2. PURPOSE/SCOPE OF WORK

2.1. Overview

Collin County is seeking a set of incarcerated people's communications services (IPCS) and related services, including;

- inmate telephone services in the admissions area (e.g., 37 TAC 265.7, 265.8) and in housing (e.g., 37 TAC 291.1),

Caldwell County, 121 F.4th 520 (5th Cir. 2024) (public access to magistration and bail proceedings)) and remote court proceedings (TRCP 21d, 500.10; CCP art. 51.13).),
- inmate tablets, including educational, vocational, and entertainment content and services; law library content and services; and mail services (e.g., 37 TAC 285.3, 287.1, 287.4, 291.2; TCJS, TAM #23-11 (methods for scanning mail)),
- electronic tracking of detention staff rounds (e.g., 37 TAC 275.1; TCJS, Letters on SB 1849 (Nov. 10 and Dec. 20, 2017) (electronic rounds tracking)), and
- electronic inmate tracking – products for tracking information about inmates, such as basic file information (name, pod assignment, meal restrictions, program requirements, meal requirements, health requirements) (e.g., 37 TAC 265.5, 271.1, 273.1–273.4, 281.4) and location and movement information (such as from a pod to the infirmary or law library and back).

2.2. Functions

The IPCS system should be capable of performing various functions or providing various services, including:

- various system functions, including a PIN system, pre-approved number lists, call blocking, restrictions on third-party calls, and call tracking,
- call recording and storage, including a do-not-record list for attorney-client and other privileged calls,
- call monitoring with an alert to listed persons in the SO (e.g., The system hears a key word used in an inmate phone call in near-real time and alerts a detention officer or deputy sheriff. Or the system detects one inmate using another inmate's PIN and alerts a detention officer.),
- call transcription services,

- key-word searching by, for example, calls arranged or stored by inmate PINs and time and date,
- voice biometrics (e.g., to detect one inmate using another inmate's PIN),
- options for call-length or call-frequency limitations,
- communication access for inmates with communications disabilities (e.g., 47 CFR 64.6040; 47 CFR Chapter 1, Subchapter B, Part 64, Subpart F (provisions applicable to correctional facilities); TCJS, TAM #22-01 (VRS for inmates with a hearing disability)),
- the ability to provide a recording of a call or call-identifying information in response to a court order or other lawful process (e.g., CALEA, 47 U.S.C. §§ 1002–1004; 47 CFR 1.20000 to 1.20007), and
- a connection between the IPCS system and LeoTech and its Verus system (With funding from the Legislature, the Texas Dept. of Information Resources has a contract with LeoTech, related to TXGANG work, CCP, chapter 67, and the SO's current IPCS system connects to Verus. DIR links: <https://leotechnologies.com/dir/>; <https://dir.texas.gov/contracts/dir-cpo-5165.>)

2.3. Compliance

The IPCS system must comply with the law and industry standards as far as cybersecurity, data storage, and privacy protection (e.g., attorney-client calls, privileged correspondence, and health information). The IPCS vendor and the parties' contract must comply with all FCC laws and regulations, including the Martha Wright Reed Act, Pub. L. No. 117-338, and related regulations, including IPCS, Implementation of the MWR Act, 89 Fed. Reg. 77,244 (Sept. 20, 2024) (MWRA Order), and Access to Video Conferencing, 90 Fed. Reg. 59 (Jan. 2, 2025) (proposed).

2.4. Reimbursements

Collin County recently built and opened a new admissions-and-release area and a new 180-bed orientation-housing cluster for the county jail. The County is also building a new infirmary for the county jail on the same campus area, and the County expects to open portions of the new infirmary with 133 beds in July 2026 and a portion with under 50 beds in June 2027. A prospective IPCS provider may make proposals for the County or an IPCS provider to recover used-and-useful costs that are reimbursable under the FCC's MWRA Order. See MWRA Order, 89 Fed. Reg. at 77,276, ¶¶ 181–182, ¶ 243.

2.5. Waivers

A prospective provider should assess whether it may face unusually high costs in providing IPCS to Collin County such that it may apply for a waiver, see, e.g., MWRA Order, 89 Fed. Reg. at 77,331–77,332, ¶¶ 475–481; 47 CFR 64.6120, and briefly describe a plan to apply for one.

2.6. Alternate Pricing Plans

A prospective provider should describe any possible alternate pricing plans it may offer. See MWRA Order, 89 Fed. Reg. at 77,322–77,330, 77,358, ¶¶ 424–471, ¶ 632; 64 CFR 64.6140.

2.7. FCC Orders

The FCC regulates IPCS services and pricing under section 276 of the Communications Act of 1934, 47 U.S.C. §276. In 2023, Congress expanded FCC’s authority to regulate IPCS. See Martha Wright-Reed Just and Reasonable Communications Act of 2022, Pub. L. No. 117-338, 136 Stat. 6156 (Jan. 5, 2023).

- MWRA Order. On July 18, 2024, the FCC adopted a report and order and notice of proposed rulemaking to implement the MWRA. See FCC, Report & Order, In re IPCS, WC Docket Nos. 23-62 & 12-375 (adopted July 18, 2024) (released July 22, 2024), <https://docs.fcc.gov/public/attachments/FCC-24-75A1.pdf>. On Sept. 20, 2024, the FCC published the final rule. See FCC, IPCS, Implementation of the Martha Wright-Reed Act, 89 Fed. Reg. 77244 (Sept. 20, 2024). This is the MWRA order. Among other things, the MWRA order (1) set caps on audio IPCS rates, (2) set interim caps on video IPCS rates, (3) prohibited monetary and in-kind site commissions, (4) restricted an IPCS provider’s ability to recover the cost of providing a list of common services or functions from regulated IPCS rates, (5) imposed certain per-minute billing requirements, and (6) prohibited an IPCS provider from charging an ancillary service charge (as defined). For a county jail with an ADP over 1,000, the new rate caps and site-commission prohibition went into effect Jan. 1, 2025. See 47 CFR 64.6015.
- June 30 Order. On June 30, 2025, the FCC postponed the deadlines by which IPCS providers must comply with certain rules in the MWRA order until April 1, 2027. See FCC, In re IPCS, WC Docket Nos. 23-62 & 12-375 (adopted & released June 30, 2025), <https://docs.fcc.gov/public/attachments/DA-25-565A1.pdf>. This is the June 30 order. Specifically, the FCC temporarily waived the “deadlines for complying with the rate cap, site commission, and per-minute pricing rules.” June 30 order, ¶¶ 1, 25. The June 30 order did not extend the compliance date for the rule prohibiting ancillary service charges. See June 30 order, ¶ 19. During this temporary extension of these compliance dates, IPCS providers will remain subject to the interim rate caps, site commission, and per-minute pricing rules applicable to interstate and international audio IPCS under the FCC’s 2021 ICS Order (released May 24, 2021), https://docs.fcc.gov/public/attachments/FCC-21-60A1_Rcd.pdf. See June 30 order, ¶ 19 & nn.52 & 57.A (1) vendor should present its services and pricing as though the MWRA order applies or governs, and a (2) vendor should also present its services and pricing under the June 30 order.

2.8. Presentation of Pricing 1 (MWRA Order)

IPCS. A vendor should list the services, which fall under the definition of IPCS, see 47 CFR 64.6000, that it will provide to persons in the county jail at the current audio caps and interim or permanent video caps. See MWRA Order, 89 Fed. Reg. at 77,263, ¶ 119; 47 CFR 64.6010. For example, in addition to some level of telephone and video services, the County believes that the costs of various IPCS systems functions—such as a PIN system, pre-approved number lists, call blocking, and restrictions on third-party calls and call forwarding—

are recoverable from IPCS rates. See, e.g., MWRA Order, 89 Fed. Reg. at 77,314–77,315, ¶ 386, 77,317, ¶¶ 395–397.

Itemized. A vendor should itemize the price for each of its services, including the following. If a vendor offers services in a bundle, the vendor may identify the services or functions in a bundle and the bundle's price.

- call recording and monitoring,
- call transcription,
- key-word searching,
- voice biometrics,
- call tracking,
- call-length or call-frequency limitations, and
- a connection to LeoTech's Verus system.
- A vendor should describe its tablets and tablet-based services and itemize the component prices.
- A vendor should describe its visitation equipment (including booths) and services and itemize the component prices.
- A vendor should describe its equipment and services for remote magistration and remote court proceedings and its equipment and services to enable the County to meet its obligation to make magistration and bail proceedings accessible to the public by video or similar means and itemize the component prices.
- A vendor should describe its solution for electronic tracking of detention staff rounds and itemize the component prices.
- A vendor should describe its solution for electronic inmate tracking and itemize the component prices.

2.9. Presentation of Pricing 2 (June 30 Order)

Second, a vendor should present its pricing and services, including a proposal with regard to monetary or in-kind site commissions until April 1, 2027 (or any later extension), under the FCC's June 30 order.

Best Terms and Changes. A contract should include a provision that ensures that the IPCS provider provides IPCS and other contracted services and functions, including monetary or in-kind site commissions, on terms most favorable to the County under then-applicable law and FCC rules. A contract should include a provision that requires or permits renegotiation of part or all of the contract for any change in the law, including any change related to the MWRA order, June 30 order, or any successor.

The Evaluation Committee will review all proposals received by the Opening date and time as part of a documented evaluation process. For each decision point in the process, the County will evaluate contractors according to specific criteria and will elevate a certain number of contractors to compete against each other. The proposals will be evaluated on the following criteria.

The County will use a competitive process based upon “selection levels.” The County recognizes that if a contractor fails to meet expectations during any part of the process, it reserves the right to proceed with the remaining contractors or to elevate a contractor that was not elevated before. The selection levels are described in the following sections.

Compliance Review Phase - Conformance with Mandatory Requirements (Pass/Fail)

The first part of the elevation process (the Compliance Review Phase) is to validate the completeness of the proposal and ensure that all the RFP guidelines and submittal requirements are met. Contractors may, at the discretion of the County, be contacted to submit clarifications or provide additional information. Once request has been made, contractors will have two (2) business days to respond. Incomplete or noncompliant RFPs may be disqualified.

Level 1 – Detailed Proposal Assessment (Maximum 115 Points)

The Evaluation Committee will conduct a detailed assessment of all proposals elevated to this Level. See Level 1 below for criteria. It is anticipated that Collin County will elevate proposals scoring at least 80.5 points (70%) to Level 2.

Level 2 – Demonstration of Solution (optional) & References (Maximum 50 Points)

The County will contact the references. These references will be asked a series of questions regarding their satisfaction with the solution and the performance of the implementation supplier. Offeror will be asked to respond in writing to issues and questions raised by the County as well as any other cost and implementation planning considerations in the proposal, and may be invited to present their responses on-site. Proposals may be re-evaluated based upon Criteria in level 1.

Level 3 – Best And Final Offer

Contractors who are susceptible of receiving award may be elevated to Level 3 for Best and Final Offer. Contractor will be asked to respond in writing to issues and questions raised by the County as well as any other cost and implementation planning considerations in the proposal, and may be invited to present their responses on-site. Proposals may be re-evaluated based upon Criteria in level 1 and 2.

Based on the result of the Best and Final Offer evaluation, a single contractor will be identified as the finalist for contract negotiations. If a contract cannot be reached after a period of time deemed reasonable by the

County, it reserves the right to contact any of the other contractors that have submitted proposals and enter into negotiations with them.
