposer shall include names, contact persons, addresses, phone numbers, and dates of all DBE firms solicited at least 21 days prior to the Proposal Due Date and by what means (certified letters, fax, phone, emails, etc.). Copies of the solicitation letters must be included. Only certified DBE firms will be taken into consideration. Proposer's notifications shall:

1. Clearly identify portions of the work to be subcontracted and offer to break down any portion of the work into economically feasible units in order to facilitate DBE participation.
2. Identify if there is a bond requirement for Subcontractors for this Contract and specify requirements.
3. Offer assistance with regard to bonding requirements and insurance requirements, where applicable, and/or financing (e.g., lines of credit), specifying the type of assistance that the Proposer is offering. Assistance may include, but is not limited to the following:
 - a. Contact bonding and/or insurance companies on behalf of DBEs.
 - b. Arrange with sureties incremental or phased bonding for the DBEs and/or paying for the cost of the bond or insurance.
 - c. Waive bond or other requirements.
 - d. Refer DBEs to Business Development Centers or other resource agencies, which may assist DBEs in obtaining bonding, insurance, or lines of credit.
 - e. Offer to make plans and specifications available to DBEs at reasonable hours for viewing, copying, or borrowing and provide a list containing the location of plan rooms.
4. When complying with the guidelines for contacting an adequate number of DBE firms, Proposers shall use LACMTA's DBE certified list included in this RFP. When soliciting DBEs, Proposers are required to use the list of DBE firms provided by LACMTA in this RFP.

Proposers are encouraged to identify additional NAICS codes and request assistance from LACMTA to increase their efforts for achieving the DBE contract goal. Proposers shall outreach to utilize DBE firms that can reasonably be expected to perform the identified subcontract work items.

5. As an additional outreach resource, Proposers may obtain additional DBE listings from the California Unified Certification Program (CUCP) directory. Proposers shall ensure that all DBE firms listed shall be certified under NAICS codes applicable to the scopes of work associated with the Project. Additional DBE listings, not included in this RFP, must be included in the Proposers good faith efforts response.

Note: Determination of an adequate number of DBE firms contacted shall depend on the number of DBE firms available in each of the NAICS code work categories.

Guidelines for contacts for various work categories:	
Number of DBE firms identified	Guidelines for number of DBEs to contact
1 – 50	Contact 50% of all listed DBE firms
51 – 199	Contact 50% of all listed DBE firms
200 or more	Contacts 40% of all listed DBE firms

E. SOLICITATION FOLLOW-UP (15 POINTS)

(Complete "DBE Attachment E – Solicitation Follow-up Log")

Effort:

Proposer shall conduct follow-up with the number of DBE firms, referenced in the "Guidelines for Contacts for Various Work Categories" table included in GFE step four under Section 403 (*Good Faith Efforts steps*) above. Proposers shall conduct solicitation follow-up 10 days after the making the initial solicitation letters. Follow-up must be with same firms solicited from the LACMTA DBE certified list.

Proposers may obtain additional DBE listings from the California Unified Certification Program (CUCP) directory. Proposers shall ensure that all DBE firms listed shall be certified under NAICS codes applicable to the scopes of work associated with the Project. Additional DBE listings, not included in the RFP, must be included in the Proposer's good faith efforts response.

Proposer shall designate someone familiar with the Project and capable of answering questions from potential DBE firms and shall be responsible for solicitation follow-up. Additional consideration is given if ten days are not available between the mailing of the solicitations and the Proposal Due Date, follow-up will occur within a shorter, but reasonable period. Follow-up communication may be conducted orally or in writing. Oral communication must include documentation of follow-up (email, letter or fax) and submitted with the Solicitation Follow-up Log (DBE Attachment E).

Evidence:

Follow-up must be done with a minimum of seventy-five percent (75%) of the required number of DBE firms referenced in the "Guidelines for Contacts for Various Work Categories" table included in GFE step four under Section 403 (*Good Faith Efforts steps*). Follow-up activity must be documented in telephone logs or other written documentation which provide, at a minimum, the following information:

1. Type of contact, e.g., telephone call, visit, email, letter.
2. Name and position of person who made contact on behalf of the Proposer.
3. Name and address and/or email of firm contacted.
4. Name and position of person contacted, telephone number, and date of contact.
5. Indicate response from the firm contacted with regard to its interest in submitting a sub-proposal.
6. Email return receipts to document successful delivery to DBE Firms, and in the case of returned email correspondence, documentation from the mail server that the email was undeliverable.
7. Follow-up, if any, to the assistance offered in the initial solicitation letter with regard to breakdown of work into economically feasible units, bonding, insurance, lines of credit, and plans and specifications.
8. Proposer shall provide written justification for decisions to self-perform work using its own workforce.

F. ASSISTANCE IN OBTAINING BONDS AND INSURANCE (3 POINTS)**Effort:**

Assist DBE firms in obtaining bonding and insurance. The maximum points given if bonding and insurance is not required.

Evidence:

Includes a description of assistance provided by Proposer to DBE firms in obtaining bonding and insurance.

G. ATTENDANCE AT PRE-PROPOSAL CONFERENCE (2 POINTS)**Effort:**

Attendance at the Pre-Proposal Conference scheduled by LACMTA. Each Proposer is strongly encouraged to attend the pre-proposal meetings to be informed of the DBE requirements and provides an opportunity for Proposers to meet, network, and outreach

to DBE firms. Regardless of whether a Proposer attends the meeting, the Proposer assumes responsibility for being informed and complying with DBE and GFE requirements.

Evidence:

Name and date of person(s) attending (verified by conference sign-in sheet).

H. LIST OF SUBCONTRACTORS SUBMITTING BIDS/PROPOSALS (15 POINTS)

(Complete "DBE Attachment F – List of All Firms/Solicitation Responses Received")

Effort:

When negotiating with Subcontractors, Proposers shall include DBE firms and take price, capabilities, and DBE contract goals into consideration. The Proposer shall negotiate in good faith with DBE firms and not unjustifiably reject proposals prepared by any DBE firm.

Proposer shall not reject DBE firms as being unqualified without sound reasons based on a thorough investigation of their capabilities and must demonstrate justification based on a thorough investigation of their capabilities. Another practice considered an insufficient good faith effort is the rejection of a DBE firm because its quotation for the work was not the lowest received. Please note that nothing in this paragraph shall be construed to require Proposers or the Contractor to accept unreasonable quotes to satisfy DBE contract goals. If the reason cited relates to bonding, financing, or insurance, or requested further breakdown of the work, the Proposer must provide documentation describing in detail the assistance offered by the Proposer to the DBE firm.

Evidence:

Names, addresses, dates, contact person, phone numbers, and emails of all Subcontractor DBE and non-DBE firms who submitted proposals and copies of all proposals including telephone proposals for all work categories identified in GFE step three under Section 403 (*Good Faith Efforts steps*). Identify number of total proposal or quotes received for each work category and corresponding number from DBE firms. Proposers must indicate reasons for choices of Subcontractor(s). Submit written (e.g. emails, letters or faxes) documentation evidencing good faith negotiations between Subcontractor and Proposer. Only significant price differences (ten percent or more) between selected Subcontractor/Supplier, rejected DBE firm and prime contractors are valid cause for rejecting proposals. Proposers must have selected enough subcontracting items to meet the DBE contract goal for the Phase 1 Work.

I. COMMITMENT OF OTHER PROPOSERS (15 POINTS)

Effort:

In determining whether a Proposer has made good faith efforts, LACMTA will take into account the performance of other Proposers in meeting the DBE contract goal for the

Phase 1 Work. If an apparent successful Proposer fails to meet the DBE contract goal, but others meet it, LACMTA will reasonably raise the question of whether, with additional reasonable efforts, the apparent successful Proposer could have met the DBE contract goal. If the apparent successful Proposer fails to meet the DBE contract goal but meets or exceeds the average DBE participation obtained by other Proposers, LACMTA may view this, in conjunction with other factors, as evidence of the apparent successful Proposer having made good faith efforts.

Evidence:

LACMTA will review the Proposer's efforts in conjunction with other factors, including, but not limited to, the contract goal, DBE commitments, and additional efforts made by other Proposers.

404 GOOD FAITH EFFORTS DOCUMENTATION FORMS:

The following GFE attachments must be included in the Proposer's GFE documentation included in the Proposal:

DBE Attachment A - Sample Advertisement

DBE Attachment B - Newspaper Advertisement Log

DBE Attachment C - Selected Work Categories

DBE Attachment D - Sample Letter of Solicitation

DBE Attachment E - Solicitation Follow-up Log

DBE Attachment F - List of All Firms/Solicitation Responses Received

DBE Attachment G - Written Solicitation Submittal Form

DBE Attachment H – Bidder/Proposer Notarized Certification of Good Faith Efforts

For Good Faith Efforts Documentation Forms A through H, please see Part A (*DBE Forms*) of Appendix K (*DBE Forms and Attachments*).

405 DBE OPEN-ENDED PERFORMANCE PLAN GOOD FAITH EFFORTS REQUIREMENTS:

- A. At the time of Proposal submission, the Contractor will submit a summary of the DBE OEPP in accordance with Section C(4) of the LETTER OF INVITATION SUPPLEMENT (FEDERAL) – PROGRESSIVE DESIGN-BUILD OPERATE AND MAINTAIN.
- B. The selected Proposer, upon being awarded the Contract, shall prepare a detailed DBE OEPP that is based on the DBE OEPP summary submitted by the Proposer with its Proposal. The DBE OEPP shall provide a description of the plan and

approach to meet or exceed the DBE contract goal for the Phase 2 Work, and shall address all the DBE OEPP elements below. The plan shall provide for a DBE Liaison Officer, who will be responsible for implementing the plan for the Contractor. This plan will be subject to LACMTA's review and approval and the Contractor shall revise the submitted DBE OEPP to incorporate and address any comments from DEOD within 14 Days of those comments. The DBE OEPP must be approved by LACMTA prior to the commencement of any Subcontractor procurements for the Phase 2 Work. The DBE OEPP should be updated on a quarterly basis to reflect current circumstances and together with each update of the Subcontractor Bidding and Selection Plan in accordance with the Contract.

C. DBE Open-Ended Performance Plan Elements

1. Introduction

Description of the Contractor's understanding of the DBE requirements and its intent to gain meaningful DBE participation in all aspects of the Project work, including a commitment by the Contractor to meet or exceed the DBE contract goal for the Phase 2 Work (if and to the extent such Work is authorized by LACMTA in accordance with Article 2 (Term and Phased Work) and the other terms of the Contract). Identification of the Contractor's DBE Liaison Officer and statement that the DBE Liaison Officer has reviewed, fully understands, and is responsible for implementing the DBE OEPP. Statement that the Contractor has identified elements of Project work of a size and scope that DBE firms can reasonably perform and that the Contractor is committed to implementing the DBE OEPP in good faith to meet or exceed the DBE contract goal for the Phase 2 Work (if and to the extent such Work is authorized by LACMTA in accordance with Article 2 (Term and Phased Work) and the other terms of the Contract).

2. DBE Commitments

At the time of execution, the Contract will list the names and addresses of DBE firms that have already been identified and will participate in the performance of the Phase 1 Work, along with a description of the work that each DBE will perform, the dollar amount of the participation of each DBE firm participating, written confirmation of the Contractor's commitment to use each listed DBE firm, and a current DBE certification number for each listed DBE firm.

As part of each Early Works Package Proposal and the Phase 2 Proposal, the Contractor shall list the names and addresses of DBE firms that have been identified and will participate in the performance of the Phase 2 Work, along with a description of the work that each DBE will perform, the dollar amount of the participation of each DBE firm participating, written confirmation of the Contractor's

commitment to use each listed DBE firm, and a current DBE certification number for each listed DBE firm.

3. DBE Participation

As part of each submission of the Subcontractor Bidding and Selection Plan under the Contract, the Contractor shall provide, among other matters, a complete description of the Phase 2 Work that it proposes to self-perform with its own forces and those parts of the Phase 2 Work that it proposes will be performed by Subcontractors, including DBE firms, and identify the procedures for solicitation, bidding, and selection of Subcontractors, including DBE firms. As part of each submission of the DBE OEPP, the Contractor shall also list all Subcontract scopes of work and related dollar values (known at time of submittal) intended to be committed to DBE firms. These elements should be segregated into professional service and construction-related categories. This listing should clearly show how the Contractor plans to meet or exceed the DBE contract goal for the Phase 2 Work. This above listing also should provide a general timeline of anticipated proposal/award times for the remaining Subcontract scopes of work intended to be committed to DBE firms. The Contractor should describe the extent to which major Subcontractors will assist in providing Subcontract opportunities to DBE firms. The Contractor should describe how its approach to subcontracting will ensure that there will be adequate subcontracted work available to meet or exceed the DBE contract goal for the Phase 2 Work.

4. DBE Supportive Services

The Contractor shall identify potential barriers to DBE participation and describe plans to mitigate these barriers, including, but not limited to, bonding and insurance requirements, subcontract scope, bidding process, communications, financing, prompt payment, and payment of retainage. As part of the Contractor's efforts to overcome these barriers, it shall commit to providing on-going supportive services to DBE firms. The Contractor shall cooperate with LACMTA to actively promote small business conferences, programs, and supportive services currently offered by peer agencies which have mature DBE programs and are seeking increased DBE participation in their programs. The Contractor shall describe efforts to make Project Plans, specifications, and requirements available to DBE firms, as well as coordinate with LACMTA to identify opportunities for DBEs.

5. DBE Communications

The Contractor shall carry out communications efforts to inform DBE firms of opportunities that may be available with the Contractor on the Project. The

communications activities must be described and include the following elements at a minimum:

- a. efforts to advertise opportunities in various media outlets (list such media outlets);
- b. plans to utilize DBE firms performing Phase 1 Work (list such organizations) to support outreach efforts;
- c. plan, coordinate, and implement DBE outreach events facilitated by the Contractor, to highlight current and upcoming subcontracting opportunities, including the frequency of the outreach efforts;
- d. other programs that will be used to notify DBE firms of opportunities; and
- e. other planned outreach efforts for ensuring that DBE firms have sufficient information about subcontracting opportunities for the Phase 2 Work and the frequency of those outreach efforts.

6. DBE Directory

The Contractor shall provide a statement describing its commitment to utilize the online directory of certified DBE firms, found at the CUCP website: <https://californiaucp.dbesystem.com/> in its efforts to identify DBE firms. If the Contractor elects to utilize its own tailored database or collaborate with LACMTA to use LACMTA's database of DBE firms, it should describe how it intends to implement and use other databases.

7. DBE Quarterly Newsletters

Quarterly newsletters shall be developed and published by the DBE Liaison Officer at a minimum showcasing the Project, DBE participation, opportunities, types of businesses used within the Project, and awards received.

8. DBE Monthly Strategy Meetings

Monthly meetings shall be held between the DBE Liaison Officer and DEOD to discuss the DBE OEPP and DBE commitments/attainments. Updates shall be made to the DBE OEPP, at least quarterly, to reflect changed circumstances. The meetings will be held in accordance with the Contract.

9. DBE Program Reporting

The Contractor shall develop a reporting format approved by DEOD, to be included in the final DBE OEPP, which addresses the reporting elements below. This report

is due to LACMTA monthly by the 15th day of the month following the reporting month.

- a. Written narrative of progress in meeting the DBE requirements. The Contractor shall provide a summary of the activities undertaken during the reporting month. Key accomplishments, DBE program challenges, and activities for the next reporting month are to be provided.
 - b. Report of commitments and payments to DBEs and other Subcontractors. This report shall provide information on initial and any subsequent changes to Subcontractor commitments (all Subcontractors at all tiers), along with any payments made to each Subcontractor. The Contractor may develop a report format of its choosing. If the Contractor chooses to develop its own payment report, the values reported must match what is reported by the Contractor and Subcontractors in B2GNow. Any report format developed by the Contractor must be approved by LACMTA prior to use.
- D. The Contractor must make good faith efforts to comply with the DBE OEPP and schedule in accordance with 49 C.F.R. 26.53(e).

SECTION 500 - DBE CERTIFICATION

500 DBE CERTIFICATION REQUIREMENTS:

Only a firm holding a current DBE certification issued by a certifying agency in the California Unified Certification Program (CUCP) may participate in the LACMTA DBE Program. Firms listed by Proposers to meet DBE contract goal for the Phase 1 Work must be certified by the Proposal Due Date. LACMTA has a responsibility to ensure that eligible DBE firms participate in LACMTA contracting. If not, DBE firms' participation may not be counted toward the Proposer's DBE commitment. Proposers shall ensure DBE firms are certified in the North American Industry Classification System (NAICS) codes for the work in which the DBE firm is listed to perform and for which the Proposer seeks DBE credit towards its DBE commitment. Certification as a LACMTA DBE firm means the firm meets the DBE certification requirements and eligibility standards of the CUCP in accordance with 49 C.F.R. Part 26 – Subpart D (Certification Standards) as followed by the CUCP. These standards and procedures are described in detail in the Certification Instructions, provided with the Application for Certification. Interested individuals or companies seeking certification will start the process by obtaining a copy of the DBE Application and Instructions.

501 DBE CERTIFICATION ELIGIBILITY:

- A. Each applicant for DBE certification must prove to LACMTA's Certification Unit, by a preponderance of the evidence, that the applicant meets the criteria of social and economic disadvantaged, business size, ownership, and control.
- B. Certifications with respect to economic disadvantage, including signed statements of personal net worth and supporting documentation are required. If an individual's

Statement of Personal Net Worth shows that the individual's personal net worth exceeds \$2.047 million the individual's presumption of economic disadvantage is rebutted and the person is not qualified to be an DBE owner.

- C. The applicant firm can only be an eligible DBE firm, if the firm is an existing small business and including its affiliates, has had average gross receipts over the previous three years of less than \$31.84 million or as adjusted for inflation by the US Secretary of Transportation.
- D. A firm's ownership by at least fifty-one percent (51%) majority owned by socially and economically disadvantaged individuals and must be real, substantial, and continuing, going beyond pro forma ownership of the firm as reflected in merely the ownership documents but possess the power to control the firm's management and policies.
- E. The firm must be independent and not depend on its relationship with another firm or firms to be viable.

502 VERIFY THAT DBE CERTIFICATION IS CURRENT:

Proposers shall confirm the DBE certification status of listed DBE firms. To verify status of firms, for additional certification information, questions and to obtain a certification application, Proposers or other interested parties may contact the LACMTA Certification Unit via email at CertificationUnit@metro.net or by calling the DEOD Hotline at (213) 922-2600. Requests for verification of a firm's DBE certification status, granted by LACMTA, can also be sent by fax to (213) 922-7660. It is recommended that verification be made within 72 hours of the Proposal Due Date. Proposers shall include in their Proposal a copy of the DBE certification letter for each DBE firm listed for the Phase 1 Work. The letter serves to assist in verifying a firm's eligibility.

SECTION 600 – CONTRACTING OUTREACH AND MENTORING PLAN (COMP)

- A. The Contractor shall:
 - 1. Comply with the COMP requirements as outlined in Section 13.5(i) (Contracting Outreach and Mentoring Plan (COMP)) of the Contract.
 - 2. Provided that a COMP is required for Phase 1, mentor the required number of DBE firms in connection with the Phase 1 Work in accordance with Section 13.5(i) (Contracting Outreach and Mentoring Plan (COMP)) of the Contract.
 - 3. Provided that Metro and the Contractor agree to proceed with any portion of the Phase 2 Work, mentor the required number of protégés identified for any Early Works Package with an Early Works Package Contract Price of \$25 million or more and the Phase 2 Work, as outlined in Section 13.5(i) (Contracting Outreach and Mentoring Plan (COMP)) of the Contract.

B. Examples of protégé development assistance may include:

1. Training in technical aspects of operating the business, such as invoicing, accounts receivable, marketing, business forecasting and associated budgeting, human resource and information technology development, selection techniques for insurance and banking relationships;
2. Assistance in preparation of change orders, claim filing, resolution of dispute scheduling and other aspects of performance;
3. Assistance in the preparation of contract documents, proposals and statements of interest;
4. Guidance regarding the protégé's procedures in accounting for daily actual cost of labor, production and overhead;
5. Identify protégé's unique challenges and provide a plan to address each challenge;
6. Establishing relationships and teaming agreements; and
7. Other areas appropriate for protégé needs.

C. The COMP shall at a minimum, also include the following:

1. The name and address of the mentor and protégé point of contact;
2. Define how the Contractor will track mentor protégé arrangements, measure and evaluate successes and lessons learned, schedules and milestones, submittal of quarterly updates to LACMTA on the mentor protégé arrangements and overall component;
3. Definitions and roles for the protégé, mentor and Contractor;
4. Define guidelines concerning the withdrawal or termination of a mentor protégé agreement; requiring LACMTA approval prior to termination of protégé agreement; and
5. Ensure that protégé involved in a mentor protégé agreement must be an independent business entity. A protégé must be DBE certified before it begins in a mentor protégé arrangement.

D. Protégé Pre-Assessment

The Contractor shall submit for review and approval by Metro, a completed Protégé Pre-Assessment Form to identify any weaknesses in the protégé's financial operations, business planning, project management, construction/professional practices, etc.

E. Mentor-Protégé Agreement

The Contractor shall submit, for review and approval by Metro, a detailed MPA for all DBE firms identified for mentor protégé development during the performance of the Phase 2 Work (including any Early Works Package) no later than 45 days after execution of the Phase 2 Supplement (or the Modification for an Early Works Package, if applicable).

The MPA shall include the following:

1. Name(s) of the mentor DBE protégé agreeing to the arrangement.
2. Description of mentoring activities and associated level of effort, including estimate of hours.
3. Deliverables associated with mentoring work.
4. Duties and responsibilities of mentor and protégé, including list of key personnel.
5. Benchmarks to measure mentoring progress.
6. Process for evaluating mentor/protégé relationship.
7. Termination provisions.

The Contractor shall submit the executed MPA prior to the protégé beginning work as stated by their contract. The Contractor shall submit to Metro, for its approval, any necessary or proposed revisions and updates to the MPA throughout the Life of Project (LOP).

F. Mentor Protégé Status Report

No later than at the scheduled halfway point, and again no later than 30 days prior to the scheduled completion of the Phase 2 Work (or an Early Works Package, as applicable), the Contractor must submit a written report on the progress of all mentor protégé(s).

G. Protégé Post-Assessment

Within 30 days of the completion of the MPA, mentors and protégés shall conduct a post assessment of the MPA on the Metro Post-Assessment Form and submit to DEOD.

Failure to comply with this Section will be cause for non-compliance and assessment of administrative sanction(s) as outlined in Section 800 (SANCTIONS FOR VIOLATIONS) of the Contract Compliance Manual (FTA: FED/ALT).

SECTION 700 – CONTRACT COMPLIANCE

As provided in the Contract Compliance Manual (FTA: FED/ALT) incorporated into the executed Contract, LACMTA will monitor the Contractor's compliance with the DBE Program and administrative requirements for the Contract, including the Contractor's compliance with its DBE commitments and requirements under the OEPP and the COMP.

LACMTA will also ensure the Contractor's compliance with the required insertion into all lower tier Subcontracts the required Subcontract provisions as set out in Section 13.1(e) (Flow-down requirements) and Part B (Required Subcontract Provisions) of Exhibit 5 (Subcontracting) of the Contract.

End of PROPOSAL INSTRUCTIONS

3. PROPOSAL SUBMITTAL REQUIREMENTS

3.1 General submittal requirements

Each Proposal must include a separate Phase 1 Proposal and Price Proposal that meet the requirements set out in Appendix D (*Phase 1 Proposal Instructions*) and Appendix E (*Price Proposal Instructions*), respectively. Certain additional requirements for Proposal submissions are provided below.

(a) General

Each Proposal submitted in response to this RFP must:

- (i) include the Administrative Submittals, a Phase 1 Proposal and a Price Proposal that meet the requirements set out in this RFP;
- (ii) be submitted in the format specified by LACMTA in this RFP;
- (iii) contain concise written material, enabling a clear understanding and evaluation of the capabilities of the Proposer against the evaluation criteria and the characteristics and benefits of the Proposal against the evaluation criteria; and
- (iv) provide enough information about the requested items to allow LACMTA to evaluate the Proposers in accordance with this RFP.

(b) Signatures required

- (i) The Proposal Letter must be signed by the Proposer's Representative and the authorized representative of any Proposer Members and must be accompanied by evidence of signatory authorization as specified in Appendix C (*Administrative Submittal Instructions*), Tab 4, Section 4.3 (*Evidence of Authorized Representatives*).
- (ii) All signatures must be originals. Wet signed and scanned signatures are acceptable for all forms and certifications, as long as the original is available upon request by LACMTA. Electronic signatures are not permitted.

(c) Language, units of measurement, and currency

Proposers must submit Proposals exclusively in the English language, use United States customary units of measurement and specify monetary amounts in the Price Proposal or otherwise referenced in the Proposal in US Dollar denominations. Where a Proposer references monetary amounts or units of measurement in its Phase 1 Proposal (for example, with respect to the Reference Projects), the Proposer may make references to other customary units of measurement and to monetary amounts in a different base currency, provided that any such amounts are also specified in United States customary units of measurement or US Dollars (e.g., £1,000,000 (\$1,400,000)). Proposers must identify exchange rates of

amounts in other currencies using the exchange rate as of the date falling 10 Days before the Proposal Due Date. Exchange rates are to be sourced from Bloomberg's FXC with the following field values: Date (the date falling 10 Days before the Proposal Due Date), Rate (Spot), Monitor (Last Price), Source (BGN).

(d) **Inclusion of Proposal in the Contract**

Each Proposal shall be considered commitments for which the Proposer will be held responsible in accordance with the Contract. Portions of the successful Proposer's Proposal may be attached as exhibits and incorporated into the Contract and if attached will be binding obligations of the Contractor under the Contract. Such portions may include, as expressly provided in this RFP or at LACMTA's discretion, in whole or in part:

- (i) the Phase 1 Proposal (with such exceptions and modifications as are determined by LACMTA to be necessary to ensure that the Phase 1 Proposal is not in conflict with the Contract);
- (ii) the Price Proposal; and
- (iii) such other portions of the successful Proposer's Proposal deemed by LACMTA to be relevant to the obligations of the Contractor for the Project.

Unless incorporated into the Contract, no information included in a Proposal will be binding on LACMTA.

(e) **Proposal Validity Period**

- (i) Each Proposal will be valid for acceptance by LACMTA for a period of 180 Days after the Proposal Due Date (the "**Proposal Validity Period**").
- (ii) If LACMTA requests an extension to the validity of a Proposal beyond the Proposal Validity Period, the Proposer may agree to extend the validity of its Proposal beyond the Proposal Validity Period or may notify LACMTA that it does not accept such extension, in which case the validity of its Proposal will expire at the end of the original Proposal Validity Period.

(f) **One Proposal**

Subject to Section 3.4(a) (*Withdrawals of Proposals*), each Proposer may only submit one Proposal. Multiple or alternate Proposals are not permitted for the purposes of this RFP.

3.2 **Content, format, and organization**

(a) **Proposal format**

- (i) Each Proposal component must be clearly titled and identified. Proposals must include the forms provided with this RFP, or on legible photocopies of

the forms. Each Proposer must complete the forms in accordance with the directions specified in this RFP and the forms and no change is permitted to any form attached to this RFP. All required explanatory narratives and the supplementary data are to be included with the forms attached to this RFP as indicated. All blank spaces in forms attached to this RFP must be filled in as appropriate. If a Proposer does not include information or materials in its Proposal that are described in the relevant form or other submittal requirements in this RFP as a result of such information or materials being marked or identified in the instructions to that form or other submittal as being optional or only required if factually applicable to the Proposer, such Proposer shall include in the relevant section in its Proposal a statement to the following effect: "[Insert relevant section or form field] does not apply because [Proposer to insert brief explanation]."

- (ii) Proposals must be prepared: (A) single-sided (including plan sheets, which must be single-sided); (B) on 8-1/2 x 11" paper (except as otherwise permitted or required under the directions specified in this RFP); and (C) with 1" left, top, bottom, and right margins. Recycled paper is preferred. Each side will be considered one page. Typing must be single spaced and with a minimum font size of ten. Proposer must number each page consecutively (for example, 1-1, 1-2 and 2-1, 2-2, and so on) and center page numbers at the bottom of each page. Each paper original of the Proposal must be labeled to indicate its contents and must include tabs and dividers as appropriate to facilitate LACMTA's review of its contents. Use of 11" x 17" fold out sheets for large tables, charts, diagrams, or drawings is permissible. 11" x 17" fold out sheets are counted as one page per side.
- (iii) Any confidential information may be submitted as CPRA Exempt Material in accordance with Section 1.16(b) (*Confidentiality and the California Public Records Act compliance*). For the avoidance of doubt, submitting information as CPRA Exempt Material in accordance with Section 1.16 (*Public disclosure; Requests for disclosure of CPRA exempt information*) does not relieve Proposers of any requirement to provide information in an electronic format.
- (iv) The original hard copy Proposal must be clearly identified as "**ORIGINAL**". Original Proposals must be bound in a three-ring binder. Proposals must be formatted in accordance with the requirements specified in this Section 3.2 and the more detailed submittal requirements, regarding the format and organization for each volume of the Proposal, set out in Appendix C (*Administrative Submittal Instructions*), Appendix D (*Phase 1 Proposal Instructions*) and Appendix E (*Price Proposal Instructions*), respectively.
- (v) An electronic copy of the Proposal must be (A) provided in an unalterable searchable Adobe PDF format (all volumes shall be provided in a single USB drive); (B) organized in the same manner as in the original hard copy; and

(C) bookmarked for ease of navigation. The USB drive must be submitted with the original copy of the Proposal.

(b) **Proposal contents**

- (i) Each Proposal must include each of the applicable items listed and a copy of the checklists provided in Appendix B (*Summary and Checklist of Proposal Contents*).
- (ii) Each Proposer must deliver to LACMTA:

	Page Limit	Detailed Submittal Requirements	No. of Copies
Volume 1 – Administrative Submittals	N/A	Appendix C (<i>Administrative Submittal Instructions</i>)	One original printed on paper and one electronic copy on the USB drive
Volume 2 – Phase 1 Proposal	40 pages	Appendix D (<i>Phase 1 Proposal Instructions</i>)	One original printed on paper and one electronic copy on the USB drive
Volume 3 – Price Proposal	N/A	Appendix E (<i>Price Proposal Instructions</i>)	One original printed on paper and one electronic copy on the USB drive

- (iii) All of the documents comprising the original Proposal must be packaged in a sealed container labeled "[Proposer Name]: Original Proposal for the Zero Emission Bus Charging Infrastructure Project for Division 18 and Division 7, RFP No. PS130703".

(c) **Conflict or inconsistency in copies of Proposals**

If there is any conflict or inconsistency between the content of the original printed on paper Proposal (or a portion of a Proposal) and the electronic copies of such Proposal, the original printed on paper Proposal will prevail over the electronic copies, and LACMTA will evaluate such Proposal (or portion of such Proposal) based on the original Proposal content.

3.3 **Proposal delivery - due date**

The Proposal must be delivered on or before the Proposal Due Date in accordance with this RFP.

3.4 Withdrawals and late submittals

(a) Withdrawal of Proposals

- (i) A Proposer may withdraw its Proposal in its entirety (but not in part) at any time prior to the Proposal Due Date, by means of a written request signed by the Proposer's Representative. Such written request for withdrawal must be delivered to the Contract Administrator and the Proposer must promptly after delivery of the notice, collect the Proposal from LACMTA. If a Proposer delivers a written request for withdrawal to the Contract Administrator, that Proposer's Proposal will be deemed withdrawn as of the date of the request for withdrawal (whether or not the Proposer physically collects the Proposal) and will not be eligible for evaluation unless re-submitted prior to the Proposal Due Date.
- (ii) A withdrawal of a Proposal will not prejudice the right of a Proposer to submit a new Proposal or re-submit its Proposal; provided that the new or re-submitted, as applicable, Proposal is received on or before the Proposal Due Date in accordance with this RFP.
- (iii) No Proposal may be withdrawn (in whole or in part) on or after the Proposal Due Date, and any attempt by a Proposer to do so will entitle LACMTA to draw on the Proposer's Proposal Security, as set out in Section 3.5(b) (*Forfeiture of Proposal Security*).

(b) Late Proposals

Proposals received after the Proposal Due Date may be rejected without consideration or evaluation, in LACMTA's sole discretion.

3.5 Proposal Security

(a) Delivery of Proposal Security

- (i) As security for its commitment to enter into the Contract in accordance with the requirements of this RFP and its Proposal commitments, each Proposer must submit to LACMTA security in the form of (1) cash, (2) a cashier's check made payable to the authority, (3) a certified check made payable to the authority, or (4) a proposal bond issued by a Surety rated at least "A" (excellent or above) according to A.M. Best's Financial Strength Rating and "VII" or better according to A.M. Best's Financial Size Rating and compliant with the form set out in the "Form of Proposal Bond" in Appendix C (*Administrative Submittal Instructions*) (in each case, the "**Proposal Security**").
- (ii) The Proposer must provide the Proposal Security as part of the Administrative Submittals.

- (iii) The Proposer must provide Proposal Security in an aggregate amount equal to \$500,000.00.

(b) Forfeiture of Proposal Security

- (i) Each Proposer understands and agrees that LACMTA will be entitled to draw on the Proposal Security in its entirety if:
 - (A) the Proposer withdraws, repudiates, or otherwise indicates in writing that it will not meet one or more commitments made in its Proposal (except as otherwise permitted pursuant to this RFP);
 - (B) LACMTA disqualifies the Proposer pursuant to Sections 1.6 (*Compliance with this RFP*) or 1.7(b)(i) (*Improper communications and contact*);
 - (C) following Notice of Intent to Award:
 - (aa) the successful Proposer fails to cooperate with LACMTA to finalize and execute the Contract, as expressly described in Section 4.9 (*Executing the Contract*);
 - (bb) the successful Proposer fails to execute the Contract as described in Section 4.9 (*Executing the Contract*); or
 - (D) any of the following occurs in the case of Proposal Security in the form of a proposal bond:
 - (aa) the Proposer fails to (a) notify LACMTA that the issuer is not a Surety complying with the requirements under this Section 3.5, and (b) deliver replacement Proposal Security, if applicable; or
 - (bb) LACMTA determines that the Proposal Security submitted by such Proposer contains a material alteration from the form set out in the "Form of Proposal Bond" in Appendix C (*Administrative Submittal Instructions*) that has not been previously approved by LACMTA, as applicable,

provided, that to the extent that LACMTA draws on the Proposer's Proposal Security pursuant to this Section 3.5(b) and the Proposer replaces such drawn cash with replacement Proposal Security in compliance with this RFP, LACMTA will return such drawn cash to the Proposer.
- (ii) By submitting its Proposal, the Proposer acknowledges that the Proposal Security is a requirement of this RFP in accordance with Section 130242(d) of the Statute.

(c) **Return of Proposal Security**

- (i) LACMTA will retain the Proposal Security of each unsuccessful Proposer until the earliest to occur of the following:
 - (A) the Contract has been awarded and executed;
 - (B) LACMTA has terminated the RFP Process and cancelled this RFP; and
 - (C) the expiration of such Proposer's Proposal Validity Period (as it may have been extended in accordance with Section 3.1(e)(ii) (*Proposal Validity Period*)).
- (ii) Following the occurrence of any of the foregoing events specified in Section 3.5(c)(i), LACMTA will return the Proposal Security of each unsuccessful Proposer within 15 Business Days, except any Proposal Security drawn by LACMTA in accordance with this RFP.
- (iii) Subject to Section 3.5(b) (*Forfeiture of Proposal Security*), the Proposal Security of the successful Proposer will be returned to the successful Proposer following the occurrence of any of the events specified in Sections 3.5(c)(i)(A), (B) or (C) within 15 Business Days, (except any Proposal Security drawn by LACMTA in accordance with this RFP), provided that LACMTA may elect, in its sole discretion, to return any Proposer's Proposal Security at an earlier date.

(d) **Proposal Validity Period**

Any Proposer that agrees to extend the validity of its Proposal beyond the Proposal Validity Period in accordance with Section 3.1(e)(ii) (*Proposal Validity Period*) will, as a condition to LACMTA's acceptance of such extension, provide an amended or replacement Proposal Security covering the extended Proposal Validity Period.

3.6 Proposers' costs not reimbursable

LACMTA assumes no obligations, responsibilities or liabilities, fiscal or otherwise, to reimburse all or a part of the costs incurred or alleged to have been incurred by Proposers responding to this RFP. The cost of preparing a Proposal, and any and all other costs incurred by a Proposer at any time during the RFP Process, will be borne solely by such Proposer.

4. EVALUATION CRITERIA AND EVALUATION PROCESS

4.1 Proposal evaluation process - Purpose

LACMTA's intent is to create a fair and uniform basis to evaluate the Proposals in compliance with all Applicable Law governing the RFP Process. Proposals will be evaluated using the evaluation criteria and evaluation process described below.

4.2 Responsiveness review

- (a) LACMTA will review each Proposal for responsiveness to the applicable RFP requirements.
- (b) In LACMTA's sole discretion, a Proposal may be deemed non-responsive and may be disqualified from the RFP Process for any of the following reasons:
 - (i) the Proposal does not fully comply with the instructions and requirements contained in this RFP, including the appendices and forms, or the Proposal contains a substantive change to any portion of this RFP, including the appendices and forms;
 - (ii) any part of the Proposal is missing from the Proposal package or otherwise does not meet the requirements of Section 3 (*Proposal submittal requirements*) and Appendix C (*Administrative Submittal Instructions*), Appendix D (*Phase 1 Proposal Instructions*) or Appendix E (*Price Proposal Instructions*) (as applicable);
 - (iii) LACMTA determines that the Proposal contains irregularities that make the Proposal incomplete, indefinite, or ambiguous as to its meaning, including illegible text, omissions, erasures, alterations, or items not required by this RFP or unauthorized additions;
 - (iv) a Proposal includes:
 - (A) any conditions or provisions reserving a Proposer's right to accept or reject an award if it is the successful Proposer; or
 - (B) any conditions to entering into the Contract not expressly permitted under this RFP or the Contract;
 - (v) the Proposal Security is not provided in the form required under Section 3.5 (*Proposal Security*) and Appendix C (*Administrative Submittal Instructions*); or
 - (vi) any other reason that the Proposal is non-responsive to any other instructions, requirements, terms, or conditions of this RFP, as determined by LACMTA.

- (c) Without limiting the generality of Section 4.2(b), a Proposal will be deemed non-responsive if:
- (i) the Phase 1 Preconstruction Lump Sum Fee is outside of the range specified in Section 4.6(b)(i)(B) (*Phase 1 Preconstruction Lump Sum Fee*);
 - (ii) the Delay Compensation Rate for Phase 1 is outside of the range specified in Section 4.6(b)(ii)(B) (*Delay Compensation Rate for Phase 1*);
 - (iii) the Phase 2 Management Lump Sum Fee is outside of the range specified in Section 4.6(b)(iii)(B) (*Phase 2 Management Lump Sum Fee*);
 - (iv) the Phase 2 Margin Percentage is outside of the range specified in Section 4.6(b)(iv)(B) (*Phase 2 Margin Percentage*);
 - (v) the Phase 3 Margin Percentage is outside of the range specified in Section 4.6(b)(v)(B) (*Phase 3 Margin Percentage*); or
 - (vi) the Proposer does not submit all the required Safety Submittals under Tab 5 of Volume 1 (Administrative Submittals) of the Proposal following all instructions in this RFP, does not demonstrate an Acceptable Safety Record for the Proposer and each Proposer Member, or does not demonstrate that its proposed Construction Safety Manager has the required qualifications to satisfy the minimum requirements under the Contract. An "**Acceptable Safety Record**" is defined as an Experience Modification Rate (EMR) for the most recent three-year period at an average of 1.00 or less.
- (d) If a Proposal is deemed non-responsive, LACMTA may disqualify the Proposal from further consideration, in LACMTA's sole discretion. Such disqualification, alone, will not result in the forfeiture of a Proposer's Proposal Security. Each Proposer, by submittal of its Proposal, will be deemed to have agreed to this Section 4.2 and to all other requirements of the RFP Process.
- (e) A determination of non-responsiveness may be made at any time during the Proposal evaluation process including during an initial responsiveness review or during the further evaluation of the Proposal pursuant to this Section 4.

4.3 Responsibility review

- (a) During the evaluation process, LACMTA shall determine, based on the information contained in the Proposals, if Proposers are responsible, including as set out in Section 2 (*General Instructions to Proposers*), IP-11 (*Proposal Evaluation Process*).
- (b) A Proposer that is not responsible is ineligible for award of the Contract.

4.4 Evaluation of Administrative Submittals

LACMTA will evaluate the Administrative Submittals as either responsive or non-responsive as set out in Section 4.2 (*Responsiveness review*).

4.5 Phase 1 Proposal evaluation criteria

Subject to Section 4.2 (*Responsiveness review*) and Section 4.5(b)(iii)(A)(bb) (*Safety approach*), each Phase 1 Proposal will be evaluated and scored in accordance with the criteria in this Section 4.5 and will be assigned a score.

(a) Summary of Phase 1 Proposal evaluation criteria

- (i) Table 1 summarizes the Phase 1 Proposal evaluation criteria. The Phase 1 Proposal evaluation criteria are explained in greater detail in Section 4.5(b) (*Detail of Phase 1 Proposal evaluation criteria*).

Table 1: Summary of Phase 1 Proposal evaluation criteria

Evaluation Criterion	Point Allocation/ Weighting
1. Capability and experience	Up to 375 points
2. Project understanding	Up to 75 points
3. Project approach	Up to 300 points Provided that the qualifications of the proposed Construction Safety Manager will be evaluated on a pass/fail basis as set out in Section 4.5(b)(iii)(A)(bb) (<i>Safety approach</i>).
4. Community Benefits and Workforce Development	Up to 50 points
Phase 1 Proposal Score	Up to 800 total points

- (ii) The sum of the points allocated to a Proposer by the PET for the evaluation criteria in Table 1 will be that Proposer's "Phase 1 Proposal Score".
- (iii) The highest Phase 1 Proposal Score possible is 800 points, allocated as set out in Section 4.5(b) (*Detail of Phase 1 Proposal evaluation criteria*).

(b) **Detail of Phase 1 Proposal evaluation criteria**

(i) **Capability and experience – Up to 375 total points**

(A) **Technical experience – Up to 225 points** (out of 375 total points for the "Capability and experience" criterion). The Proposer demonstrating, by reference to the successful delivery of comparable projects (or comparable elements of projects), the appropriate capability and technical experience of the Proposer's team, including Key Subcontractors, to successfully deliver the Project, including:

(aa) Up to 100 points (out of 225 total points for the "Technical experience" sub-criterion) – Experience in large transit bus, rail, and/or heavy-duty vehicle infrastructure projects, including familiarity with developing operations and maintenance programs that ensure reliable operation to meet service rollout.

(bb) Up to 25 points (out of 225 total points for the "Technical experience" sub-criterion) – Experience with charging equipment, charge management software, and related charging technologies and systems including with respect to modelling and simulating operations (incorporating route scheduling data, charging times and rates, utility rates, energy usage patterns, battery lifespans, vehicle circulation and yard management, and other charge management practices) in order to validate charging concept feasibility and testing and commissioning of charging equipment including system integration of charge management software;

(cc) Up to 50 points (out of 225 total points for the "Technical experience" sub-criterion) – Experience in managing design and construction interfaces and impacts, including projects requiring coordination and liaison with interfacing contractors and multiple stakeholders such as Utility owners, employees, represented workforces, adjacent or intersecting contractors, local cities, counties and other public agencies and public officials; and

(dd) Up to 50 points (out of 225 total points for the "Technical experience" sub-criterion) – Experience in managing construction projects in a constrained area where access to the construction site and available construction laydown and staging areas are very limited and interruptions to normal operations must be minimal, including managing a project built in an active yard or site.

(B) **Project delivery method experience** – Up to 75 points (out of 375 total points for the "Capability and experience" criterion). The Proposer demonstrating, by reference to the successful delivery of comparable projects (or comparable elements of projects), the appropriate capability and experience to be able to successfully work with LACMTA to manage and deliver the Project under a Progressive Design-Build Operate and Maintain delivery method by reference to the successful delivery of comparable projects (or comparable elements of projects) utilizing the Progressive Design-Build Operate and Maintain delivery model or another comparable progressive delivery model, in each case including demonstration of the successful negotiation of a guaranteed maximum price or lump sum amount for the construction work. For the purposes of this evaluation criteria, "other comparable progressive delivery model" means a delivery model that includes performance of an iterative design development process in collaboration with the project owner; use of an iterative, progressive build-up and pricing of the construction work in collaboration with the project owner during predevelopment or preconstruction; and the management of the competitive bidding of subcontractors post-contract award.

(C) **Key Personnel experience, capability and qualifications** – Up to 75 points (out of 375 total points for the "Capability and experience" criterion). The Proposer demonstrating the appropriate capability, experience, and qualifications of its Key Personnel for Phase 1 to satisfy the minimum requirements for Key Personnel under the Contract and to successfully deliver the Project.

(ii) **Project understanding** – Up to 75 total points

(A) **Understanding of risks, challenges, and opportunities.** The Proposer demonstrating through its Proposal, a clear understanding of the risks, challenges and opportunities of the Project and how the Proposer's experience on other projects will be utilized to address the major elements of the Project scope that will require focus and mitigate those that present the greatest risk to successful delivery of the Project.

In each case the Proposer should reference where equivalent risks, challenges or opportunities have been experienced on Reference Projects, including drawing on specific examples from Reference Projects, and how that has informed the Proposer's understanding of and ability to manage this Project.

(iii) **Project approach** – Up to 300 total points

(A) **Safety approach**

- (aa) Up to 50 points (out of 300 total points for the "Project approach" criterion). The Proposer demonstrating through its Proposal, a well-defined, comprehensive approach to safety during the performance of the Work.
- (bb) Pass/Fail – LACMTA will evaluate whether the Proposer has demonstrated that its proposed Construction Safety Manager has the required qualifications to satisfy the minimum requirements under the Contract on a pass/fail basis. **A Proposal may be deemed non-responsive if the Proposer does not demonstrate that its proposed Construction Safety Manager has the required qualifications to satisfy the minimum requirements under the Contract and receives a "fail" under this Section 4.5(b)(iii)(A)(bb).**

(B) **Management and partnering approach** – Up to 25 points (out of 300 total points for the "Project approach" criterion). The Proposer demonstrating through its Proposal a well-defined, collaborative approach to the Proposer's performance of the Work and an organizational and management structure (including the Key Personnel proposed) and approach to schedule that will ensure certainty and efficiency in delivery of the Project under the Contract and within the overall Project Schedule.

(C) **Approach to maximizing value to LACMTA**– Up to 50 points (out of 300 total points for the "Project approach" criterion). The extent to which the Proposal provides a high degree of confidence in the ability and commitment of the Proposer to deliver the Work in accordance with the Contract for a fair and competitive Contract Price, including by the Proposer demonstrating through its Proposal a well-defined, collaborative approach to pricing the Work (excluding the Phase 1 Work) in an open and transparent cost estimating environment and based on competitive pricing from qualified subcontractors for Work that is to be subcontracted. Pursuant to Section 3.1(d) (*Inclusion of Proposal in the Contract*), the submittals provided in response to this subcriterion under Appendix D (*Phase 1 Proposal Instructions*), Tab 4C, by the successful Proposer will be incorporated as a binding commitment of the Contractor in Exhibit 8 (Contractor Commitments) of the Contract.

(D) **Approach to construction and to managing disruption and construction impacts** – Up to 50 points (out of 300 total points for the "Project approach" criterion). The Proposer demonstrating

through its Proposal, a well-defined and executable approach to construction and to minimizing disruption and managing impacts to existing operations, Utility owners and Third Parties, and other adjacent projects in the performance of the construction work or other work on the Worksite and mitigating for impacts when not avoidable and to the extent practicable.

- (E) **Approach to risk management** – Up to 50 points (out of 300 total points for the "Project approach" criterion). The Proposer demonstrating through its Proposal, a well-defined and credible approach to identifying key risks, and to managing and mitigating risk.
- (F) **Approach to engagement and outreach** – Up to 25 points (out of 300 total points for the "Project approach" criterion). The Proposer demonstrating through its Proposal, a well thought out plan showing how the Proposer will ensure that there are sufficient work opportunities for DBE firms to achieve the DBE contract goal for the Phase 2 Work.
- (G) **Approach to design, construction, and operations and maintenance of bus charging infrastructure** - Up to 50 points (out of 300 total points for the "Project approach" criterion). The Proposer demonstrating through its Proposal, a well-defined and executable approach to the design, construction, and operations and maintenance of bus charging infrastructure, including evaluating transit fleet and/or other heavy-duty vehicle fleet operational needs, including modelling and/or simulating transit fleet and/or other heavy duty vehicle fleet operations in order to validate charging concept feasibility, incorporating route scheduling data, charging times and rates, utility rates, energy usage patterns, bus battery lifespans, vehicle circulation and yard management, and other charge management practices, selection and acquisition of charging equipment and charge management software, evaluating and incorporating charging technology innovation into the Project, developing and executing a charging operations and maintenance program that ensures reliable operations and manages charging to meet daily service rollout, while reducing utility load demand and charging costs, and testing and commissioning of charging equipment and charge management software, including interfacing with vehicle original equipment manufacturers and Utility provider.

- (iv) **Community Benefits and Workforce Development** – Up to 50 total points.

The Proposer demonstrating through its Proposal, a well-defined approach to support achievement of LACMTA's community benefits and workforce development goals and objectives across all Phases of the Project including demonstrating:

- (A) policies, practices, and training programs at the organizational level as well as values and behaviors at the individual level that enable and establish an inclusive workplace culture reflective of the community in which the Project is located, a supportive work environment, a zero-tolerance policy for workplace harassment, and an effective reporting mechanism; and
- (B) a strategy to establish reciprocal relationships that support trustworthy communication among the Project team and its workforce.

4.6 Price Proposal evaluation criteria

Each Price Proposal will be evaluated and scored in accordance with the criteria in this Section 4.6 and will be assigned a Price Proposal Score, unless a Proposal is deemed non-responsive as contemplated in Section 4.2 (*Responsiveness review*).

(a) Summary of Price Proposal evaluation criteria

- (i) Table 2 summarizes the Price Proposal evaluation criteria. The Price Proposal evaluation criteria are explained in greater detail in Section 4.6(b) (*Detail of Price Proposal evaluation criteria*).

Table 2: Price Proposal evaluation criteria

Evaluation Criterion	Description
1. Phase 1 Preconstruction Lump Sum Fee	a lump sum dollar amount calculated and provided by the Proposer in accordance with Section 4.6(b)(i).
2. Delay Compensation Rate for Phase 1	a fixed daily rate (dollar amount) per day calculated and provided by the Proposer and converted to an aggregate total dollar amount for an assumed number of Days of Compensable Delay for Phase 1 in accordance with Section 4.6(b)(ii).
3. Phase 2 Management Lump Sum Fee	a lump sum dollar amount per month calculated and provided by the Proposer and converted to an aggregate total dollar amount for the assumed Phase 2 period for evaluation purposes in accordance with Section 4.6(b)(iii).
4. Phase 2 Margin Percentage	a percentage calculated and provided by the Proposer and converted to an aggregate total dollar amount for the assumed Construction Cost for evaluation purposes in accordance with Section 4.6(b)(iv).

5. Phase 3 Margin Percentage	a percentage calculated and provided by the Proposer and converted to an aggregate total dollar amount for the assumed O&M Cost for evaluation purposes in accordance with Section 4.6(b)(v).
------------------------------	---

- (ii) The five criteria in Table 2 will be combined in accordance with the following formula, equaling the "Total Evaluation Price and Fee":

Total Evaluation Price and Fee = sum of criteria 1. + 2. + 3. + 4. + 5. in Table 2

- (iii) The Total Evaluation Price and Fee is to be used solely for the purposes of LACMTA's evaluation of the Price Proposal.
- (iv) LACMTA will compare the Proposer's Total Evaluation Price and Fee with the Total Evaluation Price and Fee of all other Proposers. LACMTA will then determine the Proposer's "Price Proposal Score" in accordance with the following formula:

$$\text{Price Proposal Score} = 200 \times \left(1 - \left(\frac{TEP\&F - TEP\&F_{(lowest)}}{TEP\&F_{(lowest)}} \right) \right)$$

Where:

TEP&F: means the Proposer's Total Evaluation Price and Fee.

TEP&F (lowest): means the lowest Total Evaluation Price and Fee among all responsive Proposers.

- (v) The highest Price Proposal Score possible is 200 points. The lowest Price Proposal Score possible is 0 points. If the calculation of a Proposer's Price Proposal Score results in a negative number, LACMTA will determine the Proposer's Price Proposal Score as 0 points.

(b) **Detail of Price Proposal evaluation criteria**

(i) **Phase 1 Preconstruction Lump Sum Fee**

- (A) The "**Phase 1 Preconstruction Lump Sum Fee**" is the Proposer's price for all disciplines and costs required to complete the Phase 1 Work (including all wages, indirect costs, general and administrative expenses, direct materials, profit and all other direct and indirect costs to complete the Phase 1 Work), as described in this RFP. Pricing must be expressed as a lump sum dollar amount inclusive of all costs, and all fees, profit and overhead for the Phase 1 Work.
- (B) The Proposer must specify its Phase 1 Preconstruction Lump Sum Fee by completing the Price Proposal Form. The Phase 1 Preconstruction Lump Sum Fee in the Price Proposal Form must include all items marked for the Phase 1 Preconstruction Lump Sum Fee in the Cost Allocation Matrix. The Price Proposal must not include a Phase 1 Preconstruction Lump Sum Fee in an amount less than \$9,700,000 or greater than \$17,000,000. A Proposal will be deemed non-responsive if the Phase 1 Preconstruction Lump Sum Fee is outside of the specified range.
- (C) Pursuant to Section 3.1(d) (*Inclusion of Proposal in the Contract*), the Phase 1 Preconstruction Lump Sum Fee of the successful Proposer will be incorporated as a binding commitment of the Contractor in Exhibit 8 (*Contractor Commitments*) of the Contract.

(ii) **Delay Compensation Rate for Phase 1**

- (A) The "**Delay Compensation Rate for Phase 1**" is the Proposer's fixed daily rate to compensate the Contractor for any additional impacts caused by a Compensable Delay to the performance of the Phase 1 Work in accordance with the Contract. The fixed daily rate must be expressed as a dollar amount per day. In accordance with the Contract, the fixed daily rate will represent the total compensation payable or to be payable, to the Contractor for any period of a Compensable Delay to the Phase 1 Work.
- (B) The Proposer must specify its Delay Compensation Rate for Phase 1 by completing the Price Proposal Form. The Price Proposal must not include a Delay Compensation Rate for Phase 1 in an amount less than \$8,000 per Day.
- (C) For the purposes of the calculation of the Total Evaluation Price and Fee for the purposes of the evaluation of Price Proposals only, the Delay Compensation Rate for Phase 1 must be converted to an aggregate total dollar amount for Phase 1 using an assumed quantity

of 50 Days of Compensable Delay during Phase 1, as indicated on the Price Proposal Form.

- (D) Pursuant to Section 3.1(d) (*Inclusion of Proposal in the Contract*), the Delay Compensation Rate for Phase 1 of the successful Proposer will be incorporated as a binding commitment of the Contractor in Exhibit 8 (Contractor Commitments) of the Contract, and will be used by LACMTA and the Contractor to calculate Delay Compensation during Phase 1. The actual number of Days of Compensable Delay during Phase 1 may be greater or lesser than the assumed quantity included in this RFP for evaluation purposes only. The Contractor will be paid Delay Compensation only for the actual Days of Compensable Delays with respect to the Phase 1 Work, as determined under the Contract, without reference to the assumed quantity that is used under this RFP for evaluation purposes. The Contractor will not be entitled to increase the Delay Compensation Rate for the Phase 1 Work if the number of Days of Compensable Delay differs (whether higher or lower) from the assumed quantity used under this RFP for evaluation purposes.

(iii) **Phase 2 Management Lump Sum Fee**

- (A) The "**Phase 2 Management Lump Sum Fee**" is the Proposer's fee for all costs required to satisfy the Key Personnel requirements for Phase 2 under the Contract, inclusive of all Phase 2 Key Personnel Costs. The Phase 2 Management Lump Sum Fee must:
 - (aa) be expressed as a lump sum dollar amount per month for the Phase 2 Key Personnel Costs;
 - (bb) include all items marked for the Phase 2 Management Lump Sum Fee in the Cost Allocation Matrix; and
 - (cc) not include any items included in the Phase 2 Margin Percentage to be specified by the Proposer.
- (B) The Proposer must specify its Phase 2 Management Lump Sum Fee by completing the Price Proposal Form. The Price Proposal must not include a Phase 2 Management Lump Sum Fee in an amount less than \$90,000 or greater than \$150,000 per month. A Proposal will be deemed non-responsive if the Phase 2 Management Lump Sum Fee is outside of the specified range.
- (C) For the purposes of the calculation of the Total Evaluation Price and Fee for the purposes of the evaluation of Price Proposals only, the Phase 2 Management Lump Sum Fee per month must be:

- (aa) calculated on the assumption that all Key Personnel required to perform the Phase 2 Work will be available on a full-time (100% utilization) basis; and
 - (bb) converted to an aggregate total dollar amount for the assumed period for performance of the Phase 2 Work by multiplying the Phase 2 Management Lump Sum Fee per month by an assumed Phase 2 period of 13 months, as indicated on the Price Proposal Form.
- (D) Pursuant to Section 3.1(d) (*Inclusion of Proposal in the Contract*), the Phase 2 Management Lump Sum Fee of the successful Proposer will be incorporated as a binding commitment of the Contractor in Exhibit 8 (*Contractor Commitments*) of the Contract, and will be used by LACMTA and the Contractor to calculate the Contractor Management Fee to be included in the Phase 2 Contract Price in accordance with Section 22.3 (*Contractor Management Fee*) of the Contract. The assumed utilization for Key Personnel required to perform the Phase 2 Work and the assumed period for performance of the Phase 2 Work included in this RFP are for the purposes of the evaluation of Price Proposals only and are not intended to reflect the Key Personnel utilization or Contract Time for the Phase 2 Work to be utilized to calculate the Contractor Management Fee under the Contract. The Key Personnel utilization and the Contract Time for the Phase 2 Work as determined under the Contract may be greater than or less than the assumed Key Personnel utilization and assumed period for performance of the Phase 2 Work included in this RFP. The Phase 2 Management Lump Sum Fee of the successful Proposer will be used to calculate the Contractor Management Fee to be included in the Phase 2 Contract Price based on the Key Personnel utilization and the number of months under the Contract Time for the Phase 2 Work in accordance with Section 22.3 (*Contractor Management Fee*) of the Contract, without reference to the assumed utilization for Key Personnel required to perform the Phase 2 Work or the assumed period for performance of the Phase 2 Work that is used under this RFP for evaluation purposes. The Contractor will not be entitled to increase the fully burdened rates for each Key Personnel or the monthly Phase 2 Management Lump Sum Fee if the utilization for Key Personnel or Contract Time for the Phase 2 Work differs (whether higher or lower) from the assumed period for performance used under this RFP for evaluation purposes.

(iv) **Phase 2 Margin Percentage**

- (A) The "**Phase 2 Margin Percentage**" is the maximum markup percentage that may be applied to the Construction Cost to cover all profit and markup costs, in the aggregate, for the Contractor and any

and all Affiliated Subcontractors (at any tier), for the Phase 2 Work including: (1) all costs related to Contractor (and any and all Affiliated Subcontractors, at any tier) home (or main), branch and regional office general & administrative (G&A) and support staff who provide corporate management oversight, corporate accounting, corporate safety, corporate quality control, corporate administration, corporate IT, legal services, corporate payroll and benefit accounting/administration. The pricing of this item should be based on actual and audited records of home office costs; (2) profit for the Phase 2 Work, in the aggregate for the Contractor and any and all Affiliated Subcontractors (at any tier); (3) Contractor's costs of capital and interest for the Phase 2 Work; and (4) any other Contractor or Affiliated Subcontractor markups, without contingencies, applied to all cost categories including labor, equipment, materials, and subcontractor costs.

The Phase 2 Margin Percentage must:

- (aa) be expressed as a percentage and carried out to one decimal place;
 - (bb) include all cost items described in this Section 4.6(b)(iv)(A) and as marked for the Phase 2 Margin Percentage in the Cost Allocation Matrix. The Phase 2 Margin Percentage must be calculated in a manner that is transparent and avoids double-counting across cost items;
 - (cc) not include any items included in the Phase 2 Management Lump Sum Fee to be specified by the Proposer. Proposers are reminded that under the Contract, the Phase 2 Margin Percentage is applied to the Construction Cost (which excludes the Phase 2 Management Lump Sum Fee); and
 - (dd) shall not be applied to the cost of any Charging System Equipment. The markup for such charging equipment shall be as described in Section 22.2(b) (Markups for Change) of the Contract.
- (B) The Proposer must specify its Phase 2 Margin Percentage by completing the Price Proposal Form. The Price Proposal must not include a Phase 2 Margin Percentage in an amount less than 7% or greater than 12%. A Proposal will be deemed non-responsive if the Phase 2 Margin Percentage is outside of the specified range.
- (C) For the calculation of the Total Evaluation Price and Fee for the purposes of the evaluation of Price Proposals only, the Phase 2 Margin Percentage must be converted to a dollar amount by

multiplying the Phase 2 Margin Percentage by the assumed Construction Cost of \$135,000,000 (which excludes the cost of any Charging System Equipment), as indicated on the Price Proposal Form.

- (D) Pursuant to Section 3.1(d) (*Inclusion of Proposal in the Contract*), the Phase 2 Margin Percentage of the successful Proposer will be incorporated as a binding commitment of the Contractor in Exhibit 8 (Contractor Commitments) of the Contract, and will be used by LACMTA and the Contractor to calculate the Phase 2 Contract Price. The assumed Construction Cost included in this RFP is for the purposes of the evaluation of Price Proposals only and is not intended to accurately reflect the Construction Cost to be developed and negotiated under the Contract. The Construction Cost developed and negotiated under the Contract may be higher or lower than the assumed Construction Cost used in this RFP for evaluation purposes. The Phase 2 Margin Percentage of the successful Proposer will be used to calculate the Phase 2 Contract Price in accordance with Section 22.2 (Markups for Change) of the Contract, without reference to the assumed Construction Cost used under this RFP for evaluation purposes. The Contractor will not be entitled to increase the Phase 2 Margin if the Construction Cost that is developed and negotiated under the Contract differs (whether higher or lower) from the assumed Construction Cost that is used in this RFP for evaluation purposes.

(v) **Phase 3 Margin Percentage**

- (A) The "**Phase 3 Margin Percentage**" is the maximum markup percentage that may be applied to the O&M Cost to cover all profit and markup costs, in the aggregate, for the Contractor and any and all Affiliated Subcontractors (at any tier), for the Phase 3 Work including: (1) all costs related to Contractor (and any and all Affiliated Subcontractors, at any tier) home (or main), branch and regional office general & administrative (G&A) and support staff who provide corporate management oversight, corporate accounting, corporate safety, corporate quality control, corporate administration, corporate IT, legal services, corporate payroll and benefit accounting/administration. The pricing of this item should be based on actual and audited records of home office costs; (2) profit for the Phase 3 Work, in the aggregate for the Contractor and any and all Affiliated Subcontractors (at any tier); and (3) any other Contractor or Affiliated Subcontractor profit and mark-up costs, without contingencies, applied to all labor and other operating expenditure (excluding the cost of purchasing, replacing or overhauling any Charging System Equipment).

The Phase 3 Margin Percentage must:

- (aa) be expressed as a percentage and carried out to one decimal place; and
 - (bb) include all cost items described in this Section 4.6(b)(iv)(A) and as marked for the Phase 3 Margin Percentage in the Cost Allocation Matrix. The Phase 3 Margin Percentage must be calculated in a manner that is transparent and avoids double-counting across cost items.
- (B) The Proposer must specify its Phase 3 Margin Percentage by completing the Price Proposal Form. The Price Proposal must not include a Phase 3 Margin Percentage in an amount less than 7% or greater than 12%. A Proposal will be deemed non-responsive if the Phase 3 Margin Percentage is outside of the specified range.
- (C) For the calculation of the Total Evaluation Price and Fee for the purposes of the evaluation of Price Proposals only, the Phase 3 Margin Percentage must be converted to a dollar amount by multiplying the Phase 3 Margin Percentage by the assumed O&M Cost of \$11,000,000, as indicated on the Price Proposal Form.
- (D) Pursuant to Section 3.1(d) (*Inclusion of Proposal in the Contract*), the Phase 3 Margin Percentage of the successful Proposer will be incorporated as a binding commitment of the Contractor in Exhibit 8 (Contractor Commitments) of the Contract, and will be used by LACMTA and the Contractor to calculate the Phase 3 Contract Price. The assumed O&M Cost included in this RFP is for the purposes of the evaluation of Price Proposals only and is not intended to accurately reflect the Phase 3 Contract Price to be developed and negotiated under the Contract. The Phase 3 Contract Price developed and negotiated under the Contract may be higher or lower than the assumed O&M Cost used in this RFP for evaluation purposes. The Phase 3 Margin Percentage of the successful Proposer will be used to calculate the Phase 3 Contract Price in accordance with Section 22.2 (Markups for Change) of the Contract, without reference to the assumed O&M Cost used under this RFP for evaluation purposes. The Contractor will not be entitled to increase the Phase 3 Margin if the O&M Cost that is developed and negotiated under the Contract differs (whether higher or lower) from the assumed O&M Cost that is used in this RFP for evaluation purposes.

(c) **Price Proposal supporting information**

- (i) In accordance with the instructions and form set out in Appendix E (*Price Proposal Instructions*), the Proposer shall provide in the form of supporting information for its Price Proposal:

- (A) using Form 60 (Supporting Information (Phase 1 Preconstruction Lump Sum Fee)), a separate breakdown of the Phase 1 Preconstruction Lump Sum Fee, showing the breakdown of all items used in establishing the Phase 1 Preconstruction Lump Sum Fee, including all direct labor, Key Personnel, labor overhead, and other direct costs;
 - (B) a separate breakdown of the total labor hours and cost by staff/position for the Phase 1 Work. This breakdown must include all staff listed in the functional organizational chart(s) included as part of the Phase 1 Proposal;
 - (C) using Form 70 (Supporting Information (Phase 2 Management Lump Sum Fee)), a separate breakdown of the Phase 2 Management Lump Sum Fee, showing the breakdown of all items used in establishing the Phase 2 Management Lump Sum Fee;
 - (D) using Form 70 (Supporting Information (Phase 2 Margin Percentage)), a separate breakdown of the Phase 2 Margin Percentage, showing the breakdown of all items used in establishing the Phase 2 Margin Percentage; and
 - (E) using Form 80 (Supporting Information (Phase 3 Margin Percentage)), a separate breakdown of the Phase 3 Margin Percentage, showing the breakdown of all items used in establishing the Phase 3 Margin Percentage.
- (ii) The supporting information and breakdowns provided by the Proposer under this Section 4.6(c) will not be evaluated but may be incorporated into the Contract as a Contractor Commitment and utilized pursuant to the Contract in accordance with Section 3.1(d) (*Inclusion of Proposal in the Contract*). In the case that there is any discrepancy or conflict between the information provided by the Proposer in the Price Proposal Form submitted by the Proposer as part of its Price Proposal and the supporting information submitted in accordance with this Section 4.6(c) and Appendix E (*Price Proposal Instructions*), the amount and margin proposed in the Price Proposal Form will prevail.

4.7 Evaluation process

(a) Proposal Evaluation Team

- (i) The overall evaluation process will be performed by LACMTA's Proposal Evaluation Team (PET), supported by subject matter experts in the areas to be evaluated.
- (ii) As set out in Sections 4.2 (*Responsiveness review*) and 4.3 (*Responsibility review*), Proposals will be reviewed for compliance with this RFP and

LACMTA will determine if Proposers are responsible. If a Proposal is deemed non-responsive, or a Proposer is determined to be not responsible, the Proposer will be so advised in writing by LACMTA.

- (iii) Only the evaluation criteria and sub-criteria set out in this RFP will be used by the PET to evaluate Proposals and these criteria and sub-criteria will be given the scoring and weighting set out in this RFP.

(b) Price Proposal considerations

Except as otherwise provided in this RFP, no aspect of the Price Proposal may be subject to any assumptions, qualifications or conditions and LACMTA may not award a Price Proposal Score to any Price Proposal that is so qualified. All pricing and fees provided by the Proposer, including in the supporting information for the Proposer's Price Proposal, must represent realistic and reasonable prices for probable costs.

(c) Oral presentations

LACMTA, in its sole discretion, may request oral presentations from Proposers (or one or more Key Personnel for Proposers) within the competitive range established by LACMTA under Section 4.7(e)(i) (*Discussions and Best and Final Offers*) or, if LACMTA does not establish a competitive range but elects to request oral presentations, from any or all Proposers found responsive and responsible. Oral presentations will provide a Proposer (or its Key Personnel, as applicable) an opportunity to highlight certain aspects of its Proposal, enhance the PET's understanding of a Proposal and facilitate the evaluation process. Oral presentations will not be used to cure Proposal deficiencies or material omissions, materially alter the technical or cost elements of the Proposal and/or otherwise revise the Proposal. The PET members may adjust Phase 1 Proposal Scores, upward or downward, after a Proposer's (or its Key Personnel's, as applicable) oral presentation.

(d) Requests for clarification

- (i) LACMTA or the PET may, at any time during the Proposal evaluation, issue one or more requests for clarification to one or more Proposers, seeking additional information or clarification from a Proposer, and may request a Proposer to verify or certify certain aspects of its Proposal. Proposers must respond to any request by the time specified by LACMTA or the PET in the request. The scope, length, and topics to be addressed in requests for clarification must be prescribed by, and subject to the sole discretion of, LACMTA or the PET (as applicable). Upon receipt of any requested additional information or clarification, the applicable Proposal or Proposals may be re-evaluated by LACMTA and the PET to consider such additional information or clarification.

- (ii) Any additional information or clarification submitted by a Proposer pursuant to this Section 4.7(d) will become a part of the Proposer's Proposal and may be used for the evaluation of Proposals.

(e) **Discussions and Best and Final Offers**

- (i) LACMTA, in its sole discretion, may decide to conduct discussions after evaluation of all Proposals with any or all Proposers found responsive and responsible. If discussions are conducted, LACMTA, in its sole discretion, may establish an initial competitive range based on the ratings of each Proposal against the evaluation criteria and including any or all Proposals that LACMTA, in its sole discretion, determines to have a reasonable chance for contract award. If LACMTA establishes a competitive range, discussions may be conducted with any or all Proposers in the competitive range. LACMTA may, after initial discussions with any Proposer(s), conduct discussions with other Proposers, including those found responsive and responsible but whose Proposals were not identified in the initial competitive range.
 - (ii) The primary objective of discussions is to maximize LACMTA's ability to obtain best value based on the requirements and the evaluation criteria set forth in this RFP. To that end, discussions may include negotiations, bargaining, or exchanges on technical requirements, price, schedule, or contract terms. Discussions will be tailored to each Proposer's Proposal and may address significant weaknesses, adverse past performance information and other aspects of the Proposal that could be modified to improve the Proposal.
 - (iii) Discussions shall be conducted in a fair and impartial manner and shall not reveal a Proposer's price or proprietary information to other Proposers and shall not attribute any other information included in a Proposal to a specific Proposer.
 - (iv) After discussions, Proposers remaining in the competitive range (if applicable) may be given the opportunity to modify Proposals by submitting a best and final offer ("**BAFO**"). The BAFO shall fully comply with the requirements of this RFP, including all Amendments. The PET members may revise Phase 1 Proposal Scores and/or Price Proposal Scores based on the information contained in the BAFO.
- (f) LACMTA, in its sole discretion, may evaluate Proposals and award a contract without requests for clarifications, oral presentations, discussions or negotiations.

4.8 Determination of the successful Proposer

- (a) Subject to exercising any of LACMTA's rights under Section 4.2 (*Responsiveness review*) or IP-13 (*LACMTA Rights*) at its sole discretion, LACMTA will combine the Phase 1 Proposal Score and Price Proposal Score of each responsive and

responsible Proposer to create an aggregate score for each Proposer (the "**Combined Score**") and then rank all such Combined Scores.

- (b) The PET will recommend a final selection of the successful Proposer based on the evaluation criteria in Sections 4.5 (*Phase 1 Proposal evaluation criteria*) and 4.6 (*Price Proposal evaluation criteria*) and the responsible Proposer with the highest Combined Score as determined under this Section 4.8.

4.9 **Executing the Contract**

- (a) By submitting its Proposal, each Proposer commits to cooperate with LACMTA following Notice of Intent to Award to finalize and execute the Contract included in this RFP (including attending and actively participating in reasonably scheduled meetings), without any revisions except with respect to the following:
 - (i) minor changes, additions, and modifications necessary to create a complete and legally binding contract;
 - (ii) additions or modifications in accordance with Section 3.1(d) (*Inclusion of Proposal in the Contract*) or otherwise required in order to incorporate terms or concepts, and any commitments above and beyond what is required by the Contract Documents provided in the Proposal submitted by the successful Proposer that have been approved or required by LACMTA for inclusion in the Contract; and
 - (iii) additions or modifications required to complete the schedules, exhibits, appendices, or forms, as applicable, in the Contract.
- (b) If the successful Proposer fails to cooperate with LACMTA to finalize and execute the Contract (including by insisting upon terms or conditions for any documents negotiated or provided by the successful Proposer under this RFP, including the Contract, that are inconsistent with this RFP) in accordance with Section 4.9(a), it may forfeit its Proposal Security.

4.10 **Withdrawal of successful Proposer status**

LACMTA may revoke a Proposer's status as successful Proposer in accordance with Section 2 (*General Instructions to Proposers*), IP-13 (*LACMTA Rights*). In such case, LACMTA reserves the right, and will be entitled, to:

- (a) reject all Proposals;
- (b) issue a request for Proposal revisions to all Proposers; or
- (c) proceed with the Proposal that had passed all steps of the evaluation process described in Section 4 (*Evaluation criteria and evaluation process*) and achieved the next highest Combined Score to negotiate and finalize (or attempt to negotiate

and finalize) a Contract with that Proposer in accordance with Section 4.9 (*Executing the Contract*).

Definitions and Interpretation

1.1 Definitions

Definitions of capitalized terms used and not otherwise defined in this RFP are set out in Exhibit 1 (*Definitions*) of the Contract.

"Acceptable Safety Record" is defined in Section 4.2(c)(vi) (*Responsiveness review*).

"Administrative Submittals" means the submittals to LACMTA made by a Proposer in response to the requirements in Appendix C (*Administrative Submittal Instructions*).

"Affiliate" means in relation to any Person:

- (a) any entity other than that Person which owns 25% or more of that Person, such as parent companies or holding companies;
- (b) a subsidiary or an entity in which that Person owns 25% or more;
- (c) an entity in which a major stockholder or owner of that Person owns a controlling interest;
- (d) an entity with which that Person has or has had an unseverable business or professional identity; and
- (e) any permanent or temporary common business enterprise relationship in which the parties share operating responsibility and profits such as joint ventures.

"Amendment" means supplemental additions, deletions, and modifications to the provisions of this RFP after the release date of this RFP.

"BAFO" is defined in Section 4.7(e)(iv) (*Discussions and Best and Final Offers*).

"California Public Records Act" or **"CPRA"** is defined in Section 1.16(b)(i) (*Public disclosure; Requests for disclosure of exempt information*).

"Combined Score" is defined in Section 4.8(a) (*Determination of the successful Proposer*).

"COMP" is defined in Section 1 (*Letter of Invitation; Letter of Invitation Supplement (Federal) – Progressive Design Build Operate and Maintain*).

"Construction Costs" means the construction and other costs for the Phase 2 Work, excluding Phase 2 Key Personnel Costs, the Phase 2 Margin Percentage, and the cost of any Charging System Equipment.

"Contract" means the contract to be entered into between LACMTA and the Contractor for the Project, including the Project Requirements and all other Exhibits, a draft of which comprises Section 6 (*Form of Contract (including the Project Requirements and all other Exhibits)*).

"Contract Administrator" means the Person identified as the Contract Administrator in Section 1 (*Letter of Invitation; Communication with LACMTA*), as updated by LACMTA from time to time, as published on LACMTA's Vendor Portal.

"Contractor" means the successful Proposer that executes or will execute, the Contract with LACMTA, as described in Section 4.9 (*Executing the Contract*).

"Contractor Pre-Qualification Application" means the Contractor Pre-Qualification Application described in Section 2, IP-01 (*Pre-Qualification Requirements*).

"Cost Allocation Matrix" means the Cost Allocation Matrix in Appendix E (*Price Proposal Instructions*).

"CPRA Exempt Material" means information which a Proposer designates not to be a public record under the California Public Records Act, and which the Proposer identifies as qualifying for legal exemption from disclosure under the California Public Records Act.

"CPRA Exempt Material Index" is defined in Section 1.16(b)(ii)(B) (*Confidentiality and the California Public Records Act compliance*).

"DBE OEPP" is defined in Section 1 (*Letter of Invitation; Letter of Invitation Supplement (Federal) – Progressive Design Build Operate and Maintain*).

"Delay Compensation Rate for Phase 1" is defined in Section 4.6(b)(ii)(A) (*Delay Compensation Rate for Phase 1*).

"Key Subcontractor" means any identified subcontractor of any tier identified by the Proposer in its Proposal as having primary responsibility for performance of a material part of the work.

"LACMTA" and **"Metro"** are defined in Section 1 (*Letter of Invitation; Notice and Invitation*).

"LACMTA's Vendor Portal" means <https://business.metro.net/>.

"Notice of Intent to Award" means the notice that will be sent to all Proposers containing the name of the proposed Contractor to whom LACMTA intends to award a Contract.

"O&M Cost" means the operational expenditure for the Phase 3 Work for the six year base term, excluding the Phase 3 Margin Percentage and the cost of purchasing, replacing or overhauling any Charging System Equipment.

"Organizational Change" is defined in Section 1.9(b) (*Changes in Proposer's organization*).

"Phase 1 Preconstruction Lump Sum Fee" is defined in Section 4.6(b)(i)(A) (*Phase 1 Preconstruction Lump Sum Fee*).

"Phase 1 Proposal" means a Proposer's response to the requirements set out in Appendix D (*Phase 1 Proposal Instructions*).

"Phase 1 Proposal Score" is defined in Section 4.5(a)(ii) (*Summary of Phase 1 Proposal evaluation criteria*).

"Phase 2 Key Personnel Costs" means the full amount of all costs required to satisfy the Key Personnel requirements following execution of a Phase 2 Supplement under the Contract including, with respect to those Key Personnel:

- (a) wages, including the cost of benefits except other compensation not included in wages;
- (b) travel in accordance with the LACMTA Travel and Expense Guidelines set out in Appendix E (*Price Proposal Instructions*) including costs related to transport to the Worksite (covers shuttles, parking, personal or corporate vehicles and their operation and maintenance, whether owned or rented);
- (c) accommodation expenses in accordance with the LACMTA Travel and Expense Guidelines set out in Appendix E (*Price Proposal Instructions*);
- (d) per diem in accordance with the LACMTA Travel and Expense Guidelines set out in Appendix E (*Price Proposal Instructions*); and
- (e) subsistence during performance of Work under the Contract (covers any expenses outside of the travel, accommodation, and per diem).

"Phase 2 Management Lump Sum Fee" is defined in Section 4.6(b)(iii)(A) (*Phase 2 Management Lump Sum Fee*).

"Phase 2 Margin Percentage" is defined in Section 4.6(b)(iv)(A) (*Phase 2 Margin Percentage*). The Phase 2 Margin Percentage shall not be applied to the cost of any Charging System Equipment.

"Phase 3 Margin Percentage" is defined in Section 4.6(b)(v)(A) (*Phase 3 Margin Percentage*).

"Price Proposal" means a Proposer's response to the requirements set out in Appendix E (*Price Proposal Instructions*).

"Price Proposal Form" means Form Vol 3-1 (*Price Proposal Form*) of Appendix E (*Price Proposal Instructions*) submitted or to be submitted by Proposer as part of its Price Proposal.

"Price Proposal Score" is defined in Section 4.6(a)(iv) (*Summary of Price Proposal evaluation criteria*).

"Progressive Design-Build Operate and Maintain" or "PDBOM" is the delivery model of this Contract as defined in Section 1 (*Letter of Invitation for Proposal; Notice and Invitation*), which includes performance of an iterative design development process in collaboration with the project owner; use of an iterative, progressive build-up and pricing of the construction work in collaboration with the project owner during predevelopment or preconstruction; the management of the competitive bidding of subcontractors post-contract award, and the management of and/or performance of operations and maintenance services.

"Project" is defined in Section 1 (*Letter of Invitation; Notice and Invitation*).

"Project Labor Agreement" means the Project Labor Agreement described in Section 1.14 (*Project Labor Agreement*).

"Proposal" means a Proposer's response, in its entirety, to this RFP including the Administrative Submittals, the Phase 1 Proposal and the Price Proposal.

"Proposal Due Date" means the date and time by which the Proposal must be submitted as shown in the RFP Schedule.

"Proposal Evaluation Team" or "PET" means the proposal evaluation team anticipated to be formed by LACMTA, to issue requests for clarification to Proposers and review, evaluate and make recommendations to LACMTA with respect to the Proposals, RFP Comments, and any other information or materials submitted by the Proposers.

"Proposal Letter" means a letter submitted by the Proposer with its Proposal in the form set out as the "Form of Proposal Letter" in Appendix C (*Administrative Submittal Instructions*).

"Proposal Security" is defined in Section 3.5(a)(i) (*Delivery of Proposal Security*).

"Proposal Validity Period" is defined in Section 3.1(e)(i) (*Proposal Validity Period*).

"Proposer" means the entity, company, partnership or joint venture, including any Proposer Members:

- (a) prior to Proposal submission, interested in submitting a Proposal in response to this RFP and that has obtained a copy of this RFP; or
- (b) on and after Proposal submission, that has submitted a Proposal in response to this RFP.

4. The Proposer acknowledges receipt of the following Amendments:
 - (a) [●];(together, the "Amendments").
5. If identified as the successful Proposer by LACMTA, the Proposer agrees to do the following:

- (a) finalize, execute, and deliver the Contract (and all agreements attached thereto) solely as provided in Section 4.9 (*Executing the Contract*) of the RFP, no later than the deadline for execution of the Contract set forth in the RFP Schedule;
 - (b) cooperate with LACMTA to finalize and execute the Contract included in the RFP, without any revisions except with respect to the following:
 - (i) minor changes, additions and modifications necessary to create a complete and legally binding contract;
 - (ii) additions or modifications in accordance with Section 3.1(d) (*Inclusion of Proposal in the Contract*) of the RFP or otherwise required in order to incorporate terms or concepts, and any commitments above and beyond what is required by the Project Documents provided in the Proposal submitted by the successful Proposer that have been approved or required by LACMTA for inclusion in the Contract;
 - (iii) additions or modifications required to complete the schedules, exhibits, appendices, or forms, as applicable, in the Contract; and
 - (c) provide LACMTA:
 - (i) all required certificates of insurance;
 - (ii) a Performance Bond and Payment Bond, in each case in the amounts stipulated in the Contract,

and satisfy any other requirements for execution of the Contract and issuance of the Notice to Proceed for Phase 1 as stipulated in the RFP and/or the Contract, and perform its obligations as set out in the RFP and the Contract, including compliance with all commitments contained in the Proposal.
6. The timely and complete performance of the foregoing obligations by the Proposer is secured by the Proposal Security, one original of which is enclosed with this Proposal. In submitting its Proposal, the Proposer understands and agrees that the disposition of, and the Parties' respective rights with respect to, the Proposal Security will be subject to the terms of Section 3.5 (*Proposal Security*) of the RFP.
7. The Proposer certifies that:
- (a) the only persons, firms, companies, corporations, joint ventures/partnerships, and/or other parties interested in the Proposal as Proposer Members (if applicable) and Key Subcontractors are those listed as such in the Proposal;
 - (b) each contractor and subcontractor (as defined by California Labor Code section 1722.1) proposed to perform public works (as defined in California Labor Code section 1720) is currently registered and qualified to perform public work pursuant to California Labor Code section 1725.5 and Section 1.13 (*Qualification and licensing requirements*) of the RFP;
 - (c) the Proposer has provided to LACMTA evidence reasonably acceptable to LACMTA that it or each member, as applicable, is qualified to do business in California pursuant to Section 1.13(b)(ii) (*Qualification and licensing requirements*) of the RFP;

- (d) the Proposer has provided to LACMTA evidence that the Proposer, or each Proposer Member, as applicable, has a California State Contractor's License Classification A pursuant to Section 1.13(b) (*Qualification and licensing requirements*) of the RFP;
- (e) during the period beginning from the issuance of the RFP and ending at the Proposal Due Date, no Proposer Member has had any direct or indirect communications regarding the Project or the RFP with:
 - (i) another Proposer (subject to Section 1.10 (*Limitations on participation on more than one Proposer team*) of the RFP);
 - (ii) LACMTA; or
 - (iii) any board members, representatives, employees, advisors, contractors, or consultants of the foregoing involved with the procurement of the Project (including those referenced in Section 1.8 (*Organizational conflicts of interest*) of the RFP),
 except for:
 - (A) with respect to paragraph 7(d)(i), contacts made prior to Proposal submission that relate solely to bona fide inquiries regarding the formation of potential Proposer teams; and
 - (B) communications expressly permitted by the terms of the RFP or as approved in writing in advance by LACMTA, in its sole discretion;
- (f) it has carefully examined and is fully familiar with all of the provisions of the RFP, has reviewed: (i) all materials provided by LACMTA, and (ii) the Amendments, and is satisfied that the RFP provides sufficient detail regarding the obligations to be performed by the Contractor;
- (g) it has carefully checked the accuracy of all the words, figures and statements in the Proposal;
- (h) it is satisfied as to the conditions to be encountered in performing the Phase 1 Work and the terms of the Contract;
- (i) it has examined the experience, skill and certification (if any) requirements specified in the Project Requirements and that the entities (contractor, subcontractor, supplier) performing the work fulfil the specified requirements;
- (j) it has examined the "Minimum Qualifications/ Experience" specified for each Key Personnel position in the Project Requirements and the persons proposed to fill each Key Personnel position under the Proposal satisfy those minimum requirements;
- (k) it has: (i) an established safety program that complies with the provisions of the RFP and all government regulations, including California Labor Code section 6401.7 and Cal-OSHA General Industry Order, Title 8, Subchapter 7, Section 3203; and (ii) an Acceptable Safety Record as defined in the RFP;
- (l) all costs included in the Price Proposal are allowable in accordance with the cost principles in 2 C.F.R. Part 200, subpart E, and the Price Proposal does not include any costs which

are expressly unallowable under applicable cost principles of 2 C.F.R. Part 200, subpart E;
and

- (m) it has notified LACMTA of any deficiencies in or omissions in the RFP or other documents provided by LACMTA.
- 8. The Proposer understands and agrees that LACMTA will be under no obligation to make a selection of any Proposer in response to the RFP. Should the successful Proposer fail to execute the Contract in accordance with the requirements of the RFP, LACMTA reserves the right, in LACMTA's sole discretion, to select an alternative Proposer to execute the Contract.
- 9. The Proposer understands and agrees that the cost of preparing the Proposal, and any and all other costs incurred by it at any time during the RFP Process, will be borne solely by the Proposer.
- 10. The Proposer understands that portions of the successful Proposer's Proposal may be attached as exhibits and incorporated into the Contract and in such case will be binding obligations of the Contractor under the Contract in accordance with Section 3.1(d) (*Inclusion of Proposal in the Contract*) of the RFP.
- 11. The Proposer certifies that unless otherwise noted within this letter, the Proposal has been submitted without exception and all the terms of the RFP and the Contract are acceptable to the Proposer. The Proposer understands that in accordance with Section 2 (*General Instructions to Proposers*), IP-08 (*Modifications and Alternative Proposals*) of the RFP the Proposer is cautioned to limit exceptions, conditions, qualifications and limitations to the provisions of the RFP as they may be determined by LACMTA to cause the Proposal to be deemed non-responsive. LACMTA may initiate discussions to clarify or resolve such exceptions and may notify the Proposer to accept the terms without exception or be deemed non-responsive.

Exceptions (if any): _____

- _____
- _____
- 12. The Proposer consents to LACMTA's disclosure of its Proposal to any Persons as required by Applicable Law. The Proposer acknowledges and agrees to the disclosure terms described in Sections 1.16 (*Public disclosure; Requests for disclosure of exempt information*) and Section 2 (*General Instructions to Proposers*), IP-14 (*California Public Records Act*) of the RFP. The Proposer expressly waives any right to contest such disclosures by LACMTA.
 - 13. The Proposer agrees that:
 - (a) LACMTA will not be responsible for any errors, omissions, inaccuracies or incomplete statements in the Proposal;
 - (b) LACMTA's receipt of the Proposal does not constitute any statement or determination as to its completeness, responsiveness or compliance with the requirements of this RFP, including the Contract; and
 - (c) in the event a substantive difference is identified at any time prior to or following the execution of the Contract, between the Proposer's Proposal and any provision in the

Contract (including the Project Requirements), the provisions of the Contract will prevail and the Proposer will not be entitled to alter its Proposal.

14. The Proposal will be governed by and construed in all respects according to the law of the State of California.

Form of Proposal Bond

Bond No. _____

WHEREAS, on _____, _____, a _____ ("Principal"), submitted its proposal to the Los Angeles County Metropolitan Transportation Authority ("Obligee"), in response to Obligee's Request for Proposals (as amended or supplemented the "RFP") to seek competitive detailed proposals for the _____ project (the "Project") through a contract with the Obligee (the "Contract").

WHEREAS, Principal is required to furnish this bond as a condition to Obligee's acceptance of the Proposal.

NOW, THEREFORE, Principal and _____, a _____ ("Surety"), an admitted surety insurer in the State of California, are held and firmly bound unto Obligee in the amount of _____ (the "Bonded Sum"), for payment of which sum Principal and Surety jointly and severally firmly bind themselves and their heirs, executors, administrators, representatives, successors and assigns.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT:

Concurrently with the delivery of this Bond to Obligee, Principal is submitting a proposal to Obligee for the scope of work and services for the Project as described in the RFP and Contract.

NOW, THEREFORE, Principal and Obligee agree as follows:

1. The obligation to pay the Bonded Sum hereunder is absolute and unconditional, and unless said obligation is sooner discharged as provided below, the Bonded Sum shall be forfeited to Obligee, upon receipt by Principal and Surety or by Principal and Sureties listed on the attached page (the "Co-Sureties") of notice of such forfeiture from Obligee.
2. If Obligee has not previously delivered notice of forfeiture hereunder, upon occurrence of any of the following events, then this obligation shall be null and void; otherwise, it shall remain in full force and effect:
 - (a) Principal's receipt of written notification from Obligee that (i) Obligee has terminated the RFP Process and cancelled the RFP, or (ii) Obligee has awarded a Contract for the Project, has received the executed Contract and other required documents, and does not intend to award the Contract to Principal; or
 - (b) Failure of Obligee to award the Contract to Principal within the Proposal Validity Period; or
 - (c) Principal's performance of all of its obligations under the RFP in connection with award of the Contract, including execution and delivery of the Contract and delivery of all other documents required to be provided under the RFP as a condition to award, execution and delivery of the Contract by Obligee.
3. Correspondence or claims relating to this Proposal Bond should be sent to Surety at the following address _____.
4. If a lawsuit is brought on this bond by Obligee and judgment is recovered, Principal and Surety shall pay all costs incurred by Obligee in bringing such lawsuit, including, without limitation, actual attorneys' fees and costs as determined by the court.

5. Surety agrees that its obligation shall not be impaired by any extension(s) of the time for acceptance of Principal's Proposal that Principal may grant to Obligee, in accordance with the RFP or otherwise, and waives any notice of such extension(s).

6. This agreement shall be binding on the Principal and Surety executing the same, their legal representatives, successors and assigns.

7. Capitalized terms used but not defined above shall have the following meaning:

"Proposal Validity Period" means a period of 180 consecutive days commencing after the Proposal Due Date, as defined in the RFP, as such period may be extended by proposer in accordance with the RFP.

"RFP Process" means the procurement process to identify a successful Proposer, as defined in the RFP, to deliver the Project, commencing with the issuance of the RFP and terminating upon the execution of the Contract, or the date that the Los Angeles County Metropolitan Transportation Authority notifies the proposers that the procurement for the Project has been terminated, whichever occurs first, and includes the various steps described in the RFP.

IN WITNESS WHEREOF, Principal and Surety have caused this bond to be executed and delivered as of _____.

ETHICS DECLARATION

ETHICS DECLARATION

This form must be completed separately by all bidders and proposers, including all Prime Contractors and Subcontractors. The information provided by bidders and proposers is necessary for the Los Angeles County Metropolitan Transportation Authority (LACMTA) to make decisions under state law and LACMTA code.

Failure to complete the form in its entirety may result in significant delays and potential disqualification from the procurement. Bidders and proposers must review the "Ethics Guidance for Proposers" reference page attached to this Declaration.

Your company, including all entities identified below (collectively, "Declarant Company") must answer the questions below. The term "employee(s)" shall be defined as employees, officers, partners, owners, or directors of Declarant Company.

An affirmative response to any questions will not automatically cause disqualification. However, failure to answer questions in good faith or providing materially false answers may subject a bidder or proposer to disqualification from the procurement. **Please note that LACMTA conducts reviews of the accuracy of disclosed information.**

Contact the Ethics Department with any questions related to this Declaration.

Complete each section below. State "none" if applicable. By leaving any parts blank in Sections A or B, Declarant Company is stating that its response is "none".

D. ORGANIZATIONAL CONFLICTS OF INTEREST

Organizational Conflict of Interest (OCI) rules prescribe ethical standards of conduct applicable to persons and entities entering into contracts with LACMTA and applies to subcontractors/subconsultants as well as prime contractors/consultants.

Determinations of OCIs are intended to promote full and open competition, integrity, transparency and fairness in LACMTA procurements and contracts, prevent bidders and proposers from obtaining or appearing to obtain an unfair competitive advantage with respect to LACMTA procurements and contracts, ensure consultants and contractors provide services to LACMTA in an impartial and objective manner, provide guidance to make informed decisions while conducting business with LACMTA, and to protect the validity of agency contracts, interests, and confidential information concerning procurements.

OCI determinations are fact dependent. Typically, they arise in one of the following circumstances:

1. When a contractor or subcontractor's (contractor) previous work product, whether completed on behalf of LACMTA or another public or private entity, has been relied upon or significantly influenced the specifications or statement of work for the upcoming project or contract; or
2. When a contractor's previous work product, whether completed on behalf of LACMTA or another public or private entity, offered an opportunity for the contractor to make or influence findings with the intent of bidding on or participating in subsequent projects based on those findings; or
3. Whenever a contractor would be in a position to evaluate their own previous work product, whether it was completed on behalf of LACMTA or another public or private entity; or
4. When prior responsibilities in service of LACMTA or another public or private entity yields access to confidential information which puts the contractor at a significant competitive advantage over any other potential bidders or proposers, and the confidential information is not otherwise available and cannot be made available to other potential bidders or proposers.

Particular attention should be paid to any prior or current contractual requirements involving the rendering of advice, consultation, evaluation services, or similar activities that lay direct groundwork for decisions on the subject procurement.

When submitting a bid or proposal on a LACMTA contract, all bidders and proposers shall conduct a review of current affiliations and require all team members (subcontractors) to identify potential, real, or perceived OCIs relative to the anticipated procurement on the OCI disclosure form, provided below. The responsibility to recognize, disclose and propose methods to avoid, neutralize, or mitigate OCI rests with the bidder or proposer. Failure to disclose or misrepresent relevant information may result in LACMTA precluding a bidder or proposer from participation in the procurement or pursue such other remedies as may be permitted by law.

ORGANIZATIONAL CONFLICT OF INTEREST DISCLOSURE

OCI Form Instructions:

Bidders or proposers must complete this form.

Bidders or proposers planning to utilize one or more subcontractors/subconsultants must ensure that those entities complete this form.

Submittal of this form certifies that:

The Declarant Company's disclosures are complete and accurate.

The following page is a disclosure of any work your firm is performing or has previously performed related to this procurement including, if applicable, work performed on consultancy contracts relative to this procurement.

Please complete as a separate attachment for each contract or task order your firm performed work under related to this procurement.

- A. Describe all work performed as a prime contractor and/or subcontractor or subconsultant, including: (1) Identify the contract number and name; (2) Dates that work was performed or, if currently underway, date work started and its expected duration; (3) A description of the services provided; (4) If necessary, a description of proposed alternatives/mitigation measures.

Identify contract name and contract number:

Work performed as: Prime ☐ Subcontractor ☐

Period of Performance: From To

- B. Description of Services Provided:

- C. In the event that real or apparent organizational conflicts exist, please provide a description of proposed alternatives/mitigation measures:

E. DECLARATION

By signing this Ethics Declaration, Declarant Company attests that: (1) Declarant Company has read, understands, and shall abide by LACMTA's Contractor Code of Conduct at all times during its relationship with LACMTA; (2) Declarant Company's consultants and subcontractors have read or will promptly read and abide by LACMTA's Contractor Code of Conduct.

There are_____additional pages attached to this Ethics Declaration.

I,_____ (Authorized Representative), on behalf of
_____ (Declarant Company), at which I am employed as
_____ (Title), declare that after having made or caused to be made a reasonably diligent investigation regarding the Declarant Company, the foregoing responses, and the explanation on the attached sheet(s), if any, are correct to the best of my knowledge and belief.

Further, I understand that failure to answer the questions in good faith or providing materially false answers may subject Declarant Company to consequences, including disqualification of its Bid/Proposal.

ETHICS GUIDANCE FOR PROPOSERS

Contribution Restrictions

During a “pending proceeding” and for 12 months following a vote on a contract award, bidders and proposers are prohibited from making contributions over \$500 and agents/lobbyists who communicate with LACMTA concerning a contract are prohibited from making any contribution (\$0) to LACMTA Board Members. Outside of the pending proceeding phase and 12 month post-award phase, contributions over \$500 from contract parties, participants, or agents/lobbyists may result in the Board Member being disqualified from voting on the contract award. (Cal. Gov. Code § 84308).

Procurement Communications Blackout

Beginning when a procurement’s solicitation documentation is issued and continuing until LACMTA staff makes a public recommendation for award, bidders and proposers, and their agents, shall not contact by any means any 1) LACMTA Board Member or their staff; or 2) LACMTA staff other than those authorized to represent LACMTA concerning the procurement. Any contact shall be grounds for the disqualification of the proposer. (Public Utilities Code § 130685; Contractor Code of Conduct).

Gift Restrictions

Bidders and proposers, and their lobbyists, may not offer, give, or promise to offer or give, directly or indirectly, any gift to a LACMTA Board Member or employee. Furthermore, bidders and proposers, and their lobbyists, may not offer, give, or promise to offer or give, directly or indirectly, any gift to a LACMTA Board Member until 12 months after the contract award date. (Public Utilities Code § 130660(a); Contractor Code of Conduct).

Lobbying

Any bidder or proposer not in compliance with LACMTA’s lobbyist registration code, may not be eligible for a contract award. (Public Utilities Code § 130051.18; Contractor Code of Conduct).

Please consult the Contractor Code of Conduct for a full review of all applicable codes and laws, available at <https://www.metro.net/about/ethics/>.

FORM VOL 1-2.4 – IRAN CONTRACTING CERTIFICATION

[Complete a separate form for the Proposer (executed by the Proposer's Representative) and if the Proposer is a joint venture or partnership, a separate form for each Proposer Member, executed by the authorized representative of the relevant Proposer Member.]

Section 2200 et seq. of the California Public Contract Code prohibits a person from submitting a bid for a contract with a public entity for goods and services of \$1,000,000.00 or more if that person is identified on a list created by the Department of General Services (DGS) pursuant to Section 2203(b) of the California Public Contract Code. The list will include persons providing goods or services of \$20,000,000.00 or more in the energy sector of Iran and financial institutions that extend \$20,000,000.00 or more in credit to a person that will use the credit to provide goods or services in the energy sector in Iran. DGS is required to provide notification to each person that it intends to include on the list at least 90 days before adding the person to the list.

In accordance with Section 2204 of the California Public Contract Code, the undersigned hereby certifies that:

1. It is not identified on a list created pursuant to Section 2203(b) of the California Public Contract Code as a person engaging in investment activities in Iran described in Section 2202.5(a), or as a person described in Section 2202.5(b), as applicable; or
2. CONTRACTOR DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

Pursuant to 2 C.F.R. Part 1200 and 2 C.F.R. Part 180, to confirm the eligibility of the Bidder/Proposer or any covered Subcontractor to contract with LACMTA, Bidder/Proposer shall complete and submit with the bid/proposal the Certificate entitled "Certification of Prospective Contractor Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion", and comply with subsection 2 below related to each lower tier covered transaction.

1. Instructions for Bidder/Proposers Certification - Primary Covered Transactions

- A. In addition to signing and submitting this bid/proposal, the Bidder (also referred to as "prospective primary participant") shall also provide the Certificate entitled "Certification of Prospective Contractor Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Primary Covered Transactions".
- B. The inability of a person to provide the subject certification will not necessarily result in denial of participation in this Contract (also referred to as "primary covered transaction" or "covered transaction"). The Bidder/Proposer shall submit an explanation of why it cannot provide the subject certification. The certification or explanation will be considered in whether or not to enter into this Contract. Failure of the Bidder/Proposer to furnish a certification or an explanation shall disqualify the Bidder/Proposer from participation of this Contract.
- C. This certification is a material representation of fact upon which LACMTA will rely when LACMTA determines whether to enter into this Contract. If it is later determined that the Bidder/Proposer knowingly rendered an erroneous certification, LACMTA may terminate this Contract for cause or default in addition to other remedies available to LACMTA.
- D. The Bidder/Proposer shall provide immediate written notice to LACMTA if at any time the Bidder/Proposer learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- E. The terms covered transaction (or as used herein "Contract"), debarred, suspended, ineligible, lower tier covered transaction (or as used herein "Subcontract" including a subcontract with a supplier), participant (or as used herein "Bidder/Proposer"), person, primary covered transaction (or as used herein "Contract" or "Prime Contract"), principal, bid/proposal (or as used herein "Bid/Proposal") and voluntarily excluded, as used in this Section, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. The Bidder/Proposer may contact LACMTA for assistance in obtaining a copy of those regulations.
- F. The Bidder/Proposer agrees by submitting this bid/proposal that, should the Contract be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by LACMTA.
- G. The Bidder/Proposer further agrees by submitting this bid/proposal that it will include subsection 2 of this section and the certification titled "Certification of Prospective Lower Tier Participant Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions", provided by LACMTA in the Bid/Proposal Forms without

modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

- H. The Bidder/Proposer may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 C.F.R. Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. The Bidder/Proposer may decide the methods and frequency by which it determines the eligibility of its principals. The Bidder/Proposer may, but is not required to, check the records maintained by the federal System for Award Management (SAM).
- I. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this Section. The knowledge and information of the Bidder/Proposer is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- J. Except for transactions authorized under paragraph F of this subsection, if a Bidder/Proposer knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to LACMTA, LACMTA may terminate this transaction for cause or default.

2. **Instructions for Prime to Require of Sub-contractors Certification - Lower Tier Covered Transactions**

- A. By signing and submitting its lower tier bid/proposal, the prospective lower tier participant shall provide the certification in the Bid/Proposal Form entitled "Certification of Prospective Lower Tier Participant Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion".
- B. The certification in this subsection is a material representation of fact upon which LACMTA will rely when LACMTA enters into the Contract. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to LACMTA, LACMTA may pursue available remedies, including suspension and/or debarment.
- C. The prospective lower tier participant shall provide immediate written notice to the Bidder/Proposer if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
- D. The terms covered transaction (or as used herein "Contract"), debarred, suspended, ineligible, lower tier covered transaction (or as used herein "Subcontract", including a subcontract with a Supplier), participant (or as used herein "Bidder/Proposer"), person, primary covered transaction (or as used herein "Contract" or "Prime Contract"), principal, bid/proposal, and voluntarily excluded, as used in this section, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. The prospective lower tier participant may contact the Bidder/Proposer for assistance in obtaining a copy of those regulations.

- E. The prospective lower tier participant agrees by submitting its bid/proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this Contract, unless authorized by LACMTA.
- F. The prospective lower tier participant further agrees by submitting its bid/proposal that it will include this subsection 2 and the certification titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions", provided by LACMTA in the Bid/Proposal Forms without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- G. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 C.F.R. Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the records maintained by the federal System for Award Management (SAM).
- H. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this section. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- I. Except for transactions authorized under paragraph E of this subsection, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to LACMTA, LACMTA may pursue available remedies, including suspension and/or debarment.

**FORM 022 – CERTIFICATION OF PROSPECTIVE LOWER TIER PARTICIPANT REGARDING
DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION**

**LOWER TIER COVERED TRANSACTIONS (MUST BE COMPLETED BY PROSPECTIVE LOWER
TIER PARTICIPANT (SUBCONTRACTOR OR SUPPLIER) FOR CONTRACT VALUE OVER
\$100,000.00)**

[Complete a separate form for each Subcontractor that will enter into a Subcontract exceeding \$100,000.00 in value. See the instructions for completion in the section below entitled "CONTRACTOR DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION".]

Choose one alternative with an "X" in the box:

☐ The prospective lower tier participant certifies by submission of its lower tier bid or proposal to the best of its knowledge and belief, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency.

OR

☐ The prospective lower tier participant is unable to certify that neither it nor its principals is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded and attaches its explanation to this certification.

The prospective lower tier participant certifies or affirms the truthfulness and accuracy of the contents of the statements submitted on or with this certification and understands that the provisions of Title 31 U.S.C. § 3801 are applicable thereto.

- F. The prospective lower tier participant further agrees by submitting its bid/proposal that it will include this subsection 1 and the Certification (in the Bid/Proposal Forms) titled "Certification of Prospective Lower Tier Participant Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions", without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- G. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 C.F.R. Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the records maintained by the federal System for Award Management (SAM).

- H. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this Section. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- I. Except for transactions authorized under paragraph E of this subsection, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 C.F.R. Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to LACMTA, LACMTA may pursue available remedies, including suspension and/or debarment.

FORM 025 - CERTIFICATION OF COMPLIANCE WITH FEDERAL LOBBYING REQUIREMENTS (49 C.F.R. PART 20)

[Complete for the Proposer (executed by the Proposer's Representative).]

The _____ (Proposer) certifies to the best of its knowledge and belief that:

1. No federally appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency; a member of Congress, an officer or employee of Congress, an employee of a member of Congress; or any Board member or employee of LACMTA in connection with the awarding of any federal contract; any federally funded contract; or the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment or modification of any federal contract, federally funded contract grant, loan or cooperative agreement.
2. If any funds other than federal appropriated funds have been paid or will be paid to any person for making lobbying contacts, or influencing or attempting to influence; an officer or employee of any agency; a member of Congress; an officer or employee of Congress; an employee of a member of Congress or a Board member or employee of LACMTA in connection with this federally funded contract, grant, loan, or cooperative agreement, the undersigned shall register and comply with all federal disclosure requirements.
3. The undersigned shall require that the language of this certification be included in the solicitation and award documents for all subawards at all tiers including but not limited to subcontracts, subgrants and contracts under grants, loans and cooperative agreements and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Title 31 U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any offeror who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000.00 and not more than \$100,000.00 for each such failure.

Title

RESTRICTIONS ON LOBBYING

- (a) Definitions, as used in this document entitled "Restrictions on Lobbying":

Agency as defined in Title 5 U.S.C. § 552(f), includes federal executive departments and agencies as well as independent regulatory commissions. Agency also includes government corporations, as defined in Title 31 U.S.C. § 9101(1).

LACMTA means the Los Angeles County Metropolitan Transportation Authority.

Covered federal action means any of the following federal actions:

1. The awarding of any federal contract;
2. The making of any federal grant;
3. The making of any federal loan;
4. The entering into of any cooperative agreement, and
5. The extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan or cooperative agreement.

Covered federal action does not include receiving from an agency a commitment providing for the United States to insure or guarantee a loan.

Indian tribe and tribal organization have the meaning provided in the Indian Self-Determination and Education Assistance Act (see Title 25 U.S.C. § 5304). Alaskan Natives are included under the definitions of Indian tribes in that Act.

Influencing or attempting to influence means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with any covered federal action.

Local government means a unit of government in a state and, if chartered, established, or otherwise recognized by a state for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

Officer or employee of an agency includes the following individuals who are employed by an agency:

1. An individual who is appointed to a position in the government under Title 5 of the United States Code, including a position under a temporary appointment;
2. A member of the uniformed services as defined in Title 37 U.S.C. § 101(3);
3. A special government employee as defined in, Title 18 U.S.C. § 202; and
4. An individual who is a member of a federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5 U.S.C. Appendix 2.

Person means an individual, corporation, company, association, authority, firm, partnership, society, state, and local government, regardless of whether such entity is operated for profit or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other federal law.

Reasonable compensation means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the federal government.

Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

Recipient includes all contractors and subcontractors at any tier in connection with a federal contract. The term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other federal law.

Regularly employed means, with respect to an officer or employee of a person requesting or receiving a federal contract, an officer or employee who is employed by such person for at least 130 working days within one year immediately preceding the date of the submission who initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 days.

State means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a state, and a multi-state, regional, or interstate entity having governmental duties and powers.

(b) Prohibition.

(1) Title 31 U.S.C. § 1352 provides in part that no appropriated funds may be expended by the recipient of a federal contract, grant, loan, or cooperative agreement to pay any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with any of the following covered federal actions: the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

(2) The prohibition does not apply as follows:

(i) Agency and legislative liaison by Own Employees.

(A) The prohibition on the use of appropriated funds, in paragraph (b)(1) of this section, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a federal contract if the payment is for agency and legislative liaison activities not directly related to a covered federal action.

- (B) For purposes of paragraph (b)(2)(i)(A) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.
- (C) For purposes of paragraph (b)(2)(i)(A) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered federal action:
 - (1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the persons products or services, conditions or terms of sale, and service capabilities, and
 - (2) Technical discussions and other activities regarding the application or adaptation of the persons products or services for an agency's use.
- (D) For purposes of paragraph (b)(2)(i)(A) of this section, the following agency and legislative liaison activities are allowable only when they are prior to formal solicitation of any covered federal action:
 - (1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered federal action;
 - (2) Technical discussions regarding the preparation of an unsolicited proposal prior to official submission, and
 - (3) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95-507 and other subsequent amendments.
- (E) Only those activities expressly authorized by paragraph (b)(2)(i) of this section are allowable under paragraph (b)(2)(i).
- (ii) Professional and technical services by Own Employees.
 - (A) The prohibition on the use of appropriated funds, in paragraph (b)(1)(1) of this section, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a federal contract or an extension, continuation, renewal, amendment, or modification of a federal contract if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal or application for that federal contract or for meeting requirements imposed by or pursuant to law as a condition for receiving that federal contract, grant, loan, or cooperative agreement.
 - (B) For purposes of paragraph (b)(2)(ii)(A) of this section professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a

contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered federal action.

- (C) Requirements imposed by or pursuant to law as a condition for receiving a covered federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.
- (D) Only those services expressly authorized by paragraph (b)(2)(ii) of this section are allowable under paragraph (b)(2)(ii).

(iii) Reporting for Own Employees.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

(i) Professional and technical services by Other than Own Employees.

- (A) The prohibition on the use of appropriated funds, in paragraph (b)(1) of this section, does not apply in the case of any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that federal contract or for meeting requirements imposed by or pursuant to law as a condition for receiving that federal contract, grant, loan, or cooperative agreement.
- (B) For purposes of paragraph (b)(2)(iv)(A) of this section professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or

technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered federal action.

- (C) Requirements imposed by or pursuant to law as a condition for receiving a covered federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.
- (D) Persons other than officers or employees of a person requesting or receiving a covered federal action include consultants and trade associations.
- (E) Only those services expressly authorized by paragraph (b)(2)(iv) of this section are allowable under paragraph (b)(2)(iv).

(a) Disclosure.

- (1) Each person who requests or receives from LACMTA a contract with federal assistance shall file with LACMTA a certification, set forth in the Certification of Compliance with Federal Lobbying Requirements in this Exhibit, that the person has not made, and will not make, any payment prohibited by paragraph (b) of this clause.
- (2) Each person who requests or receives from LACMTA a contract with federal assistance shall file with LACMTA an Office of Management and Budget (OMB) Standard Form-LLL, Disclosure of Lobbying Activities (Attachment 1), if such person has made or has agreed to make any payment using non-appropriated funds (to include profits from any covered federal action), which would be prohibited under paragraph (b) of this clause if paid for with appropriated funds.
- (3) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under paragraph (c) (2) of this section. An event that materially affects the accuracy of the information reported includes:
 - (i) A cumulative increase of \$25,000.00 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action; or
 - (ii) A change in the person(s) or individual(s) influencing or attempting to influence a covered federal action; or
 - (iii) A change in the officer(s), employee(s), or member(s) contacted to influence or attempt to influence a covered federal action.

- (4) Any person who requests or receives from a person referred to in paragraph (c)(1) of this section a subcontract with a contract value exceeding \$100,000.00 at any tier under a contract with federal assistance shall file a certification using the Certification of Compliance with Federal Lobbying Requirements in this Exhibit, and, if required, an OMB Standard Form LLL, Disclosure of Lobbying Activities, to the next tier above. All disclosure forms shall be forwarded from tier to tier until received by the Prime Contractor who will forward it to LACMTA.

ATTACHMENT 1 – INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation of receipt of a covered Federal action, or a material change to a previous filing, pursuant to Title 31 U.S.C. § 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with a covered Federal action. Use the SF-LLL-A Continuation Sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the first tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee", then enter the full name, address, city, State and zip code of the prime Federal recipient. Include the Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number, Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
- (a) Enter the full name, address, city, State and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influence the covered Federal action.
- (b) Enter the full names of the individual(s) performing services, and include full address if different from 9(a). Enter Last Name, First Name, and Middle Initial (MI).
10. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (item 4) to the lobbying entity (Item 9). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
11. Check the appropriate box(es). Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
12. Check the appropriate box(es). Check all boxes that apply. If other, specify nature.
13. Provide a specific and detailed description of the services that the lobbyist has performed, or will be expected to perform, and the dates of any services rendered. Include all preparatory and related activity, not just time spent in actual contact with Federal officials. Identify the Federal official(s) or employee(s) contacted or the officer(s), employee(s), or member(s) of Congress that were contacted.
14. Check whether or not a SF-LLL-A Continuation Sheet(s) is attached.
15. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. FORM VOL 1-2.9 – RUSSIA-UKRAINE CERTIFICATION

EXECUTIVE ORDER N-6-22

[On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding steps to be taken by state agencies and grantees in response to Russian aggression in Ukraine. The EO is located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>.

This Certification serves as a notice to the Proposer that the EO imposes certain economic sanctions on contractors doing business in Russia as described in the EO, with reference to certain federal executive orders and the information available on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>). Proposer's failure to comply with the EO requirements may result in rejection of the Proposal or termination of the Contract.

The Proposer must submit the certification (below) with its Proposal.]

In accordance with Executive Order N-6-22, issued on March 4, 2022, by Governor Gavin Newsom, the undersigned hereby certifies on behalf of the entity identified below that:

1. It is in compliance with, and shall continue to comply with, economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under California law.
2. It has taken the following steps to assure compliance with the above-described economic sanctions [*describe measures taken, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine*]:

_____.

3. It has obtained similar certifications from its Subcontractors anticipated to enter into Subcontracts valued in excess of \$1 million.
4. Until such time as LACMTA provides notification that the above-described economic sanctions have been lifted, it shall promptly notify LACMTA if becomes aware of any noncompliance with respect to itself or any of its Subcontractors, and, if requested by LACMTA, shall provide reports to LACMTA regarding steps it has taken to assure compliance with the economic sanctions.

Note: Providing a false certification may result in civil penalties and sanctions.

FORM VOL 2-2.2 – TECHNICAL EXPERIENCE – REFERENCE PROJECTS

Instructions:

- (a) Provide details for three to five comparable projects (or comparable elements of projects) that demonstrate experience and capability fulfilling the evaluation criteria in Section 4.5(b)(i)(A) (Technical experience) of this RFP.
- (b) To the extent that details regarding a Reference Project are also included in Form 054 or Form 055 as submitted under Volume 1 (Administrative Submittals) of the Proposer's Proposal, the Proposer may cross-refer to that information.
- (c) The Reference Projects listed in this Form Vol 2-2.2 may be the same or different Reference Projects to those listed in Form Vol 2-2.3.
- (d) In the form, Proposers should check the box for any comparable project component that is applicable to the Reference Project.
- (e) In addition to completion of the relevant details within the form in Part 1, use the table in Part 2 to provide a narrative describing in greater detail each Reference Project listed in Part 1. The narrative description should clearly explain how the Reference Project is comparable and relevant in terms of the criteria set out in Section 4.5(b)(i)(A) (Technical experience) of this RFP and the comparable project elements listed in the form and should identify lessons learned, innovations incorporated, challenges faced, and strategies used to address those challenges. Each Proposer is reminded that any determination of comparability between a Reference Project and the Project for evaluation purposes will be made by LACMTA in its sole discretion.
- (f) The Reference Project experience listed should be that of the Proposer, Proposer Member (if applicable) or a Key Subcontractor (experiences from Affiliates of such entities is acceptable if a direct or indirect common parent entity will be a guarantor of that entity and the Proposer clearly explains how such experience is relevant to the criteria in Section 4.5(b)(i)(A) (Technical experience) of this RFP and will be utilized to deliver this Project).
- (g) At least two of the Reference Projects listed in this Form Vol 2-2.2 should demonstrate the experience of the proposed lead designer and at least one of the Reference Projects should demonstrate the experience of the lead construction contractor. The lead designer and lead construction contractor may rely on the same Reference Project if both the lead designer and the lead construction contractor worked on the applicable Reference Project.
- (h) Proposers are requested to verify that contact information for owners is correct and are advised that if the contact information provided is not current, LACMTA may elect to exclude the experience represented in determining the Proposer's experience and qualifications.

COST ALLOCATION MATRIX

The following cost allocation matrix defines what is covered by the pricing components included in the Price Proposal Form. LACMTA has marked each item in the matrix to a pricing component (or other cost not included within the pricing components). The item descriptions are provided in summary form for the purposes of this matrix. Proposers are reminded to refer to the definitions in Appendix A (*Definitions and Interpretation*) of this RFP or the Contract for capitalized terms utilized in this matrix and to any specific terms of the Contract referenced in the matrix for full details of what is included in each item. This matrix is to aid Proposers in understanding the make-up of the pricing components in the Price Proposal Form and the matrix need not be completed by Proposers; **however, if any of the items marked in this matrix to a pricing component are not included in the Proposer's Price Proposal, this must be clearly indicated by the Proposer.** This matrix does not alter the Project Requirements, and if there is any conflict, ambiguity, or inconsistency between this matrix and the Project Requirements, the Project Requirements shall prevail.

FORM VOL 3-1 – PRICE PROPOSAL FORM

[Proposer must complete all blanks in the form in accordance with Section 4.6 (Price Proposal evaluation criteria) of this RFP. Proposers must review the definitions for all Price Proposal-related defined terms and the Cost Allocation Matrix when completing this form. The fees and margin included in this Price Proposal Form must be consistent with the Cost Allocation Matrix and the breakdown provided under the supporting information included with the Price Proposal. Submission of this form is an acknowledgement of Section 4.2(c) (Responsiveness Review) of the RFP. Cells in Columns 2 and 3 and highlighted in yellow indicate those pricing elements that will be incorporated into the Contract as a Contractor Commitment. Except in the case of the Phase 1 Preconstruction Lump Sum Fee, the totals set out in Column 5 are calculated based on assumed time periods and costs and will be utilized for evaluation purposes only.]

FORM 60 – SUPPORTING INFORMATION (PHASE 1 PRECONSTRUCTION LUMP SUM FEE)

Proposer must complete the Form 60 (provided separately in excel format) for the Phase 1 Preconstruction Lump Sum Fee in accordance with the instructions below. Submit a separate Form 60 for the proposed Contractor and each team member that will perform the Phase 1 Work (including Proposer Members and Subcontractors). The breakdown of the Phase 1 Preconstruction Lump Sum Fee shown on Form 60 must be consistent in all respects with the items marked for the Phase 1 Preconstruction Lump Sum Fee in the Cost Allocation Matrix.

FORM 60 INSTRUCTIONS PROFESSIONAL SERVICES COST/PRICE SUMMARY

- A. The purpose of this form is to provide a standard format by which the Proposer submits to LACMTA a summary of estimated costs for the Phase 1 Preconstruction Lump Sum Fee with attached supporting information suitable for detailed review and analysis.
 - B. A separate Form 60 shall be completed for the proposed Contractor and each team member that will perform the Phase 1 Work (including Proposer Members and Subcontractors). The term "submitter" as used herein refers to each entity that provides a Form 60.
 - C. In addition to the specific information required by this form, the submitter is expected, in good faith, to incorporate and submit with this form any additional data, supporting schedules, or substantiation that is reasonably required to conduct an appropriate review and analysis of the specific facts of this procurement. For effective negotiations, it is essential to achieve a clear understanding of:
 - 1. The existing data;
 - 2. The judgmental factors/assumptions applied in projected from known data to the estimate; and
 - 3. The contingencies used by the Proposer in its Phase 1 Preconstruction Lump Sum Fee.
- In short, the Proposer's estimating process itself needs to be disclosed.
- D. When attachment of supporting costs or pricing data to this form is impracticable, the data shall be summarized with schedules, as appropriate, and attached hereto. Actual supporting cost or pricing data shall be made available to the Contract Administrator or their representative upon request. If the submitter deems it necessary for a more effective and efficient proposal, additional schedules may be attached.
 - E. Each submitter is advised to complete Form 60 with the detail requested below to the best of its abilities. For example, entities that are unable to distinguish direct labor, overhead, and fee/profit in hourly rates should complete the form with fully burdened rates that are fair and reasonable.

NOTE: Excel users – For proposer calculations of cost elements link additional sheets to summary page.

ADDITIONAL INSTRUCTIONS TO FORM 60

A. Direct labor

This category covers all types of labor – engineering (delineating different levels as appropriate), crafts, support staff, etc., including Key Personnel – that will be directly charged to the Contract. (The submitter may classify labor in any categories that assist in managing the Phase 1 Work as long as the costs are accumulated for the same categories that are used for estimating purposes).

Base Rate – The form shall detail labor hours consistent with activities performed in the past that are the same or similar to the Phase 1 Work that the entity is proposed to perform.

B. Fringe Benefit Overhead

The submitter shall provide the method of computation and application of its overhead expenses, including cost breakdown and showing trends and budgetary data as necessary to provide a basis for evaluation and reasonableness of proposed rates. Provide the reason for use of overhead rates, which depart significantly from experienced rates (reduced volume, a planned major rearrangement, etc.). The submitter shall utilize forward pricing overhead rates, where applicable.

C. Subcontractors

The Proposer's Form 60 shall identify and provide estimated cost or price for each proposed Subcontractor. The Proposer shall attach a separate Form 60 for each proposed Subcontractor for Phase 1.

D. Other Direct Costs (ODC)

The submitter shall provide itemized supporting cost or pricing data, including a description of its relationship to the Phase 1 Work. Specifically identify the ODCs (i.e., with and itemizing listing) by classification.

E. Travel

Travel shall be itemized to include the number of people traveling, the number of trips, the estimated cost of the transportation (including mode), per diem cost of each traveler, etc. Provide itemized supporting cost or pricing data, attached to Form 60. Travel costs shall be limited to costs consistent with LACMTA Travel and Expense Guidelines.

F. General and Administrative

If applicable, the submitter shall provide supporting cost data and method of calculation.

G. Fee/Profit

The submitter shall identify the expected estimated fee/profit (i.e., percent and amount) to be earned and assumption of risk to support the rate.

H. Modifications

All cost elements shall be identified by separate cost categories. In addition, mark-ups shall be identified as a separate cost element within each cost category.

I. Milestones/Tasks

The submitter shall identify milestones/tasks by reference to the applicable Phase 1 tasks under the Project Requirements.

The cost and pricing data must be accurate, complete and current and the judgment factors used in projecting from the data to the estimates must be stated in sufficient detail to enable LACMTA to evaluate the Proposal.

FORM 70 – SUPPORTING INFORMATION

(PHASE 2 MANAGEMENT LUMP SUM FEE & PHASE 2 MARGIN PERCENTAGE)

Proposer must complete the Form 70 (provided separately in excel format) for the Phase 2 Management Lump Sum Fee and the Phase 2 Margin Percentage in accordance with the instructions on the form. Proposer must complete both forms in separate sheets of the excel file. The breakdown of the Phase 2 Management Lump Sum Fee and the Phase 2 Margin Percentage shown on Form 70 must be consistent in all respects with the items marked for the Phase 2 Management Lump Sum Fee and the Phase 2 Margin Percentage in the Cost Allocation Matrix, and the terms of this RFP, including the Contract.

FORM 80 – SUPPORTING INFORMATION

(PHASE 3 MARGIN PERCENTAGE)

Proposer must complete the Form 80 (provided separately in excel format) for the Phase 3 Margin Percentage in accordance with the instructions on the form. The breakdown of the Phase 3 Margin Percentage shown on Form 80 must be consistent in all respects with the items marked for the Phase 3 Margin Percentage in the Cost Allocation Matrix, and the terms of this RFP, including the Contract.

LACMTA TRAVEL AND EXPENSE GUIDELINES

All travel and expense invoices shall include an itemized listing supported by copies of the original bills, invoices, receipts, expense reports and miscellaneous supporting data.

All travel and expense invoices submitted for reimbursement, shall be reviewed by LACMTA's Project Manager.

Contractor shall attach all original receipts for expenses such as hotel bills, meal receipts, registration receipts, parking, taxis, vehicle rental receipts along with justifications and explanatory notes as needed, such as vehicle license numbers, addresses, times of day, contacts, purpose of visits, etc. Lost receipts will be handled on a case-by-case basis. Document the expense as completely as possible.

A. Auto Mileage

Auto mileage will be reimbursed at the current business mileage reimbursement rate per the Internal Revenue Code, at 26 U.S.C. § 162.

Requests for mileage reimbursement and reasonable parking expenses must include beginning, midpoints, if any, and ending points (street addresses or city and place), total miles traveled, business purpose or justification for the trip, and original (parking) receipts.

Reimbursable mileage incurred on workdays is the net of total trip mileage less normal commute mileage. Due to tax implications, net workday mileage is used for reimbursable mileage. Normal commute mileage is the mileage from the employee's primary residence to the regularly assigned work location and back. The traveler is responsible for providing the commuting "to" and "from" addresses and/or attaching a Google Maps reference to the invoice for mileage verification. The regular use of bus or rail passes does not alter or affect the reimbursable workday mileage computation. Non-workday mileage is fully reimbursable.

B. Air Travel

Air fares will be reimbursed based on the most direct route at coach class travel rates. Downgrading (exchange) of airline ticket where the Contractor receives financial or personal gain is not permitted. If a trip is postponed, reservations should be canceled immediately.

Travel arrangements should be made as early as possible (preferably 30 days) to take advantage of advanced reservation rates.

C. Combining Business Travel with Personal Travel

With Contractor's consent, Contractor's employees may combine personal travel with LACMTA business only if the personal travel does not increase the cost to LACMTA. Arrangement for personal travel should be handled by the Contractor's employee. LACMTA will not manage personal travel.

Contractor shall not invoice LACMTA for personal travel. When combining business travel with personal travel, Contractor's employee shall provide a business itinerary and a personal itinerary to compare the cost of the business travel and the personal travel. The Contractor's employee is responsible for paying any difference above business cost.

D. Air Travel Insurance

LACMTA does not pay for air travel insurance.

E. Accommodations

LACMTA will reimburse Contractor for lodging expenses consistent with the General Services Administration (GSA) per diem rates (GSA per diems are exclusive of all taxes and fees). Contractor will not be reimbursed for lodging expenses, including tax, that exceed the total allowed per GSA per diem. Contractor must submit an itemized receipt in order to be reimbursed for the cost of lodging. This authorization only applies to LACMTA business travel.

Contractor is responsible for any "no-show" hotel charges.

An exception to the lodging dollar limit may be made for conference hotels or hotels in close proximity to the final business destination when time and commute costs are high when determined by the Project Manager and approved by the Executive Officer.

F. Laundry

LACMTA will pay reasonable laundry and dry cleaning charges only if a Contractor's employee is on travel for LACMTA for a period in excess of four consecutive days.

G. Entertainment

LACMTA will not pay for the rental of premium channel movies or other forms of entertainment.

H. Ground Transportation

Public transportation should be used whenever possible; however, if necessary, rental car expenses including gas will be reimbursed for authorized travel only. Cab fare (on a shared basis whenever possible) is reimbursable. Receipts shall be required to document all ground transportation charges. Vehicles cannot be rented solely for travel between the airport and hotel, except in cases where this is the most economical method or there is no reasonable alternative.

LACMTA will pay for reasonable car rental charges when required. Contractor must receive prior written authorization from the Project Manager to rent a vehicle. Contractor employee requesting the use of a rental vehicle must possess a valid driver's license, proof of current vehicle insurance coverage, be of qualifying age for the rental vehicle agency, and utilize a major credit card.

A traveler authorized to use a rental vehicle should purchase supplemental insurance coverage offered through a rental agency to include both Collision Damage Waiver coverage and Supplemental Liability Insurance when available. Primary insurance coverage for rental vehicle will be through the purchased supplemental coverage with secondary coverage from the traveler's own personal policy.

The Contractor's employees shall rent the lowest automobile classification appropriate for the size or purpose of the group using the vehicle.

1-2 Travelers Subcompact/Compact

3 Travelers Medium/Intermediate

4-5 Travelers Full Size/Standard

6+ Travelers Van

The Contractor's employees must fuel rental automobiles prior to turn-in.

I. Meals

LACMTA will reimburse Contractor for meal expenses consistent with the GSA per diem rates. Contractor will not be reimbursed for meal expenses, including tax and tip, that exceed the total allowed per GSA per diem. Contractor must submit an itemized receipt in order to be reimbursed for the cost of a meal. LACMTA will not pay for alcoholic beverages.

J. Telephone Usage

The Contractor's employees shall submit documentation regarding all business-related telephone calls charged to LACMTA. Documentation must include the name of the party being called and the purpose of the call. LACMTA will reimburse for business-related telephone calls. Personal telephone calls are not reimbursable unless the Contractor's employee is on travel for LACMTA for more than three consecutive days. In this case, the cost of a call shall not exceed \$10.00 and one call is permitted every other day.

K. General Parking

The Contractor's employees should take advantage of "Early Bird Parking" whenever possible. Reasonable parking expense incurred while conducting LACMTA business is reimbursable.

L. Tolls and Fees

Transportation related toll charges incurred while on LACMTA business is reimbursable.

M. Baggage Handling

Baggage handling service fees are reimbursable at standard reasonable rates.

N. Other Incidental Expenses

Supplies, equipment rental, photocopying, facsimiles, and other documented business-related expenses may be reimbursed when traveling on LACMTA business. Such expenses shall be billed at cost.

O. Non-Allowable Expenses

LACMTA will not provide any reimbursement for personal entertainment expenses, alcoholic beverages, travel expenses for family members, movies, personal items, charitable contributions, or any other expenses not deemed necessary by LACMTA to conduct company business.

P. Other Source of Information

Information not addressed herein regarding the allowability of cost reimbursement expenses is contained in the Federal Acquisition Regulations.

Form of Confidentiality and Non-Disclosure Agreement

This Confidentiality and Non-Disclosure Agreement ("**Agreement**") is effective as of the date of the last signature (the "**Effective Date**") between the undersigned proposer ("**Proposer**") and the Los Angeles County Metropolitan Transportation Authority ("**LACMTA**") (each a "**Party**" and collectively the "**Parties**").

1. **Definition of Information and Purpose of Agreement.** Materials and information, including design specifications or construction documents that relate to transportation systems, transit stations, vehicles, communications, security systems, vulnerability assessments and contingency plans ("**Information**"), may be released by LACMTA to the Proposer in connection with the limited purpose of the development of the Proposer's proposal in response to RFP No. PS130703 (the "**Purpose**"). All or part of the Information may be designated as Security Sensitive Information ("**SSI**"), and therefore, deemed as confidential information exempt from disclosure to the public or other unauthorized persons, as provided under 49 C.F.R. 1520.5 (a) and/or California Government Code Section 7921.500 et seq.
2. **Use of Information.**
 - a. The Proposer agrees to preserve the confidentiality of the Information and shall not use it or permit it to be accessed or used, except for the Purpose as stated in this Agreement. The Proposer will take all reasonable and necessary steps to protect the Information and to prevent disclosure of the Information to any unauthorized person.
 - b. The Proposer shall not disclose Information to anyone, except to the Proposer's directors, officers, employees, agents, contractors, representatives, advisors or consultants who ("**Authorized Personnel**"): (i) require direct access to the Information to assist the Proposer, or act on its behalf, in relation to the Purpose as stated in this Agreement; (ii) are informed by the Proposer of the confidential nature of the Information and of the terms of this Agreement; and (iii) have executed an acknowledgement of the terms of this Agreement in the form attached as Exhibit A ("**Acknowledgement of Authorized Personnel**"). Upon request by LACMTA, the Proposer shall provide copies of each executed Acknowledgement of Authorized Personnel to LACMTA.
3. **Marking of Information.** Information shall be marked "SSI." Notwithstanding the foregoing, failure to mark any Information as SSI shall not exclude any Information from the protection of the terms and conditions in this Agreement.
4. **Compliance with Legal Requirements.** In the event that the Proposer is required by law, regulation or court order to disclose any part of the Information, the Proposer shall immediately (and in any case within 24 hours) notify LACMTA so that LACMTA may file an action to obtain a court order that the requested Information is exempt from disclosure and/or seek a protective order or other appropriate remedy. Upon receipt of such a notice, LACMTA shall have the right to demand the return of any copies of the Information provided to the Proposer.
5. **Relationship.** The relationship of the Parties under this Agreement shall be that of independent contractors.
6. **No License, Rights to Intellectual Property.** This Agreement shall not be construed as a permit, license, or a grant of any right by LACMTA to the Proposer to use LACMTA's Information for any

purpose other than the Purpose as specifically stated in this Agreement. This Agreement shall not be construed in any manner to be an obligation to enter into any subsequent arrangements.

7. **Notices.** All notices concerning this Agreement shall be sent to:

If to Proposer:

Name:
Address:
Attn:

If to LACMTA:

Los Angeles County
Metropolitan Transportation Authority
One Gateway Plaza
Los Angeles, CA 90012-2952
Attn: Yamil Ramirez Roman

8. **Return of Confidential Information.**

- a. All Information disclosed by LACMTA under this Agreement will remain the property of LACMTA and may be recalled at any time. Upon receipt of a written request from LACMTA, the Proposer must promptly collect any and all copies of the Information in the possession and control of the Proposer, and then deliver to LACMTA all of LACMTA's Information, including all copies, reproductions, and facsimiles, within 30 days from receipt of a request to that effect (or immediately if the return of the Information is related to a pending legal action as described in Section 4 above).
- b. Upon termination of this Agreement, the Proposer shall gather and prepare for shipment to LACMTA all copies of the Information, regardless of the form of the original or any copies thereof. No later than 30 days after the date of termination of this Agreement, the Proposer shall return the received disclosed Information to LACMTA.

9. **No Assignment.** Neither Party will assign or transfer any of its rights or obligations under this Agreement without the prior written consent of the other Party.

10. **Restrictions on Release of Information.** With regard to Information disclosed by LACMTA, such Information may constitute public records that are exempt from release under the California Public Records Act (California Government Code sec. 7920.000 et seq.), and therefore, shall not be deemed releasable to any third party under the terms of this Agreement. Therefore, the Proposer shall not release any LACMTA Information to any third party not covered by the terms of this Agreement. Each Party's rights and obligations under this Agreement, including without limitation with respect to trade secrets, confidentiality and security obligations, shall survive the expiration of this Agreement, and such rights and obligations shall endure perpetually.

11. **Remedies.** The obligations and duties of the Parties hereunder, including all covenants and agreements, may be enforced by any and all available remedies, including without limitation, specific performance, injunction, damages and declaratory relief.

12. **Governing Law and Application.** The Parties agree that this Agreement will be construed in accordance with the laws of the State of California without regard to its conflicts of laws and that any dispute arising under this Agreement shall be submitted only to a state court of competent

jurisdiction in the Central District of the Superior Court in the County of Los Angeles, to whose jurisdiction the Parties consent.

The signature of each Party's authorized representative as shown below, evidences each Party's agreement to the above terms and conditions. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

**READ THE INSTRUCTIONS
BEFORE FILLING OUT THE QUESTIONNAIRE**

PRE-QUALIFICATION APPLICATION INSTRUCTIONS

1. This is a Pre-Qualification Application for the Los Angeles County Metropolitan Transportation Authority (LACMTA) for public works construction contracts. Use this application if you are a construction company that will be bidding on any amount and type of construction work. For all other goods or services, please refer to and use the Other than Construction Projects application.
2. The application should be completed by a person in the firm who is knowledgeable of and duly authorized to attest to the past and present operations of the firm and its policies. A corporate officer of the firm, owner or partner, as appropriate, must sign the Pre-Qualification Certification form (or Validation form if the firm is already approved).
3. All questions must be answered completely and any Yes answers must be fully explained. Disclaimers, general statements with global qualifications, or notations of Not Applicable (N/A) are not acceptable. Please note that a Yes answer to any question does not automatically result in denial of pre-qualification for a particular procurement.

DEFINITIONS

1. **Affiliate** is defined as any one of the following: (1) any Firm other than Applicant Firm which owns 25% or more of Applicant Firm, such as parent companies or holding companies; (2) a subsidiary or a Firm in which Applicant Firm owns 25% or more; (3) a Firm in which a major stockholder or owner of Applicant Firm owns controlling interest; (4) a Firm with which Applicant Firm has or has had an unseverable business or professional identity, and (5) any permanent or temporary common business enterprise relationship in which the parties share operating responsibility and profits such as joint ventures.
2. **Key Person** – For purposes of pre-qualification a key person is (1) any person in Applicant Firm who owns 10% or more of the Firm and/or those who make decisions with respect to its operations, finances, or policies, such as the President, CEO, CFO, COO, and, in the case of partnerships, the General Partner(s); (2) Corporate Secretaries and Treasurers, as well as Directors, if they meet criteria #1, above; (3) Division or Regional Business Managers who operate away and independently from the Applicant Firm, but only if the division or regional office is bidding directly with the LACMTA.

ATTACHMENT A TO FORM 1 – NON-CONSTRUCTION: PROPOSED LOWER TIER SUBCONTRACTORS & SUPPLIERS (PDB)

PHASE 1

INSTRUCTIONS FOR PROPOSER:

The purpose of this Attachment A is to validate the DBE credit on Form 1 and the DBE commitment in the DBE Affidavit.

1. Send this Attachment A to each business listed on Form 1 and ask each such business to complete Attachment A and return to the Proposer.
2. Obtain all Attachment A forms and verify that the information provided in the Attachments is consistent with the aggregated numbers in Form 1 and the DBE commitment listed in the DBE Affidavit. Verify that the information provided in the Attachment A forms is consistent with the information provided in Forms 2 to 6.
3. Attach all Attachment A forms received to Form 1 as Attachment A. For a Proposal to be responsive, you must submit with your Proposal a completed Attachment A for each business listed on Form 1.
4. If there is any discrepancy or conflict between the information listed on any of Forms 1 to 6 and the information in the Attachments, LACMTA may issue requests for clarification seeking information or clarification from the Proposer and the business in accordance with this RFP. In all events, the Proposer shall be required to meet the DBE commitment listed in the DBE Affidavit, which will be enforced by LACMTA under the Contract.

INSTRUCTIONS FOR EACH SUBCONTRACTOR LISTED ON FORM 1 THAT IS SUBCONTRACTING WORK:

DBE FORM 6

DBE Regular Dealer/Distributor

Affirmation Form

Proposer Name:

RFP Name/Number:

Metro will make a preliminary counting determination for each DBE listed as a regular dealer or distributor to assess its eligibility for 60 or 40 percent credit, respectively, of the cost of materials and supplies based on its demonstrated capacity and intent to perform as a regular dealer or distributor, as defined in the Instructions to Proposers of the solicitation and the Contract Compliance Manual, under the Contract at issue. A DBE regular dealer is a firm that owns (or leases) and operates, a store, warehouse, or other establishment in which the materials, supplies, articles, or equipment of the general character described by the specifications and required under the contract are bought, kept in sufficient quantities, and regularly sold or leased to the public in the usual course of business. Items kept and regularly sold by the DBE are of the "general character" when they share the same material characteristics and application as the items specified by the contract. A DBE distributor is an established business that engages in the regular sale or lease of the items specified by the contract. A DBE distributor assumes responsibility for the items it purchases once they leave the point of origin (e.g., a manufacturer's facility), making it liable for any loss or damage not covered by the carrier's insurance. A DBE distributor may receive 40% credit for drop-shipped items. The amount of DBE credit will be made on a contract-by-contract basis. **A copy of the proposer's quote, commitment, contract, or purchase order showing the materials the DBE regular dealer or distributor is supplying must be attached to this form.**

DBE Name:	Total Subcontract/Purchase Order Amount:
Authorized DBE Representative (Name and Title):	NAICS Code(s) Related to the Items to be Sold/Leased:

1. Will all items sold or leased be provided from the on-hand inventory at your establishment? ☐ YES ☐ NO

(If "YES," you have indicated that your performance will satisfy the regular dealer requirements and may be counted at 60%. **STOP here. Read and sign the affirmation below.** If "NO" Continue.)

a) Are you selling bulk items (e.g., petroleum products, steel, concrete, concrete products, sand, gravel, asphalt, etc.) or items not typically stocked due to their unique characteristics (aka specialty items)? ☐ YES ☐ NO (If "YES," Go to Question 2. If "NO" Continue.)

b) Will at least 51% of the items you are selling be provided from the inventory maintained at your establishment, and will the minor quantities of items delivered from and by other sources be of the general character as those provided from your inventory?

☐ YES ☐ NO* (If "YES," you have indicated that your performance will satisfy the regular dealer requirements and may be counted at 60%. **STOP here. Read and sign the affirmation below.**

*If 1., 1. a), and 1. b) above are "NO," your performance on the whole will not satisfy the regular dealer requirements; therefore, only the value of items to be sold or leased from inventory can be counted at 60%. (Go to Question 3. to determine if the items delivered from and by other sources are eligible for Distributor credit.)

2. Will you deliver all bulk or specialty items using distribution equipment you own (or under a long-term lease) and operate?

☐ YES ☐ NO¹

(If "YES," you have indicated that your performance will satisfy the requirements for a regular dealer of bulk items and may be counted at 60%. **STOP here. Read and sign the affirmation below.**)

¹ If "NO," your performance will not satisfy the requirements for a regular dealer of bulk items; the value of items to be sold or leased cannot be counted at 60%. (Go to Question 3.)

DBE FORM 6
DBE Regular Dealer/Distributor
Affirmation Form (cont.)

Proposer Name:

RFP Name/Number:

3. Will the written terms of your purchase order or bill of lading from a third-party transfer responsibility, including risk for loss or damage to your company at the point of origin (e.g. a manufacture's facility)? ☐ **YES²** ☐ **NO³**

a) Will you be using sources other than the manufacturer (or other seller) to deliver or arrange delivery of the items sold or leased? ☐ **YES²** ☐ **NO³**

² If your responses to 3 and 3.a) are "YES," you have indicated that your performance will satisfy the requirements of a distributor. therefore, the value of items sold or leased may be counted at 40%.

³ If you responded "NO" to either 3 or 3.a), counting of your participation is limited to the reasonable cost of fees or commissions charged, including transportation charges for the delivery of materials or supplies; the cost of materials or supplies may not be counted.

I affirm that the information that I provided above is true and correct and that my company's subsequent performance of a commercially useful function will be consistent with the above responses. I further affirm that my company will independently negotiate price, order specified quantities, and pay for the items listed in the proposer's commitment. This includes my company's responsibility for the quality of such items in terms of necessary repairs, exchanges, or processing of any warranty claims for damaged or defective materials.

Printed Name and Signature of DBE Owner/Authorized Representative:

The Proposer acknowledges its responsibility for verifying the information provided by the DBE named above and ensuring that the counting of the DBE's participation is accurate. Any shortfall caused by errors in counting is the responsibility of the Proposer.
